The bond issue herein provided for shall not exceed four per centum (4%) of the value of the taxable property of the district to be estimated by the assessment next before the last assessment previous to the incurring of the indebtedness. The question to be submitted shall be so framed that the voter may, by his vote, answer "for" or "against." If the voters of the district shall determine, by a two-thirds majority of

those voting, that such bonds shall be issued, they shall, when so issued, be placed under the control of the board of education, who shall determine when and at what price and how they shall be sold and the date, number of bonds, denomination, whether coupon or registered, the rate of interest and frequency of payment thereof, place of payment of principal and interest, and other details as desired and embodied in the bonds or in the ordinance providing for their issue, and shall certify the same to the governing body of said city as also to the fiscal court of said county where territory outside of said city is embraced in said district, and it shall be the duty of said board of council at once to adopt an ordinance in conformity therewith and cause the bonds to be at once properly prepared and executed and turned over to the board of education for sale and delivery, which ordinance shall be certified to the fiscal court of said county. Said bonds shall be signed by the president and secretary of the board of education and shall not be sold for less than par and accrued interest. As the bonds are sold, their proceeds shall be placed to the credit of the board of education in the same depository which is selected for its other funds, but shall be kept in a separate account and shall be used only for the purposes for which the bonds were issued. It shall be the duty of the general council or the board of commissioners, in addition to the levy made for the maintenance of the schools as hereinbefore provided, to levy annually in its tax levy a rate that will raise a sum that shall be sufficient to pay the interest and create a sinking fund for the payment of the bonds at maturity. The said bonds, principal and interest, shall be a charge upon the sinking fund of said city and shall be entitled to have the annual tax that shall be levied as aforesaid.

It shall also be the duty of the fiscal court of the county in which such school district is located, if it embraces any territory outside of said city, to make the necessary levy of the property in such district outside of the boundary of the city in order to liquidate the said bonded indebtedness. The same

rate of taxation for liquidating said bonded indebtedness shall apply in the city and in the territory in such district beyond the city.

The said election shall be conducted and carried out in such districts in all respects as is required by law for elections in the State of Kentucky, notices thereof to be given and held by the same officers and in all other respects as is required by the general election laws of the State of Kentucky.

H. B. 405. An Act prescribing terms and conditions upon and under which plats or maps laying out or offering for dedication any public way or easement in the territory within limits of cities of the fourth class may be recorded in the office of the Clerk of the county courts and prescribing penalties for the lodging for record in the said office plats or maps and the receiving of or recording the same by any county court clerk or his deputy contrary to the provisions of this act.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That hereafter no plat or map laying out or offering for dedication any public ways or easements in the territory within the corporate limits of cities of the fourth class, shall be received for record by or recorded in the office of the

clerk of the county court of the county, except upon the conditions hereinafter named; and if the description of any deed, lease, mortgage or bond for titles to land within said territory refers to or is based on any map or plat not now recorded or describes the land as binding on any street, avenue, alley or other public way proposed or offered for dedication immediately or in the future for the use of the public and the purchaser, lessee or mortgagee, said instrument or writing shall not be received for record by or be recorded in the office of the clerk of said court except upon the following conditions:

a. Whenever any person desires to lay out or offers for dedication by recorded plat any such public way or easement within the city limits he shall file with the board of council a topographical map or plat of the territory bounded or intersected or immediately adjacent to said proposed public way or easement, showing the levels of said land and the proposed names, nature and dimensions of the said public way or easement proposed or offered for dedication; and if said board of council think such proposed dedication of said public way or other easement would be beneficial to the public interest and suitable for immediate or future acceptance of the city, said board shall approve the said map or plat and the Mayor shall subscribe a certificate of approval on said map and acknowledge the execution thereof before any public officer authorized to take acknowledgments of deeds and thereupon said map or plat may be received for record by and be recorded in the office of the clerk of the county court.

§ 2. Any person who shall lodge for record in the county clerk's office, and any county clerk or deputy of the county clerk who shall receive for record or permit to be lodged for record, any plat or map or deed or other instrument contrary to the provisions of this act, shall be guilty of a misdemeanor and be fined not less than twenty-five ($25.00) and not more than one hundred ($100.00) for each offense.

Mr. Hawkins moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 423. An Act relating to revenue and taxation, providing for a license tax upon the gross premiums of insurance companies not organized under the laws of this State, and repealing Sections 4226, 4229, 4230, 4230a, 4232, 4233, 4234, 4235, 4236, and 4237 of Kentucky Statutes.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. The term "Insurance Company" as used in this act shall include every corporation, firm, co-partnership or person that may enter into contracts of insurance agreeing to indemnify against loss of any kind, and collecting premiums therefor.

§ 2. Every insurance company not organized under the laws of this State and doing business in this State, shall in the month of January of each year file with the Commissioner of Insurance of this State, a report verified by the oath of some principal officer, or general agent or manager of the State, showing the gross amount of premiums received by it from policies covering risks within this State during the preceding calendar year, without deductions for commissions, return premiums, considerations paid for reinsurance, or any deduction whatever. It shall also set forth in separate items, return premiums paid for cancellations, and considerations received from other companies for reinsurances in this State during the year. At the time of filing such report every such insurance company shall pay into the State Treasury the sum of three ($3.00) dollars on every one hundred ($100.00) dollars of such gross premium receipts, less the sums actually paid for return premiums and the amounts received for reinsurances of risks in this State as shown by such report, and any such insurance company failing or refusing for more than thirty (30) days to render an accurate account of its premium receipts as above provided and pay the required tax thereon, shall forfeit one hundred ($100.00) dollars for each additional day such report and payment shall be delayed, and it shall be the duty of the Commissioner of Insurance to revoke all authority of any such defaulting company to do business within this State, and the Commissioner shall have full authority by himself or through his representatives to make examination of the books and records of such company or its agents for the purpose of verifying the correctness of such reports. Provided, however, that any company subject to pay a license tax upon its gross premiums under this act shall not be subjected to any similar tax by any city or municipal corporation of this State.

§ 3. Any insurance company that has been authorized to transact business in this State shall continue to make the reports required by this act as long as it collects any pre-

miums upon risks in this State, and shall pay taxes thereon even after it has voluntarily ceased to write insurance in this State or has withdrawn therefrom, or its license has been suspended or revoked by the Commissioner of Insurance, and failure to report or pay the tax, shall subject it to penalties provided herein.

§ 4. Any insurance company, as contemplated in this act, failing or refusing to make the report as required herein shall be guilty of a misdemeanor and on conviction shall be fined not less than one hundred ($100.00) dollars nor more than one thousand ($1,000.00) dollars for each offense. If any officer or agent of any such company shall make any false statement in any report required herein, he shall be guilty of false swearing and shall be punished accordingly.

§ 5. The Franklin Circuit Court shall have jurisdiction of all prosecutions under this act.

§ 6. The Auditor of Public Accounts may sue for and recover in the name of the Commonwealth of Kentucky, all taxes and penalties due the State under this act, and the Franklin Circuit Court shall have jurisdiction of such actions.

§ 7. Sections 4226, 4229, 4230, 4230a, 4232, 4233, 4234, 4235, 4236 and 4237 of Kentucky Statutes, and all other laws and parts of laws in conflict herewith are hereby repealed.

Said amendment was agreed to.

Mr. Dorman offered the following Amendment to said bill, viz.:

'Provided however, that any company subject to the tax herein provided may be required to pay an occupational tax in any city or municipal corporation where such tax levied by any city or corporation is by the insurance company passed on to the policy holders. And all companies paying the state tax herein provided for shall not be subject to any other or similar tax by any city or municipal corporation of this state.' "

Resolved that the title thereof be as aforesaid.

Mr. Hawkins of the Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

H. B. 568. An Act to enable cities of the third class to adopt and operate under the City Manager Form of Government; providing for an election to determine whether a majority of the voters desire that form of government and providing for the election, term and qualifications of said City Manager, etc.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. Any city of the third class may become organized and be governed under the City Manager Form of Government under the provisions of this Act, providing, however, that organizing under this Act shall not change the entity of any such city nor alter the body politic and corporate.

§ 2. All laws, statutes, by-laws, ordinances and resolutions in force, applicable to and governing any city of the third class before the adoption of said City Manager form of Government, and not inconsistent with this Act, shall continue to be in force after said adoption until altered or repealed, as provided by law.

§ 3. The steps herein provided for accepting the provisions of this Act may be taken in the year 1928, or in any other year thereafter in which presidential electors are chosen.

§ 4. Upon the filing of a written petition with the County Judge of the County in which any third class city is located, signed by a number of legal voters of said city equal to twenty per centum of the votes cast in such city, at the last

preceding general election proposing to take the sense of its voters upon the change and organization and government, as provided in this Act, it shall be the duty of the County Judge at the next regular term of the County Court to make an order on his order book directing an election to be held in said city at the next regular election at which presidential electors may be elected, and not earlier than sixty days after said application is lodged with said Judge, which order shall direct the sheriff or other officers of said County who may be appointed to hold said election, to open polls at each and all voting places in said city upon the question as to whether or not the citizens in said city are in favor of the organization and government of said city, under the provisions of this Act or such other Acts as may utilize the election procedure herein specified.

The question to be submitted to the voters shall be:

"Are you in favor of the organization and government of the city of (naming the city in which said vote is to be taken), under the City Manager Form of Government (or Commission Form of Government, as the case may be), according to the provisions of an Act (naming this Act and giving the year or date of passage or approval or both)?"

It shall be the duty of the County Clerk to give to the sheriff of the county, or to such officers as may be appointed to hold said election, a certified copy of the order of the county court as it appears on the order book, within five days after such order is made; and it shall be the duty of said Sheriff, or other such officer, to have said order published in some weekly or daily newspaper published or circulated in said county, for at least two weeks before the election, and also to advertise the same by printed or written hand bills, posted in conspicuous places in said city, for the same length of time. If there is no weekly or daily newspaper published in said city, or the proprietor of said paper refuses to publish such notice, the printed or written handbills provided for shall be sufficient notice. The sheriff or other such officer shall have the

advertisement and notices herein provided for posted as herein required, within seven days after he receives the order of the county court. All elections provided for in this Act, except the primary elections, shall be held on the regular election day by the regular election officers.

If it shall be found that a majority of the legal votes cast at the election hereinabove provided for were given for or against said proposition submitted, it shall be the duty of the canvassing board to certify that fact, which certificate shall be delivered to the Clerk of the County Court and a copy thereof delivered to the Clerk or Recorder of the city, and at the next regular term of said Court the County Judge shall cause the same to be spread on the order book of said Court, and the entry of said certificate in the order book, or copy thereof, shall be prima facie evidence of the facts therein contained.

When a majority of the votes cast shall be in favor of organizing the city under the provisions of this Act, and said fact shall be certified as hereinbefore provided, by the said canvassing board to the County Clerk, a copy of which shall be certified to the City Clerk, and said copy of said certificates shall be spread upon the records of said county, as herein provided, and upon the records of said city at the next regular meeting of the City Council; thereupon said city shall be organized and governed by the provisions of this Act.

§ 5. The Mayor shall be elected for a term of four years, beginning on the first Monday in January following his election, and shall receive an annual salary, to be maintained by the legislative body of the city prior to his election of not less than Two Thousand Dollars ($2,000) nor more than Five Thousand Dollars ($5,000).

§ 6. The Commissioners shall each be elected for a term of two years, beginning the first Monday in January following their election, and shall each receive an annual salary to be determined by the legislative body of the city prior to their

election of not less than Five Hundred Dollars ($500) nor more than Two Thousand Five Hundred Dollars ($2,500).

§ 7. The Mayor and two Commissioners shall constitute a Board of Commissioners in which shall be vested all the legislative powers of the city.

§ 8. The Mayor shall be not less than thirty (30) years of age.

§ 9. In case of absence or disability of the Mayor the other members of the Council may designate some qualified person to perform the duties of office during such absence or disability.

§ 10. The Mayor shall be responsible for the proper administration of the affairs of the city placed in his charge, either by this Act or by ordinance; and he shall have the power to appoint and remove all officers and employees in the administrative service of the city, but he may authorize the head of a department or office responsible to him to appoint or remove subordinates in such department or office. Appointments made by or under the authority of the Mayor shall be on the basis of executive and administrative ability and the training and experience of such appointees in the work which they are to perform. All such appointments shall be without definite term, unless for temporary service not to exceed sixty (60) days.

§ 11. Officers and employees appointed by the Mayor, or under his authority, may be removed by him or by the officer by whom appointed at any time. The decision of the Mayor or other officers in any such occasion shall be final, and there shall be no appeal therefrom to any officer, body or Court whatsoever.

§ 12. Except for purpose of inquiry neither of the Commissioners shall deal with that portion of the administration service for which the Mayor is responsible, nor shall either of them give orders to any sub-ordinate of the city either publicly or privately. Any violation of the provisions of this Act by either of such Commissioners shall be a misdemeanor

and upon conviction he shall be fined not less than Ten Dollars ($10) nor more than One Hundred Dollars ($100.00), and shall upon conviction immediately forfeit the office.

§ 13. The Mayor shall devote all of his time to the affairs of the city, and shall not engage in any other business or profession. It shall be his duty to act as the chief conservator of the peace within the city, to supervise the administration of the affairs of the city, to see that the ordinances of the city and the laws of the State are enforced, and to make such recommendations to the Council concerning the affairs of the city as he may deem desirable, to keep the Council advised of the fiscal condition and future needs of the city, and, unless otherwise provided by law, to prepare and submit to the Council the annual budget estimate and to prepare and submit to the Council such reports as may be required by that body, and to perform such other duties as may be prescribed by this Act or required of him by ordinance or resolution of the Council.

§ 14. Until otherwise provided by ordinance, the city may continue to have a Chief of Police, City Clerk, City Treasurer, City Attorney, Chief of the Fire Department, a City Assessor and such other officers as may be provided by statute or ordinance. All such officers shall be appointed and removed by the Mayor. In addition to the officers above named, provision may be made by ordinance for such other employees as the Council may deem necessary for the welfare and advancement of the city.

§ 15. The Mayor shall not be required to fill any of the offices herein named where the affairs of the city can be successfully conducted without them, and where practically the duties of two or more offices may be performed by the same person.

§ 16. The City Council may, by resolution, direct the Mayor to arrange with the County Tax Commissioner to furnish a list of the property in said city subject to city taxes; and should such resolution be adopted, it shall be the duty of

the County Tax Commissioner to furnish such list from the regular county assessment; and the assessing date for the city shall thereupon become and be the same as the assessing date fixed by law for state and county assessments. For such services, the County Tax Commissioner shall receive such compensation as may be agreed upon, not to exceed seven cents (7c) for each resident of the town as shown by the next preceding Federal census.

§ 17. The maximum compensation of each standing officer and employee of the city shall be fixed by ordinance, and it shall be competent for the City Manager, or the head of the department when so authorized by him, to make such appointments at a lower rate of pay.

§ 18. Unless otherwise specified by ordinance, the Mayor shall within the limits of the current appropriation have power to make contracts where the amount involved in any such contract is not more than One Hundred Dollars ($100.00); and a City Council may, by resolution, in specific instances delegate to the Mayor the power to make contracts where the amount involved in such contracts does not exceed One Thousand Dollars ($1,000).

§ 19. The City Council is authorized in any fiscal year to borrow money, but not in excess of its estimate and unexpended revenue for such year; and may pledge its revenue for the current year in payment of such loans or loan.

§ 20. The City Council is authorized to provide by ordinance a revolving fund to be placed in the hands of the Mayor for the payment of such labor, repairs, incidentals, supplies and the like, as it may be necessary to employ or procure from time to time; and shall from time to time, as provided by said ordinance, make proper accounts and submit proper vouchers for all expenditures from such fund.

§ 21. The Mayor shall see that all contracts let by said city are properly supervised or else supervise same personally; and he shall make a report to the Council on the work done before such work is accepted.

§ 22. The Mayor shall see that a modern system of bookkeeping is installed and maintained, showing at all times the exact status of the financial affairs of the city and of each separate fund, and a condensed, logical report shall be published annually showing the receipts and expenditures in each fund and for the entire city.

§ 23. Before entering upon the duties of his office the said Mayor shall execute bond in the penal sum of not less than Five Thousand Dollars ($5,000) for the faithful performance of the duties of his office, and the Council may by ordinance fix said bond at a greater amount.

§ 24. No person in the service of the city shall discharge, suspend, lay off, reduce in grade or in any manner change the official rank or compensation of any person in such service, or promise or threaten to do so, for withholding or neglecting to make contribution of money or service or any valuable thing for any political purpose. No person in the administrative service of the city shall use his official authority to influence or coerce the political action of any person or body, or to interfere with any nomination or election to public office. No person holding an appointive office or place in the city government shall act as an officer of a political organization, take part in any political campaign other than to vote, serve as a member of a committee of any such organization, or circulate, or seek signatures to any petition provided for by primary or election laws, or act as a worker in favor of or in opposition to any candidate for public office. Violation of this section shall be a misdemeanor, and upon conviction thereof he shall be fined not less than Ten Dollars ($10) nor more than One Hundred Dollars ($100), and shall forfeit his office or place in city government and shall not be eligible for reappointment or to appointment to any other position in the city government for a period of four years.

§ 20. The word "Mayor," as used herein, shall be construed to include the term "City Manager."

§ 26. This form of government may be terminated at the same time and in the same manner as provided in Section —— herein, for adopting this form of government, except the question submitted to the voters shall be whether or not they desire to terminate this form of government.

§ 27. All of the provisions of Chapter 92 of the Acts of the General Assembly of 1914, being Sections 3480b-1 to 3480b-29, inclusive, Kentucky Statutes, which are not in conflict herewith shall be applicable to cities who elect to operate under the provisions of this Act.

§ 28. Whereas, it is the purpose of this Act by making the Mayor the City Manager and requiring him to give his entire time to the business of the city to relieve the City Council of administrative details and to secure more efficient administration, no part of this Act shall be construed to be repealed by any Act of the General Assembly which would place the fiscal affairs of the city solely in the hands of the Common Council, but the provisions of this Act shall take effect nothwithstanding the duties devolving upon the Common Council by any other Act enacted at this session; and the City Manager or Mayor shall perform the duties directed in this Act notwithstanding the same duties may be referred to the common council in third class cities generally by such legislation, if any.

§ 29. The purpose of the General Assembly in enacting this Act for the City Manager Form of Government is to enact each section separately, and should any section be declared unconstitutional, such ruling shall not affect the Act as a whole, but shall only affect such section, unless such ruling shall nullify the essential provisions of this Act and render operation under it impractical.

§ 30. All laws or parts of laws in conflict herewith, to the extent of such conflict, hereby are repealed.

Mr. Robertson offered the following amendment thereto by way of substitute therefor, viz.:

An Act to enable cities of the third class to adopt and operate under the City Manager form of government, and amending section 3480b-3 of Carroll's Kentucky Statutes, 1922 edition.

Organizing under this act shall not change the corporate entity of any such city, nor alter the body politic and corporate.

§ 2. All laws, statutes, by-laws, ordinances and resolutions in force, applicable to and governing any city of the third class before the adoption of city manager form of government, and not inconsistent with this act, shall continue to be in force after said adoption until altered or repealed in the regular manner.

§ 3. That Section 3480b-3 of Carroll's Kentucky Statutes, 1922 Edition, be amended by repealing all of said section and re-enacting in lieu thereof the following:

It shall be the duty of the county judge in the county, in which is located a city of the third class proposing to take the sense of its voters, as herein provided, upon the change in organization and government, upon the application by written petition signed by a number of legal voters of said city equal to twenty per centum (20%) of the votes cast in said city, at the last preceding general election, to receive said petition, and at the next regular term thereafter to make an

order on his order book directing an election to be held in said city at the next regular election and not earlier than sixty days after said application is lodged with the said judge, which order shall direct the sheriff, or other officer of said county who may be appointed to hold said election, to open the polls at each and all of the voting places in said city upon the question as to whether or not the citizens in said city are in favor of the organization and government of said city, under the provisions of this act or such other acts as may utilize the election procedure herein specified.

The question to be submitted to the voters shall be:

"Are you in favor of the organization and government of the city of (naming the city in which said vote is taken) under the City Manager Form of Government (or Commission Form of Government, as the case may be), according to the provisions of an act (naming this act and giving the year or date of passage or approval or both)."

It shall be the duty of the County Clerk to give to the sheriff of the county, or to such officers as may be appointed to hold said election, a certified copy of the order of the county court as it appears on the order book, within five days after such order is made; and it shall be the duty of said sheriff, or other such officer, to have said order published in some weekly or daily newspaper published or circulated in said county, for at least two weeks before the election, and also to advertise the same by printed or written handbills, posted in conspicuous places in said city, for the same length of time. If there is no weekly or daily newspaper published in said city, or the proprietor of said paper refuses to publish such notice, the printed or written handbills provided for shall be sufficient notice. The sheriff or other such officer shall have the advertisement and notices herein provided for posted as here required, within seven days after he receives the order of the county court. All elections provided for in this act, except the primary elections, shall be held on the regular election day by the regular election officers.

If it shall be found that a majority of the legal votes cast at the election hereinabove provided for were given for or against said proposition submitted, it shall be the duty of the canvassing board to certify that fact, which certificate shall be delivered to the clerk of the county court and a copy thereof delivered to the clerk or recorder of the city, and at the next regular term of said court the county judge shall cause the same to be spread on the order book of said court, and the entry of said certificate in the order book, or copy thereof, shall be prima facie evidence of the facts therein contained.

When a majority of the votes cast shall be in favor of organizing and governing the city under the provisions of this act, and said fact shall be certified as hereinbefore provided, by said canvassing board to the county clerk, a copy of which shall be certified to the city clerk, and said copy of said certificates shall be spread upon the records of said county, as herein provided, and upon the records of said city at the next regular meeting of the city council; thereupon said city shall be organized and governed by the provisions of this act.

§ 4. The mayor shall be elected for a term of four years, beginning on the first Monday in January following his election; and shall receive an annual salary, to be determined by the legislative body of the city prior to his election, of not more than Seven Hundred and Fifty Dollars ($750.00).

§ 5. No other liabilities shall be incurred by any officer or employee of the city, except in accordance with the provisions of the annual appropriation ordinance or under continuing contracts and loans authorized under the provisions of this charter. At any meeting after the passage of the appropriation ordinance, and after at least one week's notice, the board of commissioners may amend such ordinance, so as to authorize the transfer of unused appropriations for one purpose to another purpose, to appropriate available revenues not included in the annual budget.

§ 14. Each fiscal year an annual audit shall be made of all the accounts of all city officers; and upon the death, resignation, removal or expiration of the terms of the director of finance, an audit shall be made of his accounts. Such audits shall be made under the provisions of any law for the inspection and audit of municipal accounts by state officers; and if there is no such state inspection such audits shall be made by qualified public accountants, selected by the board of commissioners, who have no personal interest, direct or indirect, in the financial affairs of the city or of any of its officers; or employees. The board of commissioners may at any time provide for an examination or audit of the accounts of any officer or department of the city government. The board of commissioners shall require bonds with adequate surety of such

Any premiums on any or all of said bonds may at the discretion of the board of commissioners be paid by the city.

§ 15. The adoption by any city of the third class of the City Manager Form of Government as herein provided shall not as to any such city, unless such city shall have heretofore adopted and be operating under the Commission Plan of Government, become effective or go into operation until the expiration of the year for which the duly elected city officials may have been elected.

Resolved that the title thereof be as amended.

Mr. Crossland of the Committee on Rules moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said last named motion was agreed to.

The hour of twelve o'clock Meridian having arrived, the House recessed for one hour.

AFTERNOON SESSION

The hour of one o'clock P. M. having arrived, the Speaker resumed the Chair and called the House to order.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

H. B. 579. An Act relating to the law of sales of goods.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

PART I.

Formation of the Contract.

§ 1. (Contracts to Sell and Sales.) (1.) A contract to sell goods is a contract whereby the seller agrees to transfer the property in goods to the buyer for a consideration called the price.

(2) A sale of goods is an agreement whereby the seller transfers the property in goods to the buyer for a consideration called the price.

(3) A contract to sell or a sale may be absolute or conditional.

(4) There may be a contract to sell or a sale between one part owner and another.

§ 2. (Capacity—Liabilities for Necessaries.) Capacity to buy and sell is regulated by the general law concerning capacity to contract, and to transfer and acquire property.

Where necessaries are sold and delivered to an infant, or to a person who by reason of mental incapacity or drunkenness is incompetent to contract, he must pay a reasonable price therefor.

Necessaries in this section means goods suitable to the condition in life of such infant or other person, and to his actual requirements at the time of delivery.

Formalities of the Contract.

§ 3. (Form of Contract or Sale.) Subject to the provisions of this act and of any statute in that behalf, a contract to sell or a sale may be made in writing (either with or without seal), or by word of mouth, or partly in writing and partly by word of mouth, or may be inferred from the conduct of the parties.

§ 4. (Statute of Frauds.) (1) A contract to sell or a sale of any goods or choses in action of the value of five hundred dollars or upwards shall not be enforceable by action unless the buyer shall accept part of the goods or choses in action so contracted to be sold or sold, and actually receive the same, or give something in earnest to bind the contract, or in part payment, or unless some note or memorandum in writing of the contract or sale be signed by the party to be charged or his agent in that behalf.

(2) The provisions of this section apply to every such contract or sale, notwithstanding that the goods may be intended to be delivered at some future time or may not at the time of such contract or sale be actually made, procured, or provided, or fit or ready for delivery, or some act may be requisite for the making or completing thereof, or rendering the same fit for delivery; but if the goods are to be manufactured by the seller especially for the buyer and are not suitable for sale to others in the ordinary course of the seller's business, the provisions of this section shall not apply.

(3) There is an acceptance of goods within the meaning of this section when the buyer, either before or after delivery of the goods, expresses by words or conduct his assent to becoming the owner of those specific goods.

Subject Matter of Contract.

§ 5. (Existing and Future Goods.) (1) The goods which form the subject of a contract to sell may be either existing goods, owned or possessed by the seller, or goods to be manufactured or acquired by the seller after the making of the contract to sell, in this act called "future goods."

(2) There may be a contract to sell goods, the acquisition of which by the seller depends upon a contingency which may or may not happen.

(3) Where the parties purport to effect a present sale of future goods, the agreement operates as a contract to sell the goods.

§ 6. (Undivided Shares.) (1) There may be a contract to sell or a sale of an undivided share of goods. If the parties intend to effect a present sale, the buyer, by force of the agreement, becomes an owner in common with the owner or owners of the remaining shares.

(2) In the case of fungible goods, there may be a sale of an undivided share of a specific mass, though the seller purports to sell and the buyer to buy a definite number, weight or measure of the goods in the mass, and through the number, weight or measure of the goods in the mass is undetermined. By such a sale the buyer becomes owner in common of such a share of the mass as the number, weight or measure bought bears to the number, weight or measure of the mass. If the mass contains less than the number, weight or measure bought, the buyer becomes the owner of the whole mass and the seller is bound to make good the deficiency from a similar goods unless a contrary intent appears.

§ 7. (Destruction of Goods Sold.) (1) Where the parties purport to sell specific goods and the goods without the knowledge of the seller have wholly perished at the time when the agreement is made, the agreement is void.

(2) Where the parties purport to sell specific goods, and the goods without the knowledge of the seller have perished in part or have wholly or in a material part so deteriorated in quality as to be substantially changed in character, the buyer may at his option treat the sale:

(a) As avoided, or

(b) As transferring the property in all of the existing goods or in so much thereof as have not deteriorated, and as binding the buyer to pay the full agreed price if the sale was indivisible, or to pay the agreed price for the goods in which the property passes if the sale was divisible.

§ 8. (Destruction of Goods Contracted to be Sold.) (1) Where there is a contract to sell specific goods, and subsequently, but before the risk passes to the buyer, without any

fault on the part of the seller or the buyer, the goods wholly perish, the contract is thereby voided.

(2) Where there is a contract to sell specific goods, and subsequently, but before the risk passes the buyer, without any fault of the seller or buyer, part of the goods perish or the whole or a material part of the goods so deteriorate in quality as to be substantially changed in character, the buyer may at his option treat the contract:

(a) As avoided, or

(b) As binding the seller to transfer the property in all of the existing goods or in so much thereof as have not deteriorated, and as binding the buyer to pay the full agreed price if the contract was indivisible, or to pay the agreed price for so much of the goods as the seller, by the buyer's option, is bound to transfer if the contract was divisible.

The Price.

§ 9. (Definition and Ascertainment of Price.) (1) The price may be fixed by the contract, or may be left to be fixed in such manner as may be agreed, or it may be determined by the course of dealing between the parties.

(2) The price may be made payable in any personal property.

(3) Where transferring or promising to transfer any interest in real estate constitutes the whole or part of the consideration for transferring or for promising to transfer the property in goods, this act shall not apply.

(4) Where the price is not determined in accordance with the foregoing provisions the buyer must pay a reasonable price. What is a reasonable price is a question of fact dependent on the circumstances of each particular case.

§ 10. (Sale at a Valuation.) (1) Where there is a contract to sell or a sale of goods at a price or on terms to be fixed by a third person, and such third person without fault of the seller or the buyer, cannot or does not fix the price or

terms, the contract or the sale is thereby avoided; but if the goods or any part thereof have been delivered to and appropriated by the buyer he must pay a reasonable price therefor.

(2) Where such a third person is prevented from fixing the price or terms by fault of the seller or the buyer, the party not in fault may have such remedies against the party in fault as are allowed by Parts IV and V of this act.

Conditions and Warranties.

§ 11. (Effect of Conditions.) (1) Where the obligation of either party to a contract or a sale is subject to any condition which is not performed, such party may refuse to proceed with the contract or sale or he may waive performance of the condition. If the other party has promised that the condition should happen or be performed, such first mentioned party may also treat the non-performance of the condition as a breach of warranty.

(2) Where the property in the goods has not passed, the buyer may treat the fulfillment by the seller of his obligations to furnish goods as described and as warranted expressly or by implication in the contract to sell as a condition of the obligation of the buyer to perform his promise to accept and pay for the goods.

§ 12. (Definition of Express Warranty.) Any affirmation of fact or any promise by the seller relating to the goods is an express warranty if the natural tendency of such affirmation or promise is to induce the buyer to purchase the goods, and if the buyer purchases the goods relying thereon. No affirmation of the value of the goods, nor any statement purporting to be a statement of the seller's opinion only shall be construed as a warranty.

§ 13 (Implied Warranties of Title.) In a contract to sell or a sale, unless a contrary intention appears, there is—

(1) An implied warranty on the part of the seller that in case of a sale he has a right to sell the goods, and that in

case of a contract to sell he will have a right to sell the goods at the time when the property is to pass;

(2) An implied warranty that the buyer shall have and enjoy quiet possession of the goods as against any unlawful claims existing at the time of the sale;

(3) An implied warranty that the goods shall be free at the time of the sale from any charge or incumbrance in favor of any third person, not declared or known to be the buyer before or at the time when the contract or sale is made.

(4) This section shall not, however, be held to render liable a sheriff, auctioneer, mortgagee, or other person professing to sell by virtue of authority in fact or law, goods in which a third person has a legal or equitable interest.

§ 14. (Implied Warranty in Sale by Description.) Where there is a contract to sell or a sale of goods by description, there is an implied warranty that the goods shall correspond with the description and if the contracts or sale be by sample, as well as by description, it is not sufficient that the bulk of the goods correspond with the sample if the goods do not also correspond with the description.

§ 15. (Implied Warranties of Quality.) Subject to the provisions of this act of any statute in that behalf, there is no implied warranty or condition as to the quality or fitness for any particular purpose of goods supplied under a contract to sell or a sale, except as follows:

(1) Where the buyer, expressly or by implication, makes known to the seller the particular purpose for which the goods are required, and it appears that the buyer relies on the seller's skill or judgment (whether he be the grower or manufacturer or not), there is an implied warranty that the goods shall be reasonably fit for such purpose.

(2) Where the goods are bought by description from a seller who deals in goods of that description (whether he be the grower or manufacturer or not), there is an implied warranty that the goods shall be of merchantable quality.

(3) If the buyer has examined the goods, there is no implied warranty as regards defects which such examination ought to have revealed.

(4) In the case of a contract to sell or a sale of a specified article under its patent or other trade name, there is no implied warranty as to its fitness or any particular purpose.

(5) An implied warranty or condition as to the quality or fitness for a particular purpose may be annexed by the usage of trade.

(6) An express warranty or condition does not negative a warranty or condition implied under this act unless inconsistent therewith.

Sale by Sample.

§ 16. (Implied Warranties in Sale by Sample.) In the case of a contract to sell or a sale by sample:

(a) There is an implied warranty that the bulk shall correspond with the sample in quality.

(b) There is an implied warranty that the buyer shall have a reasonable opportunity of comparing the bulk with the sample, except so far as otherwise provided in section 47 (3).

(c) If the seller is a dealer in goods of that kind, there is an implied warranty that the goods shall be free from any defect rendering them unmerchantable which would not be apparent on reasonable examination of the sample.

PART II.
TRANSFER OF PROPERTY BETWEEN SELLER AND BUYER.

§ 17. (No Property Passes Until Goods are Ascertained.) Where there is a contract to sell unascertained goods no property in the goods is transferred to the buyer unless and until the goods are ascertained, but property in an undivided share of ascertained goods may be transferred as provided in section 6.

§ 18. (Property in Specific Goods Passes when Parties so Intend.) (1) Where there is a contract to sell specific or ascertained goods, the property in them is transferred to the buyer at such time as the parties to the contract intend it to be transferred.

(2) For the purpose of ascertaining the intention of the parties, regard shall be had to the terms of the contract, the conduct of the parties, usages of trade and the circumstances of the case.

§ 19. (Rules for Ascertaining Intention.) Unless a different intention appears, the following are rules for ascertaining the intention of the parties as to the time at which the property in the goods is to pass to the buyer.

Rule 1. Where there is an unconditioned contract to sell specific goods, in a deliverable state, the property in the goods passes to the buyer when the contract is made and it is immaterial whether the time of payment, or the time of delivery, or both, be postponed.

Rule 2. Where there is a contract to sell specific goods and the seller is bound to do something to the goods, for the purpose of putting them into a deliverable state, the property does not pass until such thing be done.

Rule 3. (1) When goods are delivered to the buyer "on sale or return," or on other terms indicating an intention to make a present sale, but to give the buyer an option to return the goods instead of paying the price, the property passes to the buyer on delivery, but he may revest the property in the seller by returning or tendering the goods within the time fixed in the contract, or, if no time has been fixed, within a reasonable time.

(2) When goods are delivered to the buyer on approval or on trial or on satisfaction, or other similar terms, the property therein passes to the buyer—

(a) When he signifies his approval or acceptance to the seller or does any other act adopting the transaction;

(b) If he does not signify his approval or acceptance to the seller, but retains the goods without giving notice of rejection, then if a time has been fixed for the return of the goods on the expiration of such time, and, if no time has been fixed, on the expiration of a reasonable time. What is a reasonable time is a question of fact.

Rule 4. (1) Where there is a contract to sell unascertained or future goods by description, and goods of that description and in a deliverable state are unconditionally appropriated to the contract, either by the seller with the assent of the buyer, or by the buyer with the assent of the seller, the property in the goods thereupon passes to the buyer. Such assent may be expressed or implied, and may be given either before or after the appropriation is made.

(2) Where, in pursuance of a contract to sell, the seller delivers the goods to the buyer, or to a carrier or other bailee (whether named by the buyer or not) for the purpose of transmission to or holding for the buyer, he is presumed to have unconditionally appropriated the goods to the contract, except in the cases provided for in the next rule and in section 20. This presumption is applicable, although by the terms of the contract, the buyer is to pay the price before receiving delivery of the goods, and the goods are marked with the words "collect on delivery", or their equivalents.

Rule 5. If the contract to sell requires the seller to deliver the goods to the buyer, or at a particular place, or to pay the freight or cost of transportation to the buyer, or to a particular place, the property does not pass until the goods have been delivered to the buyer or reached the place agreed upon.

§ 20. (Reservation of Right of Possession or Property when Goods are Shipped.) (1) Where there is a contract to sell specific goods, or where goods are subsequently appropriated to the contract, the seller may, by the terms of the contract or appropriation, reserve the right of possession or property in the goods until certain conditions have been ful-

filled. The right of possession or property may be thus reserved notwithstanding the delivery of the goods to the buyer or to a carrier or other bailee for the purpose of transmission to the buyer.

(2) Where goods are shipped, and by the bill of lading the goods are deliverable to the seller or his agent, or to the order of the seller or of his agent, the seller thereby reserves the property in the goods. But if, except for the form of the bill of lading, the property would have passed to the buyer on shipment of the goods, the seller's property in the goods shall be deemed to be only for the purpose of securing performance by the buyer of his obligations under the contract.

(3) Where goods are shipped, and by the bill of lading the goods are deliverable to the order of the buyer or of his agent, but possession of the bill of lading by the seller or his agent, the seller thereby reserves a right to the possession of the goods as against the buyer.

(4) Where the seller of goods draws on the buyer for the price and transmits the bill of exchange and bill of lading together to the buyer to secure acceptance or payment of the bill of exchange, the buyer is bound to return the bill of lading if he does not honor the bill of exchange, and if he wrongfully retains the bill of lading he acquires no added right thereby. If however, the bill of lading provides that the goods are deliverable to the buyer or to the order of the buyer, or is indorsed in blank, or to the buyer by the consignee named therein, one who purchases in good faith, for value, the bill of lading, or goods from the buyer will obtain the property in the goods, although the bill of exchange has not been honored, provided that such purchaser has received delivery of the bill of lading indorsed by the consignee named therein, or of the goods, without notice of the facts, making the transfer wrongful.

§ 21. (Sale by Auction.) In the case of a sale by auction—

(1) Where goods are put up for sale by auction in lots, each lot is the subject of a separate contract sale.

(2) A sale by auction is complete when the auctioneer announces its completion by the fall of the hammer, or in other customary manner. Until such announcement is made, any bidder may retract his bid; and the auctioneer may withdraw the goods from sale unless the auction has been announced to be without reserve.

(3) A right to bid may be reserved expressly by or on behalf of the seller.

(4) Where notice has not been given that a sale by auction is subject to a right to bid on behalf of the seller, it shall not be lawful for the seller to bid himself or to employ or induce any person to bid at such sale on his behalf, or for the auctioneer to employ or induce any person to bid at such sale on behalf of the seller or knowingly to take any bid from the seller or any person employed by him. Any sale contravening this rule may be treated as fraudulent by the buyer.

§ 22. (Risk of Loss.) Unless otherwise agreed, the goods remain at the seller's risk until the property therein is transferred to the buyer, but when the property therein is transferred to the buyer the goods are at the buyer's risk whether delivery has been made or not, except that—

(a) Where delivery of the goods has been made to the buyer or to a bailee for the buyer, in pursuance of the contract and the property in the goods has been retained by the seller merely to secure performance by the buyer of his obligations under the contract, the goods are at the buyer's risk from the time of such delivery.

(b) Where delivery has been delayed through the fault of either the buyer or seller the goods are at the risk of the party in fault as regards any loss which might not have occurred but for such fault.

Transfer of Title.

§ 23. (Sale by a Person Not the Owner.) (1) Subject to the provisions of this act, where goods are sold by a person who is not the owner thereof, and who does not sell them under the authority or with the consent of the owner, the buyer acquires no better title to the goods than the seller had, unless the owner of the goods is by his conduct precluded from denying the seller's authority to sell.

(2) Nothing in this act, however, shall affect:

(a) The provisions of any factors' acts, recording acts, or any enactment enabling the apparent owner of goods to dispose of them as if he were the true owner thereof.

(b) The validity of any contract to sell or sale under any special common law or statutory power of sale or under the order of a court of competent jurisdiction.

§ 24. (Sale by One Having Avoidable Title.) Where the seller of goods has a voidable title thereto, but his title has not been avoided at the time of the sale, the buyer acquires a good title to the goods, provided he buys them in good faith, for value, and without notice of the seller's defect of title.

§ 25. (Sale by Seller in Possession of Goods Already Sold.) Where a person having sold goods continues in possession of the goods, or of negotiable documents of title to the goods, the delivery or transfer by that person, or by an agent acting for him, of the goods or documents of title under any sale, pledge, or other disposition thereof, to any person receiving and paying value for the same in good faith and without notice of the previous sale, shall have the same effect as if the person making the delivery or transfer were expressly authorized by the owner of the goods to make same.

§ 26. (Creditors' Rights Against Sold Goods in Sellers' Possession.) Where a person having sold goods continues in possession of the goods, or of negotiable documents of title to the goods and such retention of possession is fraudulent in

fact or is deemed fraudulent under any rule of law, a creditor or creditors of the seller may treat the sale as void.

§ 27. (Definition of Negotiable Documents of Title.) A document of title in which it is stated that the goods referred to therein will be delivered to the bearer, or to the order of any person named in such document is a negotiable document of title.

§ 28. (Negotiation of Negotiable Documents by Delivery.) A negotiable document of title may be negotiated by delivery—

(a) Where by the terms of the document the carrier, warehouseman or other bailee issuing the same undertakes to deliver the goods to the bearer, or

(b) Where by the terms of the document the carrier, warehouseman or other bailee issuing the same undertakes to deliver the goods to the order of a specified person, and such person or a subsequent indorsee of the document has indorsed it in blank or to the bearer.

Where by the terms of a negotiable document of title the goods are deliverable to bearer or where a negotiable document of title has been indorsed in blank or to bearer, any holder may indorse the same to himself or to any specified person, and in such case the document shall thereafter be negotiated only by the indorsement of such indorsee.

§ 29. (Negotiation of Negotiable Documents by Indorsement.) A negotiable document of title may be negotiated by the indorsement of the person to whose order the goods are by the terms of the document deliverable. Such indorsement may be in blank, to bearer or to a specified person. If indorsed to a specified person, it may be again negotiated by the indorsement of such person in blank, to bearer or to another specified person. Subsequent negotiations may be made in like manner.

§ 30. (Negotiable Documents of Title Marked "Not Negotiable.") If a document of title which contains an undertaking by a carrier, warehouseman or other bailee to deliver

the goods to the bearer, or to a specified person or order, or to the order of a specified person, or which contains words of like import, has placed upon it the word "non-negotiable" or the like, such a document may nevertheless be negotiated by the holder and is a negotiable document of title within the meaning of this act. But nothing in this act contained shall be construed as limiting or defining the effect upon the obligations of the carrier, warehouseman, or other bailee issuing a document of title or placing thereon the words "not negotiable," or "non-negotiable," or the like.

§ 31. (Transfer of Non-Negotiable Documents.) A document of title which is not in such form that it can be negotiated by delivery may be transferred by the holder by delivery to a purchaser or donee. A non-negotiable document cannot be negotiated and the indorsement of such a document gives the transferee no additional right.

§ 32. (Who may Negotiate Document. A negotiable document of title may be negotiated by any person in possession of the same, however such possession may have been acquired if by the terms of the document, the bailee issuing it undertakes to deliver the goods to the order of such person, or if at the time of negotiation the document is in such form that it may be negotiated by delivery.

§ 33. (Rights of Person to Whom Document has been Negotiated.) A person to whom a negotiable document of title has been duly negotiated acquires thereby:

(a) Such title to the goods as the person negotiating the document to him had or had ability to convey to a purchaser in good faith for value and also such title to the goods as the person to whose order the goods were to be delivered by the terms of the document had or had ability to convey to a purchaser in good faith for value, and

(b) The direct obligation of the bailee issuing the document to hold possession of the goods for him according to

the terms of the document as fully as if such bailee had contracted directly with him.

§ 34. (Rights of Person to Whom Document has been Transferred.) A person to whom a document of title has been transferred, but not negotiated, acquires thereby, as against the transferer, the title to the goods, subject to the terms of any agreement with the transferor.

If the document is non-negotiable, such person also acquires the right to notify the bailee who issued the document of the transfer thereof, and thereby to acquire the direct obligation of such bailee to hold possession of the goods for him according to the terms of the document.

Prior to the notification of such bailee by the trensferor or transferee of a non-negotiable document of title, the title of the transferee to the goods and the right to acquire the obligation of such bailee may be defeated by the levy of an attachment or execution upon the goods by a creditor of the transferor, or by a notification to such bailee by the transferor or a subsequent purchaser from the transferor of a subsequent sale of the goods by the transferor.

§ 35. (Transfer of Negotiable Document Without Indorsement.) Where a negotiable document of title is transferred for value by delivery, and the indorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to indorse the document unless a contrary intention appears. The negotiation shall take effect as of the time when the indorsement is actually made.

§ 36. (Warranties on Sale of Document.) A person who for value negotiates or transfers a document of title by indorsements or delivery, including one who assigns for value a claim secured by a document of title unless a contrary intention appears, warrants:

(a) That the document is genuine;

(b) That he had a legal right to negotiate or transfer it;

(c) That he has knowledge of no fact which would impair the validity or worth of the document, and

(d) That he has a right to transfer the title to the goods and that the goods are merchantable or fit for a particular purpose, whenever such warranties would have been implied if the contract of the parties had been to transfer without a document of title the goods represented thereby.

§ 37. (Indorser not a Guarantor.) The indorsement of a document of title shall not make the indorser liable for any failure on the part of the bailee who issued the document or previous indorsers thereof to fulfill their respective obligations.

§ 38. (When Negotiation not Impaired by Fraud, Mistake or Duress.) The validity of the negotiation of a negotiable document of title is not impaired by the fact that the negotiation was a breach of duty on the part of the person making the negotiation, or by the fact that the owner of the document was deprived of the possession of the same by loss, theft, fraud, accident, mistake, duress, or conversion, if the person to whom the document was negotiated or a person to whom the document was subsequently negotiated paid value therefor in good faith without notice of the breach of duty, or loss, theft, fraud, accident, mistake, duress or conversion.

§ 39. Attachment or Levy Upon Goods for Which a Negotiable Document has been Issued.) If goods are delivered to a bailee by the owner or by a person whose act in conveying the title to them to a purchaser in good faith for value would bind the owner and a negotiable document of title is issued for them they cannot thereafter, while in the possession of such bailee, be attached by garnishment or otherwise or be levied under an execution unless the document be first surrendered to the bailee or its negotiation enjoined. The bailee shall in no case be compelled to deliver up the actual possession of the goods until the document is surrendered to him or impounded by the court.

§ 40. (Creditors' Remedies to Reach Negotiable Documents.) A creditor whose debtor is the owner of a negotiable document of title shall be entitled to such aid from courts of appropriate jurisdiction by injunction and otherwise in attaching such document or in satisfying the claim by means thereof as is allowed at law or in equity in regard to property which cannot readily be attached or levied upon by ordinary legal process.

PART III

Performance of the Contract.

§ 41. (Seller must Deliver and Buyer Accept Goods.) It is the duty of the seller to deliver the goods, and the buyer to accept any pay for them, in accordance with the terms of the contract to sell or sale.

§ 42. (Delivery and Payment are ConCurrent Conditions.) Unless otherwise agreed, delivery of the goods and payment of the price are concurrent conditions; that is to say, the seller must be ready and willing to give possession of the goods to the buyer in exchange for the price and the buyer must be ready and willing to pay the price in exchange for possession of the goods.

§ 43. (Place, Time and Manner of Delivery.) (1) Whether it is for the buyer to take possession of the goods or for the seller to send them to the buyer is a question depending in each case on the contract, express or implied, between the parties. Apart from any such contract, express or implied, or usage of trade to the contrary, the place of delivery is the seller's place of business if he have one, and if not his residence; but in case of a contract to sell or a sale of specific goods, which to the knowledge of the parties when the contract or the sale was made were in some other place, then that place is the place of delivery.

(2) Where by a contract to sell or a sale the seller is bound to send the goods to the buyer, but no time for sending them is fixed, the seller is bound to send them within a reasonable time.

(3) Where the goods at the time of sale are in the possession of a third person, the seller has not fulfilled his obligation to deliver to the buyer unless and until such third person acknowledges to the buyer that he holds the goods on the buyer's behalf; but as against all others than the seller the buyer shall be regarded as having received delivery from the time when such third person has notice of the sale. Nothing in this section, however, shall affect the operation of the issue or transfer of any document of title to goods.

(4) Demand or tender of delivery may be treated as ineffectual unless made at a reasonable hour. What is a reasonable hour is a question of fact.

(5) Unless otherwise agreed, the expenses of and incidental to putting the goods into a deliverable state must be borne by the seller.

§ 44. (Delivery of Wrong Quantity.) (1) Where the seller delivers to the buyer a quantity of goods less than he contracted to sell, the buyer may reject them, but if the buyer accepts or retains the goods so delivered, knowing that the seller is not going to perform the contract in full, he must pay for them at the contract rate. If, however, the buyer has used or disposed of the goods delivered before he knows that the seller is not going to perform his contract in full, the buyer shall not be liable for more than the fair value to him of the goods so received.

(2) Where the seller delivers to the buyer a quantity of goods larger than he contracted to sell, the buyer may accept the goods included in the contract and reject the rest, or he may reject the whole. If the buyer accepts the whole of the goods so delivered he must pay for them at the contract rate.

(3) Where the seller delivers to the buyer the goods he contracted to sell mixed with goods of a different description not included in the contract, the buyer may accept the goods, which are in accordance with the contract and reject the rest, or he may reject the whole.

(4) The provisions of this section are subject to any usage of trade, special agreement, or course of dealing between the parties.

§ 45. (Delivery in Installments.) Unless otherwise agreed, the buyer of goods is not bound to accept delivery thereof by installments.

(2) Where there is a contract to sell goods to be delivered by stated installments, which are to be separately paid for, and the seller makes defective deliveries in respect of one or more installments, or the buyer neglects or refuses to take delivery of or pay for one or more installments, it depends in each case on the terms of the contract and the circumstances of the case, whether the breach of contract is so material as to justify the injured party in refusing to proceed further and suing for damages for breach of the entire contract, or whether the breach is severable, giving rise to a claim for compensation but not to a right to treat the whole contract as broken.

§ 46. (Delivery to a Carrier on Behalf of the Buyer.) (1) Where, in pursuance of a contract to sell or a sale, the seller is authorized or required to send the goods to the buyer, delivery of the goods to a carrier, whether named by the buyer or not, for the purpose of transmission to the buyer is deemed to be a delivery of the goods to the buyer, except in the cases provided for in section 19, Rule 5, or unless a contrary intent appears.

(2) Unless otherwise authorized by the buyer, the seller must make such contract with the carrier on behalf of the buyer as may be reasonable, having regard to the nature of the goods and the other circumstances of the case. If the seller omit so to do, and the goods are lost or damaged in course of transit, the buyer may decline to treat the delivery to the carrier as a delivery to himself, or may hold the seller responsible in damages.

(3) Unless otherwise agreed, where goods are sent by the seller to the buyer under circumstances in which the

seller knows or ought to know that it is usual to insure, the seller must give such notice to the buyer as may enable him to insure them during their transit, and if the seller fails to do so the goods shall be deemed to be at his risk during such transit.

§ 47. (Right to Examine the Goods.) (1) Where goods are delivered to the buyer, which he has not previously examined, he is not deemed to have accepted them unless and until he has had a reasonable opportunity of examining them for the purpose of ascertaining whether they are in conformity with the contract.

(2) Unless otherwise agreed, when the seller tenders delivery of goods to the buyer, he is bound, on request, to afford the buyer a reasonable opportunity of examining the goods for the purpose of ascertaining whether they are in conformity with the contract.

(3) Where goods are delivered to a carrier by the seller, in accordance with an order from or agreement with the buyer, upon the terms that the goods shall not be delivered by the carrier to the buyer until he has paid the price, whether such terms are indicated by marking the goods with words "collect on delivery," or otherwise, the buyer is not entitled to examine the goods before payment of the price in the absence of agreement permitting such examination.

§ 48. (What Constitutes Acceptance.) The buyer is deemed to have accepted the goods when he intimates to the seller that he has accepted them, or when the goods have been delivered to him, and he does any act in relation to them which is inconsistent with the ownership of the seller, or when, after the lapse of a reasonable time, he retains the goods without intimating to the seller that he has rejected them.

§ 49. (Acceptance does not Bar Action for Damages.) In the absence of express or implied agreement of the parties, acceptance of the goods by the buyer shall not discharge the seller from liability in damages or other legal remedy for breach of any promise or warranty in the contract to sell or

the sale. But, if, after acceptance of the goods, the buyer fails to give notice to the seller of the breach of any promise or warranty within a reasonable time after the buyer knows, or ought to know of such breach, the seller shall not be liable therefor.

§ 50. (Buyer is not Bound to Return Goods Wrongly Delivered.) Unless otherwise agreed, where goods are delivered to the buyer, and he refuses to accept them, having the right so to do, he is not bound to return them to the seller, but it is sufficient if he notifies the seller that he refuses to accept them.

§ 51. (Buyer's Liability for Failing to Accept Delivery.) When the seller is ready and willing to deliver the goods, and requests the buyer to take delivery, and the buyer does not within a reasonable time after such request take delivery of the goods, he is liable to the seller for any loss occassioned by his neglect or refusal to take delivery, and also for a reasonable charge for the care and custody of the goods. If the neglect or refusal of the buyer to take delivery amounts to a repudiation or breach of the entire contract, the seller shall have the right against the goods and on the contract hereinafter provided in favor of the seller when the buyer is in default.

PART IV.

Rights of Unpaid Seller Against the Goods.

§ 52. (Definition of Unpaid Seller.) (1) The seller of goods is deemed to be an unpaid seller within the meaning of this act—

(a) When the whole of the price has not been paid or tendered.

(b) When a bill of exchange or other negotiable instrument has been received as conditional payment, and the condition on which it was received has been broken by reason of the dishonor of the instrument, the insolvency of the buyer, or otherwise.

(2) In this part of this act the term "seller" includes an agent of the seller to whom the bill of lading has been indorsed, or a consignor or agent who has himself paid, or is directly responsible for, the price, or any other person who is in the position of a seller.

§ 53. (Remedies of an Unpaid Seller.) (1) Subject to the provisions of this act, notwithstanding that the property in the goods may have passed to the buyer, the unpaid seller of goods, as such, has—

(a) A lien on the goods or right to retain them for the price while he is in possession of them;

(b) In case of the insolvency of the buyer, a right of stopping the goods in transit after he has parted with the possession of them;

(c) A right of resale as limited by this act;

(d) A right to rescind the sale as limited by this act.

(2) Where the property in goods has not passed to the buyer, the unpaid seller has, in addition to his other remedies, a right of withholding delivery similar to and coextensive with his rights of lien and stoppage in transitu where the property has passed to the buyer.

UNPAID SELLER'S LIEN.

§ 54. (When Right of Lien may be Exercised.) (1) Subject to the provisions of this act, the unpaid seller of goods who is in possession of them is entitled to retain possession of them until payment or tender of the price in the following cases, namely:

(a) Where the goods have been sold without any stipulation as to credit;

(b) Where the goods have been sold on credit, but the term of credit has expired ;

(c) Where the buyer becomes insolvent.

(2) The seller may exercise his right of lien notwithstanding that he is in possession of the goods as agent or bailee for the buyer.

§ 55. (Lien After Part Delivery.) Where an unpaid seller has made part delivery of the goods, he may exercise his right of lien on the remainder, unless such part delivery has been made under such circumstances as to show an intent to waive the lien or right of retention.

§ 56. (When Lien is Lost.) (1) The unpaid seller of goods loses his lien thereon—

(a) When he delivers the goods to a carrier or other bailee for the purpose of transmission to the buyer without reserving the property in the goods or the right of the possession thereof;

(b) When the buyer or his agent lawfully obtains possession of the goods;

(c) By waiver thereof.

(2) The unpaid seller of goods, having a lien thereon, does not lose his lien by reason only that he has obtained judgment or decree for the price of the goods.

STOPPAGE IN TRANSITU.

§ 57. (Seller may stop Goods on Buyer's Insolvency.) Subject to the provisions of this act, when the buyer of goods is or becomes insolvent, the unpaid seller who has parted with the possession of the goods has the right of stopping them in transitu, that is to say, he may resume possession of the goods at any time while they are in transit, and he will then become entitled to the same rights in regard to the goods as he would have had if he had never parted with the possession.

§ 58. (When Goods are in Transit.) (1) Goods are in transit within the meaning of section 57—

(a) From the time when they are delivered to a carrier by land or water, or other bailee for the purpose of transmission to the buyer, until the buyer, or his agent in that behalf, takes delivery of them from such carrier or other bailee;

(b) If the goods are rejected by the buyer, and the carrier or other bailee continues in possession of them, even if the seller has refused to receive them back.

(2) Goods are no longer in transit within the meaning of section 57.

(a) If the buyer, or his agent in that behalf, obtains delivery of the goods before their arrival at the appointed destination;

(b) If, after the arrival of the goods at the appointed destination, the carrier or other bailee acknowledges to the buyer or his agent that he holds the goods on his behalf and continues in possession of them as bailee for the buyer or his agent; and it is immaterial that a further destination for the goods may have been indicated by the buyer;

(c) If the carrier or other bailee wrongfully refuses to deliver the goods to the buyer or his agent in that behalf.

(3) If goods are delivered to a ship chartered by the buyer, it is a question depending on the circumstances of the particular case, whether they are in the possession of the master as a carrier or as agent of the buyer.

(4) If part delivery of the goods has been made to the buyer, or his agent in that behalf, the remainder of the goods may be stopped in transitu, unless such part delivery has been made under such circumstances as to show an agreement with the buyer to give up possession of the whole of the goods.

§ 59. (Ways of Exercising the Right of Stop.) (1) The unpaid seller may exercise his right of stoppage in transitu either by obtaining actual possession of the goods or by giving notice of his claim to the carrier or other bailee in whose possession the goods are. Such notice may be given either to the person in actual possession of the goods or to his principal. In the latter case the notice, to be effectual, must be given at such time and under such circumstances that the principal, by the exercise of reasonable diligence, may prevent a delivery to the buyer.

(2) When the notice of stoppage in transitu is given by the seller to the carrier, or other bailee in possession of the goods, he must redeliver the goods to, or according to the directions of, the seller. The expenses of such delivery must

be borne by the seller. If, however, a negotiable document of title representing the goods has been issued by the carrier or other bailee, he shall not be obliged to deliver or justified in delivering the goods to the seller unless such document is first surrendered for cancellation.

RESALE BY THE SELLER

§ 60. (When and how Resale may be Made.) (1) Where the goods are of perishable nature, or where the seller expressly reserves the right of resale in case the buyer should make default, or where the buyer has been in default in the payment of the price an unreasonable time, an unpaid seller having a right of lien or having stopped the goods in transitu may resell the goods. He shall not thereafter be liable to the original buyer upon the contract to sell or the sale or for any profit made by such resale, but may recover from the buyer damages for any loss occasioned by the breach of the contract or the sale.

(2) Where a resale is made, as authorized in this section, the buyer acquires a good title as against the original buyer.

(3) It is not essential to the validity of a resale that notice of an intention to resell the goods be given by the seller to the original buyer. But where the right to resell is not based on the perishable nature of the goods or upon an express provision of the contract or the sale, the giving or failure to give such notice shall be relevant in any issue involving the question whether the buyer had been in default an unreasonable time before the resale was made.

(4) It is not essential to the validity of a resale that notice of the time and place of such resale should be given by the seller to the original buyer.

(5) The seller is bound to exercise reasonable care and judgment in making a resale, and subject to this requirement may make a resale either by public or private sale.

RESCISSION BY THE SELLER.

§ 61. (When and how the Seller may Rescind the Sale.) (1) An unpaid seller having the right of lien or having stopped the goods in transitu, may rescind the transfer of title and resume the property in the goods, where he expressly reserved the right to do so in case the buyer should make default, or where the buyer has been in default in the payment of the price an unreasonable time. The seller shall not thereafter be liable to the buyer upon the contract to sell or the sale, but may recover from the buyer damages for any loss occasioned by the breach of the contract or the sale.

(2) The transfer of title shall not be held to have been rescinded by an unpaid seller until he has manifested by notice to the buyer or by some overt act an intention to rescind. It is not necessary that such overt act should be communicated to the buyer, but the giving or failure to give notice to the buyer of the intention to rescind shall be relevant in any issue involving the question whether the buyer had been in default an unreasonable time before the right of rescission was asserted.

§ 62. (Effect of Sale of Goods Subject to Lien or Stoppage in Transitu.) Subject to the provisions of this Act, the unpaid seller's right of lien or stoppage in transitu is not affected by any sale, or other disposition of the goods which the buyer may have made, unless the seller has assented thereto.

If, however, a negotiable document of title has been issued for goods, no seller's lien or right of stoppage in transitu shall defeat the right of any purchaser for value in good faith to whom such document has been negotiated, whether such negotiations be prior or subsequent to the notification to the carrier, or other bailee who issued such document, of the seller's claim to a lien or right of stoppage in transitu.

PART V.

ACTION FOR BREACH OF THE CONTRACT.

Remedies of the Seller.

§ 63. (Action for the Price.) (1) Where under a contract to sell or a sale, the property in the goods has passed to the buyer, and the buyer wrongfully neglects or refuses to pay for the goods according to the terms of the contract or the sale, the seller may maintain an action against him for the price of the goods.

(2) Where, under a contract to sell or a sale, the price is payable on a day certain, irrespective of delivery or of transfer of title, and the buyer wrongfully neglects or refuses to pay such price, the seller may maintain an action for the price, although the property in the goods has not passed, and the goods have not been appropriated to the contract. But it shall be a defense to such an action that the seller at any time before judgment in such action has manifested an inability to perform the contract or the sale on his part or an intention not to perform it.

(3) Although the property in the goods has not passed, if they cannot readily be resold for a reasonable price, and if the provisions of section 64 (4) are not applicable, the seller may offer to deliver the goods to the buyer, and, if the buyer refuses to receive them, may notify the buyer that the goods are thereafter held by the seller as bailee for the buyer. Thereafter the seller may treat the goods as the buyer's and may maintain an action for the price.

§ 64. (Action for Damages for Non-Acceptance of the Goods.) (1) Where the buyer wrongfully neglects or refuses to accept and pay for the goods, the seller may maintain an action against him for damages for non-acceptance.

(2) The measure of damages is the estimated loss directly and naturally resulting, in the ordinary course of events from the buyer's breach of contract.

(3) Where there is an available market for the goods in question, the measure of damages is, in the absence of spe-

cial circumstances, showing proximate damage of a greater amount, the difference between the contract price and the market or current price at the time or times when the goods ought to have been accepted, or, if no time was fixed for acceptance, then at the time of the refusal to accept.

(4) If, while labor or expense of material amount are necessary on the part of the seller to enable him to fulfill his obligations under the contract to sell or the sale, the buyer repudiates the contract or the sale, or notifies the seller to proceed no further therewith, the buyer shall be liable to the seller for no greater damages than the seller would have suffered if he did nothing towards carrying out the contract or the sale after receiving notice of the buyer's repudiation or countermand. The profit the seller would have made if the contract or the sale had been fully performed shall be considered in estimating such damages.

§ 65. (When Seller May Rescind Contract or Sale.) Where the goods have not been delivered to the buyer, and the buyer has repudiated the contract to sell or sale, or has manifested his inability to perform his obligations thereunder, or has committed a material breach thereof, the seller may totally rescind the contract or the sale by giving notice of his election so to do to the buyer.

§ 66. (Action for Converting or Detaining Goods.) Where the property in the goods has passed to the buyer and the seller wrongfully neglects or refuses to deliver the goods, the buyer may maintain any action allowed by law to the owner of the goods of similar kind when wrongfully converted or withheld.

§ 67. (Action for Failing to Deliver Goods.) (1) Where the property in the goods has not passed to the buyer, and the seller wrongfully neglects or refuses to deliver the goods, the buyer may maintain an action against the seller for damages for non-delivery.

(2) The measure of damages is the loss directly and naturally resulting in the ordinary course of events, from the seller's breach of contract.

(3) Where there is an available market for the goods in question, the measure of damages, in the absence of special circumstances showing proximate damages of a greater amount, is the difference between contract price and the market or current price of the goods at the time or times when they ought to have been delivered, or, if no time was fixed, then at the time of the refusal to deliver.

§ 68. (Specific Performance.) Where the seller has broken a contract to deliver specific or ascertained goods, a court having the powers of a court of equity, may, if it thinks fit, on the application of the buyer, by its judgment or decree direct that the contract shall be performed specifically, without giving the seller the option of retaining the goods on payment of damages. The judgment or decree may be unconditional, or upon such terms and conditions as to damages, payment of the price and otherwise, as to the court may seem just.

§ 69. (Remedies for Breach of Warranty.) Where there is a breach of warranty by the seller, the buyer may, at his election—

(a) Accept or keep the goods and set up against the seller, the breach of warranty by way of recoupment in diminution or extinction of the price;

(b) Accept or keep the goods and maintain an action against the seller for damages for the breach of warranty.

(c) Refuse to accept the goods, if the property therein has not passed, and maintain an action against the seller for damages for the breach of warranty;

(d) Rescind the contract to sell or the sale and refuse to receive the goods, or if the goods have already been received, return them or offer to return them to the seller and recover the price or any part thereof which has been paid.

(2) When the buyer has claimed and been granted a remedy in any one of these ways, no other remedy can thereafter be granted.

(3) Where the goods have been delivered to the buyer, he cannot rescind the sale if he knew of the breach of warranty when he accepted the goods, or if he fails to notify the seller within a reasonable time of the election to rescind, or if he fails to return or to offer to return the goods to the seller in substantially as good condition as they were in at the time the property was transferred to the buyer. But if deterioration or injury of the goods is due to the breach of warranty, such deterioration or injury shall not prevent the buyer from returning or offering to return the goods to the seller and rescinding the sale.

(4) Where the buyer is entitled to rescind the sale and elects to do so, the buyer shall cease to be liable for the price upon returning or offering to return the goods. If the price or any part thereof has already been paid, the seller shall be liable to repay so much thereof as has been paid, concurrently with the return of the goods, or immediately after an offer to return the goods in exchange for repayment of the price.

(5) Where the buyer is entitled to rescind the sale and elects to do so, if the seller refuses to accept an offer of the buyer to return the goods, the buyer shall thereafter be deemed to hold the goods as bailee for the seller, but subject to a lien to secure the repayment of any portion of the price which has been paid, and with the remedies for the enforcement of such lien allowed to an unpaid seller by Section 53.

(6) The measure of damages for breach of warranty is the loss directly and naturally resulting, in the ordinary course of events, from the breach of warranty.

(7) In the case of breach of warranty of quality, such loss, in the absence of special circumstances showing proximate damage of a greater amount, is the difference between the value of the goods at the time of delivery to the buyer and the value they would have had if they had answered to the warranty.

§ 70. (Interest and Special Damages.) Nothing in this act shall affect the right of the buyer or the seller to recover

interest or special damages in any case where by law interest or special damages may be recoverable, or to recover money paid where the consideration for the payment of it has failed.

PART VI

Resolved that the title thereof be as aforesaid.

Mr. Dorman of Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

Mr. Dorman of the Committee on Rules moved that the House reconsider the motion heretofore agreed to that the House recess for one hour from 12 to 1 o'clock.

Said motion was agreed to.

At the instance of the Committee on Rules the House took up for consideration from the Orders of the Day a Resolution entitled:

S. Res. 22. Resolution memorializing the Congress of the United States to create and establish a memorial to the soldiers and sailors of the United States who gave their lives in the World War.

Said Resolution is as follows, viz.:

Whereas, it is the desire of the entire nation that suitable recognition be given to the soldiers and sailors who gave their lives in the defense of their country and the rights of free peoples in the World War; and,

Whereas, the Commonwealth of Kentucky is a state rich in tradition, being the birthplace of Abraham Lincoln, Presi-

dent of the Union, in the most critical days of its history, and of Jefferson Davis, President of the Confederacy; and,

Whereas, there is now a Federal Highway established in said State beginning at Hodgensville, the birthplace of Abraham Lincoln, where already a monument has been erected to his memory, running thence to the Dixie Highway and passing through the Mammoth Cave territory, which is now in process of being created a National Park, thence through Russellville and thence over the Jefferson Davis Highway westward through Elkton to Fairview, Kentucky, where there is a State Park already created and where a noble monument has been erected to the memory of Jefferson Davis, thus connecting the birthplaces of the two great leaders in the Civil War, and demonstrating the present unity of our nation, thence through the city of Hopkinsville to the Government Hospital erected for the Disabled World War Veterans at or near Dawson Springs, Kentucky; and,

Whereas, this route is rich in history, in that it was the war road established in the War of 1812 by General James E. Jessup; and,

Whereas, the construction of permanent roadway of the lasting endurance and character of the Appian Way, suitable for military use in time of war and capable of sustaining the movement of heavy artillery, would be a great benefit to the entire country, and no more suitable or useful memorial could be constructed by the United States in honor of its World War heroes; now, therefore

Be it Resolved by the Senate of the Commonwealth of Kentucky:

§ 1. The House of Representatives concurring, that it is the sense of the General Assembly of the Commonwealth that the Congress of the United States be and it is hereby petitioned to pass an act providing for a memorial to the Veterans of the World War and to those who gave their lives in that War to the service of their country, and that a Federal Highway following substantially the route set forth herein be

designated, constructed and maintained by the United States Government as such memorial to be known as "Monumental Memorial Boulevard," and that there shall be set apart to each of the forty-eight states of the Union along said highway a plot of ground upon which it will be petitioned and requested to erect a suitable monument to its own veterans of the World War;

Be it further Resolved, that it is the sense of the General Assembly that the Commonwealth of Kentucky should and will co-operate with the Federal Government to the fullest extent in providing suitable rights of way and locations for the erection of the monuments in the various states of the Union and will meet every reasonable obligation imposed upon it by the Congress of the United States if the act herein contemplated should be passed; and,

Be it further Resolved, that there is hereby created a Commission of five members, to be known as the Monumental Memorial Boulevard Commission of Kentucky, the members of which shall be citizens and residents of this Commonwealth, and the Governor of the Commonweath is hereby directed and authorized to appoint such a Commission, which shall have the power to make all investigations necessary to the carrying out of the pupose of this Resolution, to confer with the officials and citizens of other states, to receive private subscriptions for the purpose of aiding and carrying out the intent of this Resolution, and to represent the Commonwealth of Kentucky in delivering this petition to the Congress of the United States. The members of said Commission shall serve without pay, and shall report to the next Session of the General Assembly their actions and accomplishments in this regard. Said Commission shall have power and authority to appoint such associated members as it may desire.

Said Resolution was then concurred in.

At the instance of the Committee on Rules the House took up for consideration from the Orders of the Day a bill entitled:

H. B. 568. An Act to enable cities of the Third Class to adopt and operate under the City Manager Form of Government; providing for an election to determine whether a majority of the voters desire that form of government and providing for the election, term and qualifications of said City Manager, and further providing for a Board of Commissioners vested with all legislative powers of the city and adopting as part of this Act all the provisions of Chapter 92 of the Acts of the General Assembly of 1914, being Sections 3480b-1 to 3480b-29 inclusive, Kentucky Statutes, insofar as said provisions are not in conflict with the provisions of this Act.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. Any city of the third class may become organized and be governed under the City Manager Form of Government under the provisions of this Act, providing, however, that organizing under this Act shall not change the entity of any such city nor alter the body politic and corporate.

§ 2. All laws, statutes, by-laws, ordinances and resolutions in force, applicable to and governing any city of the third class before the adoption of said City Manager Form of Government, and not inconsistent with this Act, shall continue to be in force after said adoption until altered or repealed, as provided by law.

§ 3. The steps herein provided for accepting the provisions of this Act may be taken in the year 1928, or in any other year thereafter in which presidential electors are chosen.

§ 4. Upon the filing of a written petition with the County Judge of the County in which any third class city is located, signed by a number of legal voters of said city equal to twenty per centum of the votes cast in such city, at the last preceding general election proposing to take the sense of its voters upon the change and organization and government, as provided in this Act, it shall be the duty of the County Judge at the next regular term of the County Court to make an order on his order book directing an election to be held in said city at the next regular election at which presidential electors may be elected, and not earlier than sixty days after said application is lodged with said Judge, which order shall direct the sheriff or other officers of said County who may be appointed to hold said election, to open polls at each and all voting places in said city upon the question as to whether or not the citizens in said city are in favor of the organization and government of said city, under the provisions of this Act or such other Acts as may utilize the election procedure herein specified.

The question to be submitted to the voters shall be:

"Are you in favor of the organization and government of the city of (naming the city in which said vote is to be taken), under the City Manager Form of Government (or Commission Form of Government, as the case may be), according to the provisions of an Act (naming this Act and giving the year or date of passage or approval or both)?"

It shall be the duty of the County Clerk to give to the sheriff of the county, or to such officers as may be appointed to hold said election, a certified copy of the order of the county court as it appears on the order book, within five days after such order is made; and it shall be the duty of said Sheriff, or other such officer, to have said order published in some weekly or daily newspaper published or circulated in said county, for at least two weeks before the election, and also to advertise the same by printed or written hand bills, posted in conspicuous places in said city, for the same length of time. If there is no weekly or daily newspaper published in said city, or the proprietor of said paper refuses to publish such notice, the printed or written handbills provided for shall be sufficient notice. The sheriff or other such officer shall have the advertisement and notices herein provided for posted as herein required, within seven days after he receives the order of the county court. All elections provided for in this Act, except the primary elections, shall be held on the regular election day by the regular election officers.

If it shall be found that a majority of the legal votes cast at the election hereinabove provided for were given for or against said proposition submitted, it shall be the duty of the canvassing board to certify that fact, which certificate shall be delivered to the Clerk of the County Court and a copy thereof delivered to the Clerk or Recorder of the city, and at the next regular term of said Court the County Judge shall cause the same to be spread on the order book of said Court, and the entry of said certificate in the order book, or copy

thereof, shall be prima facie evidence of the facts therein contained.

When a majority of the votes cast shall be in favor of organizing the city under the provisions of this Act, and said fact shall be certified as hereinbefore provided, by the said canvassing board to the County Clerk, a copy of which shall be certified to the City Clerk, and said copy of said certificates shall be spread upon the records of said county, as herein provided, and upon the records of said city at the next regular meeting of the City Council; thereupon said city shall be organized and governed by the provisions of this Act.

§ 5. The Mayor shall be elected for a term of four years, beginning on the first Monday in January following his election, and shall receive an annual salary, to be maintained by the legislative body of the city prior to his election of not less than Two Thousand Dollars ($2,000) nor more than Five Thousand Dollars ($5,000).

§ 6. The Commissioners shall each be elected for a term of two years, beginning the first Monday in January following their election, and shall each receive an annual salary to be determined by the legislative body of the city prior to their election of not less than Five Hundred Dollars ($500) nor more than Two Thousand Five Hundred Dollars ($2,500).

§ 7. The Mayor and two Commissioners shall constitute a Board of Commissioners in which shall be vested all the legislative powers of the city.

§ 8. The Mayor shall be not less than thirty (30) years of age.

§ 9. In case of absence or disability of the Mayor the other members of the Council may designate some qualified person to perform the duties of office during such absence or disability.

§ 10. The Mayor shall be responsible for the proper administration of the affairs of the city placed in his charge, either by this Act or by ordinance; and he shall have the power to appoint and remove all officers and employees in the

administrative service of the city, but he may authorize the head of a department or office responsible to him to appoint or remove subordinates in such department or office. Appointments made by or under the authority of the Mayor shall be on the basis of executive and administrative ability and the training and experience of such appointees in the work which they are to perform. All such appointments shall be without definite term, unless for temporary service not to exceed sixty (60) days.

§ 11. Officers and employees appointed by the Mayor, or under his authority, may be removed by him or by the officer by whom appointed at any time. The decision of the Mayor or other officers in any such occasion shall be final, and there shall be no appeal therefrom to any officer, body or Court whatsoever.

§ 12. Except for purpose of inquiry neither of the Commissioners shall deal with that portion of the administration service for which the Mayor is responsible, nor shall either of them give orders to any subordinate of the city either publicly or privately. Any violation of the provisions of this Act by either of such Commissioners shall be a misdemeanor and upon conviction he shall be fined not less than Ten Dollars ($10) nor more than One Hundred Dollars ($100.00), and shall upon conviction immediately forfeit the office.

§ 13. The Mayor shall devote all of his time to the affairs of the city, and shall not engage in any other business or profession. It shall be his duty to act as the chief conservator of the peace within the city, to supervise the administration of the affairs of the city, to see that the ordinances of the city and the laws of the State are enforced, and to make such recommendations to the Council concerning the affairs of the city as he may deem desirable, to keep the Council advised of the fiscal condition and future needs of the city, and, unless otherwise provided by law, to prepare and submit to the Council the annual budget estimate and to prepare and submit to the Council such reports as may be required by that

body, and to perform such other duties as may be prescribed by this Act or required of him by ordinance or resolution of the Council.

§ 14. Until otherwise provided by ordinance, the city may continue to have a Chief of Police, City Clerk, City Treasurer, City Attorney, Chief of the Fire Department, a City Assessor and such other officers as may be provided by statute or ordinance. All such officers shall be appointed and removed by the Mayor. In addition to the officers above named, provision may be made by ordinance for such other employees as the Council may deem necessary for the welfare and advancement of the city.

§ 15. The Mayor shall not be required to fill any of the offices herein named where the affairs of the city can be successfully conducted without them, and where practically the duties of two or more offices may be performed by the same person.

§ 16. The City Council may, by resolution, direct the Mayor to arrange with the County Tax Commissioner to furnish a list of the property in said city subject to city taxes; and should such resolution be adopted, it shall be the duty of the County Tax Commissioner to furnish such list from the regular county assessment; and the assessing date for the city shall thereupon become and be the same as the assessing date fixed by law for state and county assessments. For such services, the County Tax Commissioner shall receive such compensation as may be agreed upon, not to exceed seven cents (7c) for each resident of the town as shown by the next preceding Federal census.

§ 17. The maximum compensation of each standing officer and employee of the city shall be fixed by ordinance, and it shall be competent for the City Manager, or the head of the department when so authorized by him, to make such appointments at a lower rate of pay.

§ 18. Unless otherwise specified by ordinance, the Mayor shall within the limits of the current appropriation

have power to make contracts where the amount involved in any such contract is not more than One Hundred Dollars ($100.00); and a City Council may, by resolution, in specific instances delegate to the Mayor the power to make contracts where the amount involved in such contracts does not exceed One Thousand Dollars ($1,000.00).

§ 19. The City Council is authorized in any fiscal year to borrow money, but not in excess of its estimate and unexpended revenue for such year; and may pledge its revenue for the current year in payment of such loans or loan.

§ 20. The City Council is authorized to provide by ordinance a revolving fund to be placed in the hands of the Mayor for the payment of such labor, repairs, incidentals, supplies and the like, as it may be necessary to employ or procure from time to time; and shall from time to time, as provided by said ordinance, make proper accounts and submit proper vouchers for all expenditures from such fund.

§ 21. The Mayor shall see that all contracts let by said city are properly supervised or else supervise same personally; and he shall make a report to the Council on the work done before such work is accepted.

§ 22. The Mayor shall see that a modern system of bookkeeping is installed and maintained, showing at all times the exact status of the financial affairs of the city and of each separate fund, and a condensed, logical report shall be published annually showing the receipts and expenditures in each fund and for the entire city.

§ 23. Before entering upon the duties of his office the said Mayor shall execute bond in the penal sum of not less than Five Thopsand Dollars ($5,000) for the faithful performance of the duties of his office, and the Council may by ordinance fix said bond at a greater amount.

§ 24. No person in the service of the city shall discharge, suspend, lay off, reduce in grade or in any manner change the official rank or compensation of any person in such service, or promise or threaten to do so, for withholding or

neglecting to make contribution of money or service or any valuable thing for any political purpose. No person in the administrative service of the city shall use his official authority to influence or coerce the political action of any person or body, or to interfere with any nomination or election to public office. No person holding an appointive office or place in the city government shall act as an officer of a political organization, take part in any political campaign other than to vote, serve as a member of a committee of any such organization, or circulate, or seek signatures to any petition provided for by primary or election laws, or act as a worker in favor of or in opposition to any candidate for public office. Violation of this section shall be a misdemeanor, and upon conviction thereof he shall be fined not less than Ten Dollars ($10) nor more than One Hundred Dollars ($100), and shall forfeit his office or place in city government and shall not be eligible for reappointment or to appointment to any other position in the city government for a period of four years.

§ 25. The word "Mayor," as used herein, shall be construed to include the term "City Manager."

§ 26. This form of government may be terminated at the same time and in the same manner as provided in Section —— herein, for adopting this form of government, except the question submitted to the voters shall be whether or not they desire to terminate this form of government.

§ 27. All of the provisions of Chapter 92 of the Acts of the General Assembly of 1914, being Sections 3480b-1 to 3480b-29, inclusive, Kentucky Statutes, which are not in conflict herewith shall be applicable to cities who elect to operate under the provisions of this Act.

§ 28. Whereas, it is the purpose of this Act by making the Mayor the City Manager and requiring him to give his entire time to the business of the city to relieve the City Council of administrative details and to secure more efficient administration, no part of this Act shall be construed to be repealed by any Act of the General Assembly which would place

the fiscal affairs of the city solely in the hands of the Common Council, but the provisions of this Act shall take effect notwithstanding the duties devolving upon the Common Council by any other Act enacted at this session; and the City Manager or Mayor shall perform the duties directed in this Act notwithstanding the same duties may be referred to the Common Council in third class cities generally by such legislation, if any.

§ 29. The purpose of the General Assembly in enacting this Act for the City Manager Form of Government is to enact each section separately, and should any section be declared unconstitutional, such ruling shall not affect the Act as a whole, but shall only affect such section, unless such ruling shall nullify the essential provisions of this Act and render operation under it impractical.

§ 30. All laws or parts of laws in conflict herewith, to the extent of such conflict, hereby are repealed.

Mr. Robertson offered the following Amendment thereto, by way of Substitute therefor, viz.:

An Act to enable cities of the third class to adopt and operate under the City Manager form of government, and amending Section 3480b-3 of Carroll's Kentucky Statutes, 1922 edition.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That any city of the third class may become organized and be governed under the city manager form of government, according to Section 3480b-3 as herein amended and Sections 3480b-4, 3480b-5, 3480b-6, 3480b-7, 3480b-8, 3480b-9, 3480b-10, 3480b-11, 3480b-12, 3480b-13, 3480b-14, 3480b-15, 3480b-16, 3480b-17, 3480b-18, 3480b-19, 3480b-20, 3480b-21, 3480b-22, 3480b-23, 3480b-24, 3480b-25, 3480b-26, 3480b-27, 3480b-28, 3480b-29, all of said sections being of Carroll's Kentucky Statutes, 1922 edition, and according to the provisions

of this act by proceeding as herein provided. Organizing under this act shall not change the corporate entity of any such city, nor alter the body politic and corporate.

§ 2. All laws, statutes, by-laws, ordinances and resolutions in force, applicable to and governing any city of the third class before the adoption of city manager form of government, and not inconsistent with this act, shall continue to be in force after said adoption until altered or repealed in the regular manner.

§ 3. That Section 3480b-3 of Carroll's Kentucky Statutes, 1922 edition, be amended by repealing all of said section and re-enacting in lieu thereof the following:

It shall be the duty of the county judge in the county, in which is located a city of the third class proposing to take the sense of its voters, as herein provided, upon the change in organization and government, upon the application by written petition signed by a number of legal voters of said city equal to twenty per centum (20%) of the votes cast in said city, at the last preceding general election, to receive said petition, and at the next regular term thereafter to make an order on his order book directing an election to be held in said city at the next regular election and not earlier than sixty days after said application is lodged with the said judge, which order shall direct the sheriff, or other officer of said county who may be appointed to hold said election, to open the polls at each and all of the voting places in said city upon the question as to whether or not the citizens in said city are in favor of the organization and government of said city, under the provisions of this act or such other acts as may utilize the election procedure herein specified.

The question to be submitted to the voters shall be:

"Are you in favor of the organization and government of the city of (naming the city in which said vote is to be taken), under the City Manager Form of Government (or Commission Form of Government, as the case may be), ac-

cording to the provisions of an act (naming this act and giving the year or date of passage or approval or both)."

It shall be the duty of the County Clerk to give to the sheriff of the county, or to such officers as may be appointed to hold said election, a certified copy of the order of the county court as it appears on the order book, within five days after such order is made; and it shall be the duty of said sheriff, or other such officer, to have said order published in some weekly or daily newspaper published or circulated in said county, for at least two weeks before the election, and also to advertise the same by printed or written handbills, posted in conspicuous places in said city, for the same length of time. If there is no weekly or daily newspaper published in said city, or the proprietor of said paper refuses to publish such notice, the printed or written handbills provided for shall be sufficient notice. The sheriff or other such officer shall have the advertisement and notices herein provided for posted as here required, within seven days after he receives the order of the county court. All elections provided for in this act, except the primary elections, shall be held on the regular election day by the regular election officers.

If it shall be found that a majority of the legal votes cast at the election hereinabove provided for were given for or against said proposition submitted, it shall be the duty of the canvassing board to certify that fact, which certificate shall be delivered to the clerk of the county court and a copy thereof delivered to the clerk or recorder of the city, and at the next regular term of said court the county judge shall cause the same to be spread on the order book of said court, and the entry of said certificate in the order book, or copy thereof, shall be prima facie evidence of the facts therein contained.

When a majority of the votes cast shall be in favor of organizing and governing the city under the provisions of this act, and said fact shall be certified as hereinbefore provided, by the said canvassing board to the county clerk, a copy of which shall be certified to the city clerk, and said copy of said

certificates shall be spread upon the records of said county, as herein provided, and upon the records of said city at the next regular meeting of the city council; thereupon said city shall be organized and governed by the provisions of this act.

§ 4. The mayor shall be elected for a term of four years, beginning on the first Monday in January following his election; and shall receive an annual salary, to be determined by the legislative body of the city prior to his election, of not more than Seven Hundred and Fifty Dollars ($750.00).

§ 5. The commissioners shall be elected each for a term of two years, beginning the first Monday in January, following their election; and each shall receive an annual salary, to be determined by the legislative body of the city prior to his election, of not more than Five Hundred Dollars ($500.00).

§ 6. Under the City Manager Form of Government the board of commissioners shall select and employ a city manager who shall not be an officer or official of the city but the executive agent of the mayor and board of commissioners in the management of city affairs. Neither the mayor nor board of commissioners nor any commissioner shall dictate the appointment of any person to office or employment by the city manager, or in any manner interfere with the city manager or prevent him from exercising his own judgment in the appointment of officers and employees in the administrative service. Except for the purpose of inquiry the board of commissioners and its members shall deal with the administrative service solely through the city manager, and neither the board of commissioners nor any members shall deal with the administrative service solely through the city manager, and neither the board of commissioners nor any member thereof shall give orders to any of the subordinates of the city manager, either publicly or privately. Any such dictation, prevention, orders, or other interference on the part of the mayor or of a member of the board of commissioners with the administration of the city shall be deemed to be a misdemeanor,

and upon conviction any member so convicted shall be subject to a fine not exceeding $500.00 or imprisonment for a term not exceeding two months, or both, and such conviction shall operate to remove him, and the judgment of the court shall declare the office vacant.

§ 7. The mayor shall preside at meetings of the board of commissioners and perform such other duties consistent with this office as may be imposed by the board of commissioners. He shall be recognized as the official head of the city for all ceremonial purposes, by the courts for the purpose of serving civil processes, and by the governor for military purposes. In time of public danger or emergency he may, with the consent of the board of commissioners, take command of the police and maintain order and enforce the laws. During his absence or disability his duties shall be performed by another member appointed by the board of commissioners.

§ 8. The city manager shall be chosen by the board of commissioners solely on the basis of his executive and administrative qualifications. The choice shall not be limited to inhabitants of the city or state. He shall be employed for an indefinite period. When such tax is collected, and the remainder, or in the absence of a law authorizing this Commonwealth to furnish text-books to its school children, the net revenue derived under this act shall be credited to the general revenue fund.

§ 11. No suit shall be maintained in any court to restrain the collection of a tax herein imposed upon any ground whatever, but the aggrieved taxpayer must pay the tax as and when due, and if paid under protest, may, at any time within one year from the date of such payment, sue the Auditor of Public Accounts in an action at law to recover the tax so paid, with legal interest thereon from the date of its pay-

ment. If it is finally determined that said tax, and any part thereof, was wrongfully collected for any reason, it shall be the duty of the Auditor of Public Accounts, then in office, to issue his warrant on the Treasurer of the Commonwealth of Kentucky for the amount of such tax so adjudged to have been wrongfully collected, together with interest thereon, and the Treasurer shall pay same out of the revenue collected under the provisions of this act. A separate suit need not be filed for each separate payment made by any taxpayer, but a recovery may be had in one suit for as many payments as may have been made, and which are not barred by the limitation of one year herein imposed.

§ 12. The provisions of this act are severable, and if any of its provisions or any penalty provided by this act shall be held unconstitutional, such provisions or the particular penalty held to be invalid may be rejected without affecting the remainder of the act or such part of the penalties as are not held to be invalid, and the decisions of the court shall not affect or impair the remaining provisions of this act or any of the other penalties anywhere in this act provided. It is hereby declared as a legislative intent that this act would have been adopted had not such unconstitutional provisions or such invalid penalties not been included therein.

Resolved that the title thereof be as aforesaid.

Mr. Hawkins of the Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day, a bill entitled:

H. B. 440. An Act to license and regulate the business of making loans in sums of three hundred dollars ($300) or less, secured or unsecured, at a greater rate of interest than six per centum, prescribing the rate of interest and charge therefor, etc.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That no person, co-partnership, or corporation shall engage in the business of making loans of money, credit, goods, or things in action in the amount, or to the value of Three Hundred Dollars ($300) or less, and charge, contract for, or receive a greater rate of interest than six (6) per centum therefor, except as authorized by this Act, and without first obtaining a license from the Commissioner of Banking

of the Commonwealth of Kentucky, hereinafter called the licensing official.

§ 2. Application for such license shall be in writing and shall contain the full name and address, both of the residence and place of business, of the applicant, and if the applicant is a co-partnership, of every member thereof, or if a corporation of each officer and director thereof; also the county and municipality, with street and number, if any, where the business is to be conducted. Every such applicant at the time of making such application, shall pay to the licensing official the sum of One Hundred Dollars ($100) as an annual license fee, which shall also be in lieu of all other occupational taxes imposed by the laws of the Commonwealth upon the business regulated by this Act, and which shall also be in full payment of all expenses of examinations under, and for administration of this Act; provided, that if the license is issued for a period of less than twelve (12) months the license fee shall be prorated according to the number of months that said license shall run.

§ 3. The applicant shall also, at the same time, file with the licensing official a bond in which the applicant shall be the obligor, in the sum of One Thousand Dollars ($1,000.00), with one or more sureties, whose liability as such sureties shall not exceed the sum of One Thousand Dollars ($1,000), in the aggregate, to be approved by the licensing official, and said bond shall run to the Commonwealth of Kentucky for the use of the Commonwealth and of any person or persons who may have a cause of action against the obligor of said bond under the provisions of this Act. Such bond shall be conditioned that said obligor will conform to and abide by each and every provision of this Act and will pay to the Commonwealth and to any such person or persons, any and all moneys that may become due or owing to the Commonwealth and to such person or persons, from said obligor, under and by virtue of the provisions of this Act.

§ 4. Upon the filing of such application and the approval of said bond, and the payment of said fee, the licensing official shall issue a license to the applicant to make loans in accordance with the provisions of this Act for a period which shall expire the first day of January next following the date of its issuance. Such license shall not be assignable.

§ 5. If in the opinion of the licensing official the bond shall at any time appear to be insecure, or exhausted, or otherwise doubtful, an additional bond in the sum of not more than One Thousand Dollars ($1,000), satisfactory to the licensing official, shall be filed within ten (10) days after notice to the licensee, and upon failure of the obliger to file such additional bond, the license shall be revoked by the licensing official.

§ 6. The licensing official may, upon notice to the licensee and reasonable opportunity to be heard, revoke such license if the licensee has violated any provision of this Act; and in case the licensee shall be convicted by a court a second time of a violation of Section thirteen (13) of this Act, the licensing official shall revoke such license; provided that the second offense shall have occurred after a prior conviction; and thereafter no license shall be issued to such licensee, nor to the husband or wife of the licensee, nor to any co-partnership or corporation of which he is a member, director or officer.

§ 7. The license shall be kept conspicuously posted in the place of business of the licensee.

§ 8. No person, co-partnership or corporation so licensed shall make any loan provided for by this Act, under any other name, or at any other place of business, than that named in the license. Not more than one place of business shall be maintained under the same license, but the licensing official shall issue more than one license to the same licensee upon the payment of an additional license fee and the filing of an additional bond for each license.

§ 9. Whenever the licensee shall change his place of business he shall at once give written notice thereof to the licensing official, who shall attach to the license his approval in writing of the change.

§ 10. The licensing official for the purpose of discovering violations of this Act, may either personally, or by any person designated by him at any time, and as often as he may desire, investigate the loans and business of every licensee and of every person, co-partnership and corporation by whom, or by which any such loan shall be made, whether such person, co-partnership or corporation shall act, or claim to act as principal, agent, or broker, or under, or without the authority of this Act; and for that purpose he, or any person so designated by him, shall have free access to the office or place of business, books, papers, records, safes and vaults of all such persons, co-partnerships and corporations. He shall also have authority to examine, under oath, all persons whomsoever, whose testimony he may require, relative to such loans or business.

§ 11. The licensee shall keep such books and records in his place of business as in the opinion of the licensing official will enable the licensing official to determine whether the provisions of this Act are being observed. Every such licensee shall preserve the records of final entry used in such business, including cards used in the card system, if any, for a period of at least two years after making of any loan recorded therein.

§ 12. No licensee, or other person, co-partnership, or corporation shall print, publish, or distribute, or cause to be printed, published, or distributed in any manner whatsoever, any written, or printed statement with regard to the rates, terms, or conditions for the lending of money, credit, goods, or things in action, in amounts of Three Hundred Dollars ($300) or less, which is false, or calculated to deceive.

§ 13. Every person, co-partnership and corporation licensed hereunder may loan any sum of money not exceeding in amount the sum of Three Hundred Dollars ($300), and may

charge, contract for and receive thereon interest at a rate not to exceed three and one-half (3½) per centum per month. Interest shall not be payable in advance or compounded, and shall be computed on unpaid balances. In addition to the interest herein provided for, no further or other charge, or amount whatsoever, for any examination, service, brokerage, commission, or other thing, or otherwise, shall be directly, or indirectly charged, contracted for, or received, except the lawful fees, if any, actually and necessarily paid out by the licensee to any public officer, for filing, or recording, or releasing in any public office any instrument securing the loan, which fees may be collected when the loan is made, or at any time thereafter. If interest, or charges in excess of those permitted by this Act shall be charged, contracted for, or received, the contract of loan shall be void and the licensee shall have no right to collect, or receive any principal, interest, or charges whatsoever.

§ 14. Every licensee shall:

Deliver to the borrower at the time a loan is made, a statement in the English language showing in clear and distinct terms the amount and date of the loan and of its maturity, the nature of the security, if any, for the loan, the name and address of the borrower and of the licensee and of the rate of interest charged. Upon such statement there shall be printed in English a copy of section thirteen (13) of this Act;

Give to the borrower a plain and complete receipt for all payments made on account of any such loan at the time such payments are made;

Permit payment of the loan in whole or in part prior to its maturity with interest on such payment to the date thereof.

Upon repayment of the loan in full, mark indelibly every paper signed by the borrower with the word "Paid" or "Cancelled," and release any mortgage, restore any pledge, cancel and return any note or cancel and return any assignment or other instrument given by the borrower as security.

§ 15. No licensee shall take any confession of judgment, or any power of attorney, nor shall he take any note, promise to pay, or security that does not state the actual amount of the loan, the time for which it is made and the rate of interest charged, nor any instrument in which blanks are left to be filed after execution.

§ 16. The payment of three hundred dollars ($300) or less in money, credit, goods or things in action as a consideration for any sale, assignment or order for the payment of wages, salary, commissions or other compensation for services, whether earned or to be earned, shall be deemed a loan within the provisions of this Act secured by such assignment; and the amount by which such assigned compensation exceeds such payment shall be deemed interest upon such loan from the date of such payment to the date such compensation is payable. Such loan and such assignment shall be governed by and subject to the provisions of this Act.

§ 17. No licensee shall directly or indirectly charge, contract for or receive any interest or consideration greater than is permitted by law to others than licensees under this Act, upon the loan, use or forbearance of money, goods, or things in action, or upon the loan, use or sale of credit, of the amount or value of more than three hundred dollars ($300). The foregoing prohibition shall also apply to any licensee who permits any person, as borrower, or as endorser, guarantor or surety for any borrower, or otherwise, to owe directly or contingently or both to the licensee at any time the sum of more than three hundred dollars ($300) for principal.

§ 18. No assignment of or order for the payment of any salary, wages, commissions or other compensation for services, earned or to be earned, given to secure any such loan shall be valid unless the amount of such loan is paid to the borrower simultaneously with its execution; nor shall any such assignment or order, or any chattel mortgage or other lien on household furniture then in the possession and use of the borrower be valid unless it be in writing signed in person

by the borrower; nor, if the borrower is married; unless it be signed in person by both husband and wife; provided that written assent of a spouse shall not be required when husband and wife have been living separate and apart for a period of at least five months prior to such assignment, order, mortgage or lien.

A valid assignment or order for the payment of future salary, wages, commissions or other compensation for services may be given as security for a loan made under this Act, and under such an assignment or order, a sum equal to ten (10) per centum of the borrower's salary, wages, commissions or other compensation for services shall be collectable from the employer of the borrower by the licensee at the time of each payment of salary, wages, commissions or other compensation for services from the time that a copy of such assignment verified by the oath of the licensee or his agent, together with a similarly verified statement of the amount unpaid upon such loan, is served upon the employer.

§ 19. No person, co-partnership or corporation, except as authorized by this Act, shall directly, or indirectly, charge, contract for, or receive any interest, or consideration greater than six (6) per centum per annum upon the loan, use, or forbearance of money, goods, or things in action, or upon the loan, use, or sale of credit, of the amount, or value of Three Hundred Dollars ($300) or less.

The foregoing prohibition shall apply to any person who, as security for any such loan, use or forbearance of money, goods or things in action, or for any such loan, use or sale of credit, makes a pretended purchase of property from any person and permits the owner or pledgor to retain the possession thereof, or who, by any device or pretense of charging for his services, or otherwise, seeks to obtain a greater compensation than is authorized by this Act.

No loan for which a greater rate of interest or charge than is allowed by this Act has been contracted for or received, whereever made, shall be enforced in this Common-

wealth, and every person in any wise participating therein in this Commonwealth shall be subject to the provisions of this Act.

§ 20. Any person, co-partnership, or corporation, and the several officers and employees thereof, who shall violate any of the provisions of sections one (1), eight (8), twelve (12), thirteen (13), or nineteen (19) of this Act shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than Five Hundred Dollars ($500), or by imprisonment of not more than six (6) months, or by both such fine and imprisonment, in the discretion of the Court.

§ 21. This Act shall not apply to any person, co-partnership, or corporation doing business under any law of this Commonwealth, or of the United States, relating to banks, trust companies, building and loan associations, credit unions, licensed pawnbrokers, or to loan and investment companies doing business under chapter 28 of the Session Acts of 1918 entitled "an Act concerning loan and investment companies," etc.

§ 22. So much of chapter 158 of the Session Acts of 1920 entitled "An Act imposing an annual license tax" etc., as applies to loan companies is hereby repealed. Chapter 126 of the Sessions Acts of 1912 as amended by chapter 36 of the Sessions Acts of 1918 entitled "An Act to regulate the assignment, sale, pledge, mortgage and other transfer of wages to be earned or paid in the future" etc., is hereby repealed and all Acts and parts of Acts inconsistent with the provisions of this Act are hereby repealed.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That Section 1, of the Act approved March 27, 1926, being Chapter 100 of the Acts of 1926, be, and the same is hereby amended and re-enacted, so that as amended and re-enacted, the same shall read as follows:

"Section 1. The Governor of Kentucky is hereby authorized and directed to appoint a commissioner to make and execute, and said commissioner is hereby authorized and directed to make and execute, for and in behalf of the Commonwealth of Kentucky, a deed, conveying, by fee simple title to the United States of America, for national cemetery purposes, in conformity with the provisions of said Act of Congress, all that portion of said Zachary Taylor burial grounds in Jefferson County, Kentucky, now owned and held by the Commonwealth of Kentucky, together with all improvements thereon and appurtenances thereunto belonging; such conveyance to be made free of any cost or charge to the United States of America for the property so conveyed. The said commissioner is hereby authorized to ascertain by survey, or otherwise, the metes and bounds of said land to be

conveyed, and to include in said deed an appropriate description of said land. The said deed shall be in such form as shall be agreeable to the provisions of said Act of Congress and this Act; and the action of said commissioner shall be and constitute the action of the Commonwealth of Kentucky in the premises."

§ 2. That the third paragraph of preamble to the Act approved March 27, 1926, being Chapter 101 of the Acts of 1926, be, and the same is amended and re-enacted, so that, as amended and re-enacted the same shall read as follows:

"Whereas, it is necessary to so purchase the acreage in order that the said burial ground may be made complete, so that when same is free from debts and encumbrances the United States Government will take over said burial ground and keep the same in perpetual care and as a national cemetery to honor the various soldiers, sailors, and marines, as well as the hero, President Zachary Taylor."

§ 3. The Section 4 of said last named Act be and the same is hereby amended and re-enacted, so that, as amended and re-enacted, the same shall read as follows:

"Section 3. The Governor is hereby authorized to appoint two reputable citizens and residents of the County of Jefferson as commissioners for the Commonwealth of Kentucky to convey on behalf of the Commonwealth of Kentucky to the Government of the United States all of the tract of land, which is purchased by this appropriation in fee simple for the use and benefit of said Government of the United States to be used in conjunction and as a part of the Zachary Taylor National Cemetery."

§ 4. Because it appears that this amendatory act must become a law before the Secretary of War, agreeable to Congressional enactment, may accept for national cemetery purposes, the title to certain of the lands referred to in said two acts hereby amended, and before he may expend on said lands funds appropriated by Congress for the purpose of

improving same as a national cemetery, an emergency is hereby declared to exist, and this act shall take effect from and after its passage.

§ 79. Inquest; Oath to be Administered to Jury; From of; Instructions of Court. The following oath shall be administered to the jury: "You do swear that you will well and truly inquire, and from the evidence say, in your verdict, whether A B, the person whom you have in charge, is of unsound mind, and if of unsound mind, whether he is an idiot or lunatic—that is, whether he was destitute of mind from infancy or lost it since birth; and if he has lost it since his birth, that you will state when, and as far as you can from the evidence the cause of it. You will also inquire and state his birth and residence, and whether he has been brought into this State by any person, and by whom, for the purpose of becoming a charge upon the Commonwealth. That you will find what estate, and the value thereof, he owns in possession, reversion, or remainder; whether his parents are alive; where they reside; and whether they have estate sufficient to support the person under trial; whether he is capable of laboring in whole or in part, and what part, for his support." The judge shall instruct the jury upon the whole case, so as to enable them to decide the question whether the defendant is an idiot or lunatic.

But this oath shall not be confused with or in any wise conflict with the oath to be given upon the inquest of an imbecile as prescribed in Section 2155.

§ 80. Pauper; Who Is; Verdict; Orders of Court. A person is a pauper, idiot, or lunatic, within the meaning of this act, who has been found by the verdict of a jury to be:

(f) If a husband, that his wife has not sufficient estate to support him.

The judge who presides at such inquest may make all orders for the care of the person found to be an idiot, feeble-minded, epileptic or insane, or incompetent to manage his estate; and if it is found upon the inquest that such person has an estate, or it is for any other reason necessary, it shall be the duty of the court to make all necessary orders for the appointment of a committee and the security of the estate of such person.

§ 82. Disposition of Person; Court to Make Necessary Orders. The court may order such person to an asylum for the insane, or to the institution for the feeble-minded, as the facts may warrant; or the court may commit such person to a properly licensed private institution, or to a committee whom the court may find to be proper, able and competent to minister to the welfare of such person, except as otherwise provided.

§ 83. Resident Lunatics and Idiots; To Which Asylum to Be Sent. Unless otherwise designated by the Board of Charities and Corrections, lunatics and idiots, resident in Kentucky, and found in the counties of Pendleton, Harris, Scott, Franklin, Anderson, Mercer, Boyle, Garrard, Rockcastle, Laurel, Knox and Bell, or any county east of these, when sent to an asylum, shall go to, and be received under legal requirements by, the eastern Kentucky asylum for the insane, at Lexington, if there be room therein. § 85. Conveyance and Return of Patients; Females; Cost; How Paid. When the superintendent of any institution receives notice by wire or letter from the judge of the court in which the inquest was held that an order has been entered ordering an idiot, feeble-minded person, epileptic or lunatic to the institution of which he has charge, he shall immediately send a competent attendant to convey said person to said institution, and only the actual traveling expenses of conveying any person to any of the said institutions shall be paid. The superintendent shall itemize the expenses of conveying all such persons to his institution and shall send a statement thereof to the Commissioner of Public Institutions, who shall present said statement to the Auditor of Public Accounts, and said expenses shall be paid as provided for in the manner for the payment of claims. In returning any patient to the county whence he or she was sent, when necessary, the cost of returning them shall be paid in the same manner. Only one person shall be paid out of the State Treasury for conveying any patient. Each female committed to any institution shall be accompanied by a female attendant, unless accompanied by her father, brother, husband or son.

§ 86. Information to be Furnished With Commitment. With the commitment of a feeble-minded, epileptic, insane person or idiot to an institution for the feeble-minded, epileptic, insane or idiots, a copy of the petition, the certificate

of the physicians and the order of commitment, together with a written statement of the judge and the history of the patient's case as hereinafter provided shall be sent to the superintendent of such institution.

Said statement or a copy shall be sent with the record to the institution to which the person may be assigned.

§ 88. Commonwealth or County Attorney; Information to Furnish; Penalty for Failure. The Commonwealth or county attorney in attendance at the inquest shall ascertain and furnish to the superintendent information as to the ad-

dress of the patient, as also the name of the patient's parents, their address, and if the party be married, the name of the husband or wife and his or her address. This information the said attorney may have the clerk endorse on the inquest and history of the case to be forwarded the superintendent.

§ 89. Disposition of Patient if no Vacancy in Institution; Duty of Judge and Superintendent; Necessary Orders; Commitment to Guardianship. If a vacancy in any institution does not exist or if there is not room in the institution for the person sought to be committed, the superintendent shall return the papers to the judge, and thereupon, without further proceedings the judge shall, unless otherwise specially provided by law, issue a supplementary order committing the feeble-minded, epileptic, insane person or idiot to guardianship until a vacancy exists in the institution. In such case the judge shall send to the superintendent a copy of the supplementary order of commitment to guardianship and a copy of the original order of commitment, the petition, the certificate of mental deficiency or epilepsy and his written statement.

§ 90. Occurrence of Vacancy; Disposition of Patient; Termination of Guardianship; Duty of Superintendent to Give Notice and Send for Patient; Allowance Prorated. When a vacancy occurs in an institution to which a court has sought to commit a patient but because through lack of accommodation at said institution for such patients, the patient was committed to guardianship, the superintendent shall immediately notify the judge and clerk of the court having charge of the patient and shall send an attendant to convey such patient to the institution. Such person shall be delivered to the attendant immediately upon arrival and the commitment to guardianship shall thereupon cease and the original order of commitment to the institution shall take effect.

§ 91. Pauper Idiot not to be Sent to Asylum Unless Dangerous; Verdict at Inquest to Show. No order shall be made by any court or officer for sending a pauper idiot to an

asylum, nor shall such idiot be received therein unless the jury by their verdict on the inquest, shall find that he is so dangerous or uncontrollable that he can not be safely and properly kept by a committee within the county.

§ 92. Refusal to Receive. The superintendent or person in charge of any institution for the feeble-minded or insane may refuse to receive any person upon an order of commitment, if the papers presented do not comply with the provisions of this act, or if in his judgment the person is not feeble-minded or insane within the meaning of this act. The attendant sent for a patient shall examine the papers before he conveys the patient to the institution and shall not convey the patient if his papers are incomplete, but his approval of them shall not be conclusive.

§ 93. Conveyance to Asylum; When County to Pay; Mileage Allowed and When Not Paid; Orders of Court. If the court wherein an inquest is held shall order as necessary an additional guard his expenses shall be paid by the county and the costs shall not exceed six cents per mile for the guard or guards and patient, each, going, and six cents per mile for the guard returning, the distance to be estimated by the nearest usual route of travel. If the patient can not be received by the asylum, six cents per mile for his returning shall also be allowed; but no allowance for expenses of either guard or patient to or from the asylum shall be made unless either an application has been made first by letter to the superintendent or an order of court made to carry the patient to the asylum immediately on account of violent and dangerous character.

§ 94. Idiots, Epileptics and Harmless Lunatics; Disposition of. sent from the city of Louisville, then to the mayor of that city, who shall make suitable provision for their keeping out of the annual appropriation for such persons. The superintendent and his staff shall investigate each case carefully, and, if they all concur in the opinion that an inmate can be safely sent back, they shall order such patient returned to the county from whence he was sent and shall deliver with him a certificate of their finding.

§ 95. Restoration; Inquest; Discharge as Cured. No person who has been adjudged of unsound mind at an inquest shall be discharged from any institution whatever as cured or restored until he has been found, by an inquest for restoration held in the court which adjudged him of unsound mind, to be cured or restored.

§ 96. Inquiry as to Restoration; Verdict; Judgment. Whenever it shall appear, from an affidavit filed, to the county or circuit court in which any person has been adjudged of unsound mind, that a person of unsound mind has been restored to his proper senses, or that the inquest was false or fraudulent, the court shall forthwith direct the facts to be inquired into by a jury in open court and make all necessary orders and decrees in the premises.

If the jury shall find the person charged who had heretofore been found of unsound mind, to be of sound mind, then the court shall enter an order and judgment that said person is restored and give him all the rights and privileges of a person of sound mind.

§ 97. Duty of Clerk of Court; Penalty. When an inquest of restoration is held and the person upon whom the inquest is held is adjudged to be of sound mind and is restored, the clerk of the court shall locate among his records the order adjudging such person a person of unsound mind, and the index thereof, and shall note said restoration thereon and make a sufficient notation upon the margin of said order and of said index, to enable one to forthwith locate the orders

in the inquest of restoration. If he shall fail to do so, he shall be fined $50 and shall be liable upon his bond to such person for damages.

§ 98. Restoration; Inquest; Certificate of Superintendent. Whenever in the judgment of the superintendent of a State institution for the feeble-minded, epileptic or insane a person committed as an idiot, a feeble-minded, epileptic or insane person is not feeble-minded, epileptic, insane or an idiot, the superintendent may, upon filing his written certificate in the court wherein the inquest of the patient was held and a copy thereof with the Board of Charities and Corrections, cause an inquest for restoration to be held in said court. The certificate of the superintendent of a State institution for persons of unsound mind shall be prima facie evidence that a person of unsound mind has been restored upon an inquest for restoration provided the inquest is commenced within ten days from the date of the certificate.

§ 99. How Inquiry Instituted; County Attorney Notified. The proceedings instituted under this Act may be by an affidavit filed by the person under investigation, or by his next friend, and if the person, so charged, has a committee the committee shall be notified of said proceedings by reasonable notice in writing, and the County Attorney shall also be notified of said proceedings.

§ 100. Venue of Proceedings. The proceedings for restoration of the person to sound mind, who has been found of unsound mind, shall be commenced and proceeded in the court in which he was adjudged of unsound mind. § 101. Appeal to Circuit Court. Circuit Courts shall have the jurisdiction in all cases for the restoration of persons to sound mind, and any party in interest shall have the right to appeal from the judgment of the County Court to the

Circuit Court, and upon the appeal the Circuit Court shall hear the proceedings de novo.

§ 104. Release of Patients Upon Certificate of Superintendent. Whenever in the judgment of the superintendent of a State institution for the feeble-minded, epileptic or insane the condition of an inmate has sufficiently improved so that his release will not be injurious to him or detrimental to the public welfare, or because he is not a proper case for treatment at any State institution, the superintendent may, on filing his written certificate with the Board of Charities and Corrections, release such person, unless the person is held upon an order arising out of a criminal offense. Before making such certificate, the superintendent shall satisfy himself by sufficient proof that friends or relatives of the person are willing and financially able to receive and properly care for such person after his discharge, if he is unable to care for

himself. If the person to be discharged be poor or indigent, he shall be returned to the county judge in the county from which he was committed, or to the mayor of the City of Louisville, as elsewhere provided for in the case of pauper idiots, epileptics and harmless incurable lunatics.

§ 105. Request to Discharge Patients; Procedure if Discharge Refused. If the superintendent is unwilling to discharge a person upon request being made to do so and so certifies in writing, giving his reasons therefor, the judge of the court in the county in which the institution is situated may, upon such certificate and an oportunity for a hearing thereon being accorded the superintendent, and upon such other proof as may be produced before him, direct, by order, the discharge of such person, upon such security to the people of the State as he may require, for the good behavior and maintenance of the person so discharged.

§ 106. Family or Friends; Removal of Patients by. Resolved that the title thereof be as aforesaid.

Mr. Hawkins of Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

S. B. 129. An Act to enable cities of the second class to adopt and operate under the City Manager form of government, and amending Section 3235c-3 of Carroll's Kentucky Statutes.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That any city of the second class may become organized and be governed under the city manager form of government, according to Section 3235c-3 as herein amended and sections 3235c-4, 3235c-5, 3235c-6, 3235c-7, 3235c-8, 3235c-9, 3235c-12, 3235c-13, 3235c-14, 3235c-15, 3235c-20, 3235c-21, 3235c-22, 3235c-23, 3235c-24, 3235c-25, 3235c-26, 3235c-27, 3235c-28, and 3234d, all of said sections being of Carroll's Kentucky Statutes, and according to the provisions of this Act by proceeding as herein provided. Organizing under this Act shall not change the corporate entity of any such city, nor alter the body politic and corporate.

§ 2. All laws, statutes, by-laws, ordinances and resolutions in force, applicable to and governing any city of the second class before the adoption of city manager form of government, and not inconsistent with this act, shall continue to be in force after said adoption until altered or repealed in the regular manner.

§ 3. That Section 3235c-3 of Carroll's Kentucky Statutes be amended by repealing all of said section and re-enacting in lieu thereof the following:

It shall be the duty of the county judge in the county, in which is located a city of the second class proposing to take the sense of its voters, as herein provided, upon the change in organization and government, upon the application by a written petition signed by a number of legal voters of said city equal to twenty per centum (20%) of the votes cast in said city, at the last preceding general election, to receive said petition, and at the next regular term thereafter to make an order on his order book directing an election to be held in said city at the next regular election and not earlier than sixty days after said application is lodged with the said judge, which order shall direct the sheriff, or other officer of said county who may be appointed to hold said election, to open the polls at each and all of the voting places in said city upon the question as to whether or not the citizens in said

city are in favor of the organization and government of said city, under the provisions of this act or such other acts as may utilize the election procedure herein specified.

The question to be submitted to the voters shall be:

"Are you in favor of the organization and government of the city of (naming the city in which said vote is to be taken), under the City Manager Form of Government, (or Commission Form of Government, as the case may be), according to the provisions of an Act (naming this Act and giving the year or date of passage or approval or both).

It shall be the duty of the County Clerk to give to the sheriff of the county, or to such officers as may be appointed to hold said election, a certified copy of the order of the county court as it appears on the order book, within five days after such order is made; and it shall be the duty of said sheriff, or other such officer, to have said order published in some weekly or daily newspaper published or circulated in said county, for at least two weeks before the election, and also to advertise the same by printed or written handbills, posted in conspicuous places in said city, for the same length of time. If there is no weekly or daily newspaper published in said city, or the proprietor of said paper refuses to publish such notice, the printed or written handbills provided for shall be sufficient notice. The sheriff or other such officer shall have the advertisement and notices herein provided for posted as herein required, within seven days after he receives the order of the county court. All elections provided for in this Act, except the primary elections, shall be held on the regular election day by the regular election officers.

If it shall be found that a majority of the legal votes cast at the election hereinabove provided for were given for or against said proposition submitted, it shall be the duty of the canvassing board to certify that fact, which certificate shall be delivered to the clerk of the county court and a copy thereof delivered to the clerk or recorder of the city, and at the

next regular term of said court the county judge shall cause the same to be spread on the order book of said court, and the entry of said certificate in the order book, or copy thereof, shall be prima facie evidence of the facts therein contained.

When a majority of the votes cast shall be in favor of organizing and governing the city under the provisions of this act, and said fact shall be certified as hereinbefore provided, by the said canvassing board to the county clerk, a copy of which shall be certified to the city clerk, and said copy of said certificates shall be spread upon the records of said county, as herein provided, and upon the records of said city at the next regular meeting of the city council; thereupon said city shall be organized and governed by the provisions of this Act.

§ 4. The mayor shall be elected for a term of four years, beginning on the first Monday in January following his election; and shall receive an annual salary, to be determined by the legislative body of the city prior to his election, of not more than Seven Hundred and Fifty Dollars ($750.00).

§ 5. The commissioners shall be elected each for a term of two years, beginning the first Monday in January, following their election; and each shall receive an annual salary, to be determined by the legislative body of the city prior to his election, of not more than Five Hundred Dollars ($500.00).

§ 6. Under the City Manager Form of Government the board of commissioners shall select and employ a city manager who shall not be an officer or official of the city but the executive agent of the mayor and board of commissioners in the management of city affairs. Neither the mayor nor board of commissioners nor any commissioner shall dictate the appointment of any person to office or employment by the city manager, or in any manner interfere with the city manager or prevent him from exercising his own judgment in the appointment of officers and employees in the administrative service. Except for the purpose of inquiry the board of com-

missioners and its members shall deal with the administrative service solely thronugh the city manager, and neither the board of commissioners nor any members thereof shall give orders to any of the subordinates of the city manager, either publicly or privately. Any such dictation, prevention, orders, or other interference on the part of the mayor or of a member of the board of commissioners with the administration of the city shall be deemed to be a misdemeanor, and upon conviction any member so convicted shall be subject to a fine not exceeding $500.00 or imprisonment for a term not exceeding two months, or both, and such conviction shall operate to remove him, and the judgment of the court shall declare the office vacant.

§ 7. The mayor shall preside at meetings of the board of commissioners and perform such other duties consistent with this office as may be imposed by the board of commissioners. He shall be recognized as the official head of the city for all ceremonial purposes, by the courts for the purpose of serving civil processes, and by the governor for military purposes. In time of public danger or emergency he may, with the consent of the board of commissioners, take command of the police and maintain order and enforce the laws. During his absence or disability his duties shall be performed by another member appointed by the board of commissioners.

§ 8. The city manager shall be chosen by the board of commissioners solely on the basis of his executive and administrative qualifications. The choice shall not be limited to inhabitants of the city or state. He shall be employed for an indefinite period. He shall be removable at will by the board of commissioners, but such removal shall not be effected by a reduction in the compensation of the city managers, and if removed at any time after having served for six months he may in writing demand written charges and a public hearing on the same before the board of commissioners prior to the date on which his final removal shall take effect, but during

such hearing the board of commissioners may suspend him from office. Such public hearing shall be fixed by the board of commissioners not to exceed thirty days after such demand therefor. During the absence or disability of the city manager the board of commissioners shall designate some properly qualified person to perform the duties of the office. The city manager shall receive such compensation as may be determined by the board of commissioners.

§ 9. The city manager shall be responsible to the board of commissioners for the proper administration of all affairs of the city, and to that end shall make all appointments, except as otherwise provided in this law. Except when the board of commissioners is considering his removal, the city manager shall be entitled to be present at all meetings of the board of commissioners and of its committees and to take part in their discussion.

§ 10. The Board of Commissioners shall create by ordinance such administrative departments as in the judgment of the Board are reasonably required for the efficient, orderly and economical administration of the business affairs of the city; and may at any time create new departments, combine or abolish existing departments, or establish temporary departments and may also prescribe by ordinance the functions of each department and provide for the appointment or employment of a Director of each, or of one or more of such departments. Directors of departments shall be appointed by the City Manager, and may be removed by him at any time. Any person employed in any department may be removed at any time by the Director of such department, or by the City Manager, subject to such civil service rules and regulations as may be deemed necessary for the efficient and nonpolitical handling of city affairs.

§ 11. Powers of Subpoena.—The board of commissioners, the city manager, and any officer or board authorized by them, or either of them, shall have the power to make investi-

gations as to city affairs, to subpoena witnesses, administer oaths, and compel the production of books and papers.

§ 12. Annual Budget.—Once each year the city manager shall prepare and submit to the board of commissioners an annual budget for the ensuing fiscal year, based upon detailed estimates furnished by the several departments and other divisions of the city government, according to a classification as nearly uniform as possible. The budget shall present the following information:

(a) An itemized statement of the appropriations recommended by city manager for current expenses and for permanent improvements for each department and each division thereof for the ensuing fiscal year with comparative statements in parallel columns of the appropriations and expenditures for the current and next preceding fiscal year, and the increases or decreases in the appropriations recommended;

(b) An itemized statement of the taxes required of the estimated revenues of the city from all other sources for the ensuing fiscal year, with comparative statements in parallel columns of the taxes and other revenues for the current and next preceding fiscal year, and of the increases and decreases estimated or proposed;

(c) A statement of the financial condition of the city; and,

(d) Such other information as may be required by the board of commissioners. Copies of the budget shall be printed and available for distribution not later than two weeks after submission to the board of commissioners and a public hearing shall be given thereon by the board of commissioners or a committee thereof before action by the board of commissioners.

§ 13. Appropriation Ordinance; Temporary Appropriation; Transfers.—The board of commissioners shall pass an annual appropriation ordinance, which shall be based on the budget submitted by the city manager. The total amount

of appropriations shall not exceed the estimated revenues of the city. Before the annual appropriation ordinance has been passed, the board of commissioners, with the recommendation in writing of the city manager, may make appropriations for the current department expenses, chargeable to the appropriations for the year when passed, to an amount sufficient to cover the necessary expenses of the various departments until the annual appropriations is in force. No other liabilities shall be incurred by any officer or employee of the city, except in accordance with the provisions of the annual appropriation ordinance or under continuing contracts and loans authorized under the provisions of this charter. At any meeting after the passage of the appropriation ordinance, and after at least one week's notice, the board of commissioners may amend such ordinance, so as to authorize the transfer of unused appropriated for one purpose to another purpose, to appropriate available revenues not included in the annual budget.

§ 14. Each fiscal year an annual audit shall be made of all the accounts of all city officers; and upon the death, resignation, removal or expiration of the terms of the director of finance, an audit shall be made of his accounts. Such audits shall be made under the provisions of any law for the inspection and audit of municipal accounts by State officers; and if there is no such State inspection such audits shall be made by qualified public accountants, selected by the board of commissioners, who have no personal interest, direct or indirect, in the financial affairs of the city or of any of its officers; or employees. The board of commissioners may at any time provide for an examination or audit of the accounts of any officer or department of the city government. The board of commissioners shall require bonds with adequate surety of such amounts as it may deem advisable, from the city manager, the director of the department of finance and from any other city employee whose duties, in the opinion of said

board, require a bond for faithful performance. Any premiums on any or all of said bonds may at the discretion of the board of commissioners be paid by the city.

§ 15. The adoption by any city of the second class of the City Manager Form of Government as herein provided shall not as to any such city, unless such city shall have theretofore adopted and be operating under the Commission Plan of Government, become effective or go into operation until the expiration of the year for which the duly elected city officials may have been elected.

§ 16. The provisions of this Act shall be severable, and if any of the provisions shall be held to be unconstitutional, the decision of the court shall not affect the validity of the remaining provisions.

Mr. Land offered the following Amendments to said bill, viz.:

Amend Section 1 of said bill by striking out of line 3 the enumerated Sections 3235c-5 and by striking out of line 4 the enumerated Section 3235c-7 so that said section as amended shall read as follows, to-wit:

Section 1. That any city of the second class may become organized and be governed under the City Manager form of government, according to Section 3235c-3 as herein amended and Sections 3235c-4, 3235c-8, 3235c-9, 3235c-12, 3235c-13, 3235c-14, 3235c-15, 3235c-20, 3235c-21, 3235c-22, 3235c-23, 3235c-24, 3235c-25, 3235c-26, 3235c-27, 3235c-28 and 3235d, all of said sections being of Carroll's Kentucky Statutes, and according to the provisions of this Act by proceeding as herein provided. Organizing under this Act shall not change the corporate entity of any such city, nor alter the body politic and corporate.

Amend S. B. 129, immediately after Section 3 the following additional sections respectively designated as Section 3a, Section 3b and Section 3c, to-wit:

Section 3a. If the vote shall be in favor of the organization and government of the city under the City Manager Form of Government, then, at the first succeeding regular election at which the Mayor of such city is elected, there shall be elected by the qualified voters of said city, four Commissioners and a Mayor, who shall hold office under the provisions of this Act, and such City Manager Form of Government shall become effective, and go into operation upon the qualification and installation in office of the Mayor and Commissioners elected at such election, and not prior thereto.

Section 3b. No person shall be elected as Mayor, or Polic Judge, or Commissioner, under the City Manager Form of Government, without first having been nominated in the manner hereinafter prescribed. On the third Saturday before the day for the regular election there shall be held a primary election. Said primary election shall be conducted by the same officers chosen and acting in the same manner, with the same rights and duties, as in the later regular election.

Each applicant for nomination shall, at least ten days before the day for said primary election, file with the county clerk a petition signed by at least one hundred voters and in the following form:

We the undersigned, qualified voters of the city of..... (naming it), and residing each at the place indicated opposite his name signed hereto, do hereby request that the name of ..... (naming the applicant) be placed on the ballot as that of an applicant for nomination for the office of ..... (naming the office sought), at the primary election to be held in our city on the third Saturday before the next regular election. We know the applicant to be a

qualified voter of the city and a man of good character; and he is, in our judgment, qualified for the duties of the office sought by him.

Names	Numbers	Streets
.....	.....	.....
.....	.....	.....
.....	.....	.....
.....	.....	.....

Such petition shall be verified by the affidavit of some person or persons as to the genuineness of the signatures and addresses of the signers.

No voter shall sign more than one such petition with reference to each office that is to be filled. In the event that a person shall sign more than one petition of applicants for nomination for mayor or police judge or shall sign the petitions of more than four applicants for nomination for commissioners, then the name of said petitioner shall not be counted as a valid name on any of said petitions.

Immediately upon the expiration of the time for filing such petitions the said county clerk shall cause to be published for three successive days in the official newspaper of the city, and in such other papers as he may designate, in proper form the names of the persons as they will appear upon the primary ballots; and the said clerk shall thereupon cause the primary ballots to be printed, authenticated with a fac simile of his signature.

Upon said ballots the names of said applicants for each nomination shall be placed in alphabetical order, with a square at the right of each name, and above the names of the applicants for nomination for mayor or police judge, as the case may be, shall be printed the words, "Vote for one," and above the names of the applicants for nominations for commissioners shall be printed the words, "Vote for four." The ballots shall contain no party designation or emblem of any

kind, nor any sign indicating any applicant's political belief or party affiliation.

Having caused said ballots to be printed, the said county clerk shall cause to be delivered at each polling place a number of said ballots equal to twice the number of votes cast in such polling precinct at the last preceding general municipal election for mayor. The persons who are qualified to vote at the general municipal election shall be qualified to vote at such primary election, and the law applicable to challenges made at a general municipal election shall be applicable to challenges made at such primary election. The officers of election shall, immediately upon the closing of the polls, count the ballots and ascertain the number of votes cast in each precinct for each of the applicants, and make return thereof to the county clerk, upon proper blanks to be furnished by the said clerk, within six hours of the closing of the polls. On the day following the said primary election the county board of election commissioners shall canvass said returns so received from all the polling precincts, and shall publish in the official newspaper of the city, at least once, the result thereof. Said canvass by the county board shall be publicly made.

At such primary election the two applicants receiving the highest number of votes for nomination for mayor or police judge, as the case may be, shall be thereby nominated; and the eight applicants receiving the highest number of votes for nominations for commissioners shall be thereby nominated.

Section 3c. At the regular elections held under this act for Mayor, or Police Judge, and Commissioners under the City Manager Form of Government, the names of the nominees shall be placed in alphabetical order upon ballots differing from those used at the nomination only in that they (the election ballots) shall contain only the names of the successful nominees and the heading "city ballot," and the one nominee receiving the greater number of votes cast for mayor

or police judge (as the case may be), and the four nominees receiving the greatest number of votes cast for commissioners shall be elected, respectively, mayor or police judge (as the case may be), and commissioners.

An Act relating to the management, operation and rate-making for water works in cities of the first class and providing for the installation of water meters in private residences, apartment houses and flats and for the prevention of consolidation, merger or sale of such water works in said cities.

The Enrolled copy of said bill was returned to the House by the Governor with the following objections thereto, viz.:

This bill effects the Louisville Water Company and materially reduces the revenue of the City of Louisville. The Capital stock of the Company is $1,275,100.00 while its bonded indebtedness is $1,079,000.00. This bill proposes to regulate the company in the following particulars:

1. To prevent the sale, merger or consolidation of water companies of cities of the 1st class without a referendum.

2. Providing that all profits shall be retained and be used for extension and improvements, and that no earnings be transferred to any other city department.

3. That meters shall not be installed in private dwellings or apartment houses, only by the agreement of the owners, and that otherwise the rates shall be based upon the size of the houses or apartments and the number of water attachments.

The revenues of the city were reduced a few years ago when the license on saloons ceased. That deficit had to be made up in order that the city government might function. Accordingly, the water company was allowed to pay dividends into the city treasury. This amounted annually to approximately $190,000.000. Without this revenue the city government would be in great financial distress so it appears from a statement of the financial conditions of the city. The water rates in the city of Louisville are shown to be as reasonable as in any city of the size of Louisville in all the United States.

These facts taken in connection with the further facts that the revenues from the water company have been necessary in the past years, to maintain the city government, impels me, as Governor of the Commonwealth acting in the interest of all the people, to disapprove this measure, and it is now vetoed and transmitted together with this veto to the House of Representatives for further consideration.

Flem D. Sampson, Governor.

Mr. Gnau moved that said bill be reconsidered in accordance with the provisions of Section 88 of the Constitution.

Said motion was agreed to.

The question then being taken on the passage of said bill, the vetoe and the objections of the Governor thereto, to the contrary notwithstanding, it resulted in negative.

Said bill failing to receive the vote of the majority of all the members elected to the House, a majority being present and voting thereon, it was rejected.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the day, a bill entitled:

S. B. 252. An Act to license and regulate the business of making loans, by persons, co-partnerships, or corporations, other than those empowered to engage in such business by such laws of this Commonwealth, or of the United States, as relate to banks, trust companies, title companies, building and loan associations, or licensed pawnbrokers, and providing penalties for violation thereof.

Said bill is as follows:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. No person, co-partnership, or corporation shall engage in the business of making loans of money, credit, goods, or things in action, except as authorized by this Act, and without first obtaining a license, as hereinafter provided for, from the Commissioner of Banking of the Commonwealth of Kentucky, hereinafter called the licensing official.

§ 2. Application for such license shall be in writing, addressed to the licensing official, and shall contain the full name and address, both of the residence and the place of business, of the applicant, and if the applicant is a co-partnership, of every member thereof, or if a corporation, of every officer thereof, and in either event the full name and address, likewise, of the representative, or manager, or other person in charge or to be in charge of the business of the applicant, at the place of business designated in said application; such application shall contain the name of the county and munici-

pality, with street and number, where said business is to be conducted. Every such applicant, at the time of making such application, shall pay to the licensing official the sum of two hundred ($200) dollars as an annual license fee, and which shall be in lieu of all occupational fees and occupational taxes imposed by laws of this Commonwealth or by local laws upon the business regulated by this Act, and which shall be in full of all expenses of examinations under and administration of this Act, except as hereinafter provided for; provided, that when a license is issued for a period of less than twelve (12) months, the license fee shall be pro-rated according to the number of months which the license shall run.

§ 3. Upon the filing of such application, and the payment of such license fee, the licensing official shall issue a license to the applicant, to engage in such business in accordance with this Act, for a period which shall expire upon the first day of January next after its issuance. Such license shall be non-transferable and non-assignable.

§ 4. The licensing official may, upon reasonable notice to the licensee, and upon reasonable opportunity to be heard, revoke such license, if the licensee, in person, or by agent, representative, or employee, has violated any provision of this Act, and if the licensee shall have been convicted a second time of a violation of either section one (1), six (6), nine (9), ten (10), eleven (11), or twelve (12), or of more than one of said sections of this Act, the licensing official shall revoke such license; provided, that the second offense shall have occurred after a prior conviction, in which case another license shall not be issued to such licensee, nor to any co-partnership or corporation of which he is a member or officer, or representative, or employee.

§ 5. Such license shall be kept conspicuously posted in the place of business of the licensee.

§ 6. No person, co-partnership, or corporation so licensed shall engage in such business, or make any loan of money, credit, goods or thing in action, under any other name,

or at any other place of business than that named in such license. Not more than one place of business shall be maintained under the same license, but the licensing official shall issue more than one license to the same licensee upon the filing of an additional application for each additional license applied for, and upon payment of an additional license fee therefor, with each additional application made.

§ 7. Whenever the licensee shall change the location of his place of business, he shall give written notice of such change to the licensing official, who shall attach to the license his approval, in writing, of such change.

§ 8. The licensing official may, for the purpose of discovering violations of this Act, either personally, or by any person designated by him, at any time, and as often as he may desire, investigate the loans and business of any licensee, and of every person, co-partnership, and corporation by whom or by which such business is conducted, or engaged in, whether such person, co-partnership, or corporation shall act or claim to act as principal, agent, or broker, or under, or without authority of this Act, and for that purpose he shall have free access to the office and place of business, books, papers, records, evidences of loan, safes and vaults of all such persons, co-partnerships, and corporations, and shall have authority to examine, under oath, all persons whomsoever, whose testimony he shall require, relative to such loans or business.

§ 9. The licensee shall keep such books and records in his place of business as in the opinion of the licensing official will enable the licensing official to determine whether the provisions of this Act are being observed. Every licensee shall keep, in his place of business, and in addition to such other records as the licensing official may require, an accurate record of the actual amount of money, or the actual value, in terms of dollars and cents, of all credit, goods, or things in action loaned or paid or delivered into the control or possession of each individual borrower from such licensee, or which

shall have been made available for each borrower's use or benefit in any manner whatsoever, and shall also keep, in his place of business, an accurate record of the payments made by each borrower, and open to his inspection, or the inspection of his representative for him, during the licensee's regular or usual business hours. Every licensee shall preserve such records, together with the records of final entry used in such business, including cards used in a card system, if any, for a period of two (2) years after the making of any loan or obligation therein.

§ 10. Every licensee shall deliver to each borrower, at the time a loan is made, or obligation consummated by the terms of which the borrower becomes obligated in any manner to the licensee, a written statement, in the English language, in clear and distinct terms and characters, disclosing thereon every material term and condition of the loan, or obligation. Such statement shall show, in addition, the name and address of the borrower, the name and place of business of the licensee, the date and maturity of the loan, or obligation, the actual consideration passing from the licensee to the borrower, and from the borrower to the licensee, the due date and amount of each installment thereon, if any, and the nature of the security therefor, if any.

§ 11. Every licensee shall give each borrower a written receipt, in clear and distinct terms and characters, for each payment made by the borrower to the licensee on account of any loan, or obligation, existing between them, and every such receipt shall show the name and address of the borrower, the name and place of business of the licensee, and the date and amount of each payment. Upon repayment of any loan, or performance of any obligation, in full, the licensee shall mark indelibly every paper signed by the borrower with the word "Paid" or "Cancelled," and release any mortgage, restore any pledge, cancel and return any note or other evidence of obligation, or as security; provided, that this clause shall not apply to any such papers which have been filed as a

matter of public record, or as exhibits in any action instituted to enforce the payment of any loan or performance of any obligation.

§ 12. No licensee shall take any confession of judgment, waiver of exemptions, or any power of attorney; nor shall he take any note, promise to pay, or security that does not state every material term and condition of the loan, or obligation, in like manner as is required by section 10 hereof, relating to statement to be furnished each borrower.

§ 13. Every license shall permit the repayment of any loan, or obligation, in whole or in part, prior to its maturity, with interest thereon to the date of such payment.

§ 14. This Act shall apply to any person, co-partnership, or corporation who or which, as security for any loan, use or forbearance of money, goods, or things in action, or for any loan, use, or sale of credit, makes a pretended purchase of property from any person and permits the owner to pledge or retain the possession thereof, or who or which, by any device, pretense or scheme of charging for his or its services, or otherwise, seeks to avoid the provisions of this Act.

§ 15. The expenses incurred in making not to exceed two (2) examinations in each calendar year of each licensee, shall be paid by the licensee examined. Said expense shall not exceed ten ($10.00) dollars per day for each day or part thereof during which said examination is conducted, together with the reasonable living and traveling expenses actually paid by the examiner making such examination, which shall not exceed the regular fare over the most direct route, and meals and lodging actually paid for by said examiner not exceeding five ($5.00) dollars per day. Said expense shall be payable to the licensing official upon receipt by the licensee of a statement of account thereof verified by the licensing official, or in his behalf. If any licensee shall fail to pay the expenses of any examination for a period of thirty (30) days following receipt of such verified statement of account, the licensing official may proceed to compel payment thereof by action in

any court of this Commonwealth having jurisdiction, and in the event it becomes necessary for the licensing official to file a second suit, for a second failure to pay such expenses incurred during a second or following examination, the licensee shall be held to have violated the provisions of this Act, and his license may be revoked, as provided for in section four (4) hereof. The licensing official may and is hereby authorized to employ sufficient clerical force in addition to that now provided by law to put this Act into effect, and may employ also some other person or persons in addition to those now provided by law in his department to make the examinations provided for herein; provided, that the total expense incurred by the licensing official on account of such additional clerical force, and on account of such additional person or persons to make the examinations herein provided for, shall not exceed the total fees, and costs of examination, received by him hereunder.

§ 16. All moneys collected by the licensing official, under the provisions of this Act, shall be paid by him into the treasury of this Commonwealth, as collected.

§ 17. This Act shall not apply to any person, co-partnership, or corporation doing business under any law of this Commonwealth, or of the United States, relating to banks, trust companies, title companies, building and loan associations, or licensed pawnbrokers.

§ 18. Any person, co-partnership, or corporation or either of the several members, officers and employees thereof, who shall willfully and knowingly violate either one or more of the provisions of sections one (1), six (6), nine (9), ten (10), eleven (11), or twelve (12), of this Act shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine not exceeding two hundred ($200) dollars, or by imprisonment, of not more than three (3) months, or by both such fine and imprisonment, in the discretion of the court; provided that the provisions hereof shall not apply to a person who makes

Resolved that the title thereof be as aforesaid.

Mr. Hawkins of Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules the House took up for consideration from the Orders of the Day a bill entitled:

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. At any time or times when there shall be no Sewer Commisison existing in any City of the first class, the legislative body of said City may, by resolution, request the Mayor to appoint sewer commissioners under this Act, and if the Mayor shall approve such resolution he shall thereupon make

such appointments, provided, however, that from and after the establishment of the department of public works and the appointment and qualification of the director of works that from and after that time and upon the expiration of the terms of office of the appointed members of said Commission then in office, upon the notification by the Mayor of the passage and his approval of such resolution, the director of public works shall appoint, with the approval of the Mayor, the new members of said Commission and their successors. Vacancies in said Commission shall be filled for the unexpired term in the same manner as the original appointment.

§ 2. The Sewerage Commission shall consist of five members, four of whom shall be appointive and the fifth member shall be the Mayor of the City ex-officio until after the establishment of the department of public works and the appointment and qualification of the director of works, when the Mayor shall cease to be a member ex-officio and the director of works shall ex-officio become the fifth member of said Sewerage Commission. One-half of the appointive members shall be of one political party and the other half of the other political party which at the last preceding election in such city respectively cast the highest and next highest number of votes.

The appointive members shall have the following qualifications: Each appointee shall be at least twenty-five (25) years of age and reside within the City and be the owner in his own right of real estate. No officer or employee of said city, whether holding a paid or unpaid office, shall be eligible for appointment to the said Commission. Such appointees shall be subject to the approval of the Upper Board of the Legislative body when there are two Boards and of the legislative body when there is but one Board. The terms of office shall be four years.

Any Commission may be continued by appointments made in the same manner as the original appointment. If the

work upon which a Commission is engaged is completed and no further work is contemplated within a definite time or if the money provided for the use of said Commission by any bond issue as hereinafter provided shall be expended, the director of public works shall notify the Mayor and legislative body of the City of the completion of said work, or of the expenditure of the funds provided for said Commission, and the Mayor and legislative body of said City shall forthwith decide whether said Commission shall be dissolved or shall be continued, and if continued, said legislative body of said city shall, by ordinance approved by the Mayor, fix the salaries of said Commission and shall pay same out of such funds of said city as they shall deem best until such time as a new bond issue shall be passed to provide further funds for said Commission or until such time as the Mayor and the legislative body of said city shall decide that it is best to dissolve and discontinue said Commission. Upon the dissolution of said Commission, the ex-officio member of said Commission shall take charge of all the office furniture, fixtures, machinery, tools, instruments, maps, plans, books and papers of said Commission and shall preserve same and upon the appointment of another Commission under this Act the same shall be turned over to said Commission and so on with each subsequent Commission, provided, however, that the legislative body of the City may, by ordinance, provide for the sale or other disposition of the office furniture, fixtures, tools, instruments and machinery. If said Commission shall be continued as hereinabove provided upon the voting as hereinafter provided of a new bond issue, the Commission shall be paid out of the proceeds thereof. After the establishment of the department of public works, the said Sewerage Commission shall co-operate with said department of public works.

§ 3. The persons appointed as members of said Commission shall constitute a body corporate under the name of the commissioners of sewerage of such City, and shall have

capacity to contract and be contracted with, to sue and be sued in that name, and to adopt a seal and alter same at pleasure. If any Commission appointed under this Act should be dissolved, the corporation shall be continued in the ex-officio members thereof but shall have no power to do any act or thing until such time as four appointive members are appointed as herein provided, when the same shall then have all of the original functions and powers of said corporation. Each Commission shall elect a chairman from the appointed members. It may also elect, by a majority vote, a chief engineer, not a member of the Commission but such chief engineer shall be removable at the pleasure of a majority of the Commission. It shall also, by a majority vote, elect a secretary and treasurer, not a member of the Commission who shall hold the combined office at the pleasure of a majority of the Commission. Each Commission may appoint such clerks, agents or assistants as it may deem expedient and fix their compensation. The chief engineer shall give his entire attention to the affairs of the Commission and shall receive as compensation a salary to be fixed by the Commission. The appointed members of the Commission shall each receive a salary, to be fixed by the legislative body not exceeding four thousand dollars per annum for the chairman, and two thousand dollars per annum for each of the others. The secretary and treasurer shall receive a salary, to be fixed by the Commission, not exceeding thirty-five hundred dollars per annum.

§ 4. It shall be the duty of each Commission appointed under this Act to make a study of the present and ultimate needs of the city, having in view the growth of the city, and the extension of its boundaries, for both sanitary and storm water drainage. After a comprehensive study has been made, the commission shall determine what work should be done to improve the different districts of the city, and shall detail proposed construction of combined sewers, separate sewers and storm drains and improvement of water courses. To aid

in the study, the Commission may employ such experts' advice and consulting engineers as it deems wise, and pay such reasonable compensation for their services and expenses as the Commision may determine.

§ 5. The chairman, chief engineer and secretary and treasurer of each commission shall each give bond, with approved surety, in such sum as may be fixed by the Commission, which bond shall be payable to the Commission and oblige the makers thereof to perform faithfully the duties of their several offices, and faithfully account for and pay over all money or other thing of value which may come into their several hands.

§ 6. When any Commission shall have determined the additions to the sewer system which it deems best fitted to meet the needs of the city and has outlined it in as much detail as is practicable, it shall report the same to the Mayor, and when the department of public works is established, as provided herein, to the director of said department, with a description of the general plan and its probable cost. The Mayor or the director of works shall lay this report before the legislative body and the plan recommended by the Commission shall be adopted and carried out by the Commission, unless the plan recommended by the Commission shall, within thirty days after it has been received by the legislative body, be rejected and disapproved by two-thirds vote of all the members of said body. If the legislative body rejects the plan recommended by the Commission, it shall return the plan recommended by the Commission with its criticisms. The Commission shall thereupon make a further study and thoroughly examine the recommendations of said body and prepare an alternative plan in accordance with what on their further study appears in their judgment to be the best interest of the City. The Commission shall then present the alternative plan to the Mayor and to the director of works, as above provided, to be submitted to the legislative body. At any time

within thirty days after the submission of the alternative plan to the Mayor, the legislative body may consider it, and if it shall receive the two-thirds vote of all the members of said body, it shall be adopted, but if it fails to receive the necessary two-thirds vote within the said thirty days, then said Commission with the approval of the Mayor shall have the right to choose a system and carry it out. The legislative body shall have no power to vary any system proposed and presented by the Commission, but must adopt one of those reported in its entirety.

§ 7. Each Commission shall have power and authority to carry out the purposes of this Act, among which powers shall be the following, that is to say: First, to make all such preliminary investigations and to do such preliminary work as should, in its judgment, precede the actual projection, construction and establishment of additions to and making more perfect the system of sewerage. Second, to construct and establish all such local, district, lateral, intercepting, out-fall or other sewers and all such conduits, drains and pumping or other plants, and all such buildings, structures, work, appartus or agencies, and to lay all such mains and pipes within the said city or in the county in which said city is located, as it may deem expedient for carrying said system of sewerage projected and adopted into full effect. Third, to incorporate with said sewerage extension or otherwise utilized for the purpose of this act, so far as it may deem expedient, any or all public sewers, or drains, including storm water sewers, drains and water courses and any and all of their appurtenances, either in their present condition or with such repairs, modifications or changes as said commission may see fit to make, and to enlarge, extend or improve, and to condemn, close up, abolish or destroy in its discretion, any or all such existing public sewers, drains or water courses, or to alter their functions or to increase their burdens as it may think best. Fourth, besides the chief engineer, the Commission may

appoint or employ such other professional or technical advisers and experts and such agents, assistants, clerks, employes and laborers, skilled or unskilled, of all kind, as it may deem requisite for the due and proper execution of the duties devolved upon it by this act, and may fix their respective compensation and remove or discharge them at pleasure, and may exact from any of its officers or employes such indemnity bonds for the proper performance of their respective duties as it may deem proper. Fifth, to establish and enforce such reasonable rules and regulations for its own government and for the supervision, protection, management and conduct of its work as it may deem expedient. Sixth, to make and enter into, in its name, any and all contracts, agreements or stipulations germane to the scope of its duties and powers under this act. Seventh, to purchase, hire or otherwise obtain the use of all such machinery, tools, implements, supplies, appliances, materials and working agencies as it may need for its purposes; provided, that this enumeration of special powers in the subdivision of this section shall not be construed as restricting in any degree the scope of the general powers hereinbefore conferred upon the Commission.

§ 8. Each Commission may acquire by gift, purchase or lease, or by condemnation, any land or property situated wholly or partly within the city or within the county in which such city is located or any interest, franchise, easement, right or privilege therein which may be required for the purpose of constructing, establishing, maintaining and operating such sewerage system. The method of condemnation of property shall be the same as that providing for the condemnation for appropriate municipal purposes by cities of the first class. All property, real, personal and mixed acquired by any Commission and undisposed of by it at the time of its dissolution shall become the property of the City of Louisville and may be turned over by ordinance of the legislative body of the City to any succeeding Commission, or held by the City or

disposed of by the City as its legislative body by ordinance may deem best.

§ 9. All individuals or corporations having buildings, structures, works, conduits, mains, pipes, tracks, or other physical obstructions in, over or upon the public streets, lanes, alleys or highways, which shall interfere with or impede the progress of said sewerage system when in process of construction and establishment, shall, upon reasonable notice from said commission, promptly so shift, adjust, accommodate or remove the same, at their own cost and expense, as fully to meet the exigencies occasioning such action, and the legislative body shall have full power, by ordinance, to prescribe the penalty for such failure.

§ 10. All work done or supplies or materials purchased in carrying out the purposes of this act, when involving an expenditure of five hundred dollars or more, shall be by contract awarded to the lowest and best bidder. All bids or parts of bids, for any such work or supplies, may be rejected by said Commission. Any Commission may, however, with the consent of four of the members, itself do any part or parts of its work under such conditions as it may prescribe by day labor when the chief engineer, in writing, shall recommend the course.

§ 11. And when any portion of said sewerage system shall be complete and ready for active operation the Commission shall restore the street, alley or other public way through which said completed work extends, to its original condition as near as practicable and may then notify the board of public works, and when said board shall have ceased to exist, as provided herein, my then notify the department of public works and turn over said completed portion to such board or department, as the case may be, and the same shall thereafter be under the exclusive control of said board or department.

§ 12. In order to provide money for the projection, construction and establishment of said sewerage system or sys-

It shall be unlawful to deny such access to such authorized agents or to hinder, thwart, or defeat such inspection or entrance by misrepresentation or concealment of facts or conditions, or otherwise.

§ 4. Any person, copartnership, association, or corporation, violating any provision of a quarantine promulgated under the authority of this act, or of any rules and regulations issued supplemental thereto, shall be subject to a fine of not less than twenty-five dollars nor more than one hundred dollars for each offense, to be collected by summary conviction before any mayor, magistrate, or justice of the peace, as like fines are now by law collected, and in case of non-payment of said fine, shall be imprisoned in the county jail for a period not exceeding five days: Provided that any person so convicted shall have the right of appeal, as in other cases of summary conviction. The fines collected under this act shall be paid to

the Department of Agriculture and by it paid into the State Treasury for the use of the Commonwealth.

In case the owner or person in charge of such material shall refuse or neglect to carry out such instructions within the time limit provided the Department of Agriculture, or its authorized agents, may take the action through the legally constituted authorities so required and the expense thereof shall be assessed, collected, and enforced as taxes are collected and enforced against the owner of the premises upon which such expense was incurred. The amount of such expense when collected shall be paid to the Department of Agriculture and by it paid into the State Treasury.

§ 6. Twenty-five Thousand ($25,000.00) Dollars, shall be set aside as an emergency fund for the next biennium to be used by the State Department of Agriculture at such time as the State Entomologist shall notify the Department of the existence of such infestation within the borders of this Commonwealth and that in his judgment precautionary measures should be employed. And that the Commissioner of Agriculture shall be further empowered to employ such help and promulgate and enforce such rules or regulations as in his discretion will be necessary to meet existing conditions and needs.

Said last named motion was agreed to.

A message was received from the Governor in writing, as follows:

SPECIAL MESSAGE
TO
THE GENERAL ASSEMBLY OF THE
COMMONWEALTH OF KENTUCKY:

In the closing days of the session, allow me to again appeal to you on behalf of the great majority of our people

and especially of our boys and girls, to give special attention to and consideration of the free textbook measure which is House Bill No. 132, and which has already been passed by the House, and to the revenue measures which will provide the money for free textbooks, being House Bills No. 423 and No. 734.

The people of Kentucky voted for free textbooks last November and they expect the General Assembly and the Governor to cooperate to the end that necessary and proper legislation be enacted to provide the books. The two revenue measures to which I have above called your attention are of vital importance to free textbooks. Without the revenue provided in these measures it is impossible, at this time, to have free textbooks, and a vote against the revenue measures is a vote against free textbooks. In the interest of Kentucky and especially to her childhood, I beg and implore you to vote for the two revenue measures, House Bills No. 423 and No. 734, which will supply the money for free textbooks, and to vote and lend your aid and support to House Bill No. 132, which is the free textbook bill already passed in the House of Representatives. A majority of Kentucky's voters will be disappointed if these measures are not passed. Please give them your wholehearted support.

Most respectfully,

Flem D. Sampson, Governor,

Commonwealth of Kentucky.

This March 14, 1928, at 2:38 p. m.

At the instance of the Committee on Rules the House took up for consideration from the Orders of the Day a bill entitled:

S. B. 214. An Act to provide for the creation and organization of a city planning and zoning commission for cities of the second class and to prescribe and regulate the powers and duties of such commission.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. There is hereby created for each city of the second class and surrounding territory which bears relation to the planning or zoning thereof, a commission by the name of "City Planning and Zoning Commission," which Commission shall be constituted as hereinafter provided, and shall have the powers, duties and functions hereinafter conferred or imposed upon it.

CREATION OF COMMISSION

§ 2. Each Commission shall consist of seven members, five of whom shall be known as "City members" and shall be citizens and residents of the city affected thereby, and two of whom shall be known as "County members" and shall be citizens of the county in which such city is located, residing outside the limits of such city.

The city members shall be chosen in the following manner: The Mayor and Supervisor of Public Works shall be ex-officio members of the Commission. The Mayor shall appoint the remaining three city members who shall be qualified persons holding no other city or county office.

The County members shall be chosen in the following manner: The County Engineer shall ex-officio a member of the Commission. The remaining members shall be chosen by the Fiscal Court from qualified persons not holding any other city or county office.

All members of said Commission shall serve without compensation.

The members initially appointed by the Mayor shall hold their offices, according to designation in their appointment, one of them for a term of two years, and the others for terms of four years each, and thereafter, upon the expiration of their respective terms, the successor of each shall hold his office for a term of four years.

Vacancies in the offices of the three City members appointed by the Mayor shall be filled by successors appointed by the Mayor for the remainder of the term of office in which such vacancy has occurred.

The County member initially chosen by the Fiscal Court shall hold his office according to designation in his appointment, for a term of years, such that his tenure of office shall expire two years after the next elective period of the County Engineer and thereafter his successors shall hold office for a term of four years. Vacancies in the office of the appointive County member shall be filled by a successor appointed by the Fiscal Court for the remainder of the term of office in which such vacancy has occurred.

In all cases of both City and County members where an ex-officio member in the employment of the City or County vacates such official position or employment, he shall *ipso facto* vacate his office as a member of the Commission.

In all cases of both City and County members, an incumbent otherwise qualified under this Act shall hold office until his successor is chosen and qualified.

At least four members of the Commission shall be necessary to constitute a quorum for the transaction of any business, and the affirmative vote of four members shall be required for the exercise of the powers or functions herein conferred or imposed upon said Commission.

Each Commission shall elect a Chairman, who shall be a member of said Commission not holding any other public office, and shall also elect or employ a Secretary, who need not be a member of the Commission.

It shall hold not less than one regular meeting in each month. It shall provide for its order of business and procedure, and shall keep a record of its proceedings, which shall be a public record and shall be so indexed and kept, as to be of convenient and ready reference.

POWERS OF COMMISSION

§ 3. For the purpose of promoting the health, the safety, the morals, or the general welfare of each city of the second class and surrounding territory bearing relation to the planning or zoning thereof, the Commission created by this Act is hereby empowered, in a manner and upon the conditions hereinafter prescribed:

A—To make, establish and adopt plans and maps of the whole or any portion of such city of the second class, and of any land outside the limits of said city and within the limits of the county containing said city, which, in the opinion of the Commission, bears relation to the planning or zoning of such city, and it may make changes in such plans or maps when it deems same advisable.

In such maps or plans the Commission may provide among other things for changed regulations of all facilities for traffic, transportation or communication and for new or changed harbors, streets, street fixtures, alleyways, viaducts, bridges, subways, parkways, parks, playgrounds or any other public grounds or public structures or public improvements or appurtenances thereto, and for the general location and extent of public utilities and terminals whether publicly or privately owned or operated, for water, light, sanitation, transportation, communication, power or other purposes, and for the removal, relocation, widening, narrowing, abandonment (either in whole or in part) or extension of any or all such public ways or works or structures then existing, with a view to the systematic planning of the city and its environs.

It shall have power to make, establish and adopt plans for the control, development, preservation and care of historical land-marks, for the design and location of statuary and other works of art which are or may become the property of the city or the county, and may make recommendations to any public authorities or to any corporation or individuals in such city of the second class and its surrounding territory which in the opinion of the Commission bears relation to the planning

or zoning of such city, concerning the location of any building, structures or works to be erected or constructed by them.

B—To lay off and establish in each city of the second class and surrounding territory which in the opinion of the Commission, bears relation to the planning or zoning thereof, zones or districts of such number, shape and area as may be deemed by the Commission best suited to carry out the purposes of this Act, and from time to time to change such zones or districts, or any of them, as to area or boundry or location, which zones or districts shall be designated by maps or plans as well as by boundaries, which boundaries may be expressed in general descriptive terms, and to make, adopt or establish maps or plans showing such zones or districts, or changes therein, with appropriate designations thereof, and, within such districts, to prescribe, administer and enforce, to the extent and in the manner provided by this Act, regulations of and restriction upon the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land, including the regulation and restriction of the height, number of stores and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts and other open spaces, the density of population and the location and use of such buildings, structures and land for trade, industry, residence or other purposes.

All such regulations and restrictions shall be uniform for each class or kind of buildings throughout each zone or district, but the regulations or restrictions in one zone or district may differ from these in other zones or districts.

C—To enter upon any lands and make examinations and surveys for the purpose of exercising the general powers hereinbefore granted.

D—To make, print and publish and distribute generally copies of any plan, map, report or recommendation made by it.

GENERAL PURPOSE OF COMMISSION PLAN

§ 4. All plats of the subdivision of lands within the corporate limits of the city or within three miles thereof, and all instruments of dedication of lands for public use, shall be submitted to the Commission and approved thereon in writing by it before they may be offered for record or accepted by the City. The approval of the Commission shall not be deemed the City's acceptance of the dedication of any street, alley, way or other public ground shown on the plat or set forth in the instrument.

No street, alley, way, or other public ground shall be accepted by the City as a public street, way, or ground, unless the plat and location thereof shall have been submitted to and approved by the Commission, provided, however, that the City may submit to the Commission any ordinance proposing to accept the dedication of any such unapproved street, alley, way, or ground, and if approved by the Commission, the City shall have the power to accept the dedication thereof by a majority vote of its legislative board, or, if disapproved, by a vote of not less than two-thirds of its members.

All plans, maps, regulations, and restrictions adopted by the Commission shall be made in accordance with a comprehensive design to promote the public health or safety or morals or general welfare in the section or community so affected, by lessening congestion in the streets or by securing safety from fire, panic or other dangers, or by providing adequate light and air, or by preventing overcrowding of land, or by avoiding the undue concentration of population, or by facilitating the adequate provision of transportation, water, sewerage, schools, parks, play-grounds or other public requirements.

Such regulations and restrictions shall be made with reasonable consideration, among other things, of the character of each zone or district affected thereby, and its peculiar suitability for particular uses.

FINANCIAL PROVISIONS

§ 5. The General Council or Board of Commissioners of said Cities of the second class shall provide for the expenses and accommodations necessary for the work of the Commission, and may levy a tax for that purpose if necessary.

Said Commission shall have the power, out of funds that may be provided for its use, to appoint or employ and control or discharge architects and engineers, and to obtain such other professional service as may be needed, and also to employ or discharge such clerks, draughtsmen and other subordinates as the Commission shall deem necessary for the performance of its functions.

The expenditure of public funds by said Commission shall be limited during each fiscal year to the amount appropriated for each fiscal year, and the fiscal year is hereby fixed so as to conform to the fiscal year of the city of the second class in which the Commission exercises its functions.

PUBLICATION OF PRELIMINARY REPORT

§ 6. Before the Commission shall finally lay off or establish any zone or district either within the limits of said cities of the second class, or outside of said limits, within the environs thereof, or make, adopt or establish any plans or maps with reference to said zones or districts or the character of public or private use or improvement thereof, or make any change in any of said zones or districts, or said maps or plans, it shall first embody its conclusions in a preliminary or tentative report, and give public notice thereof by not less than three insertions in some newspaper of general circulation in said city of the second class and its environs, fixing the time and place when and where objections to said preliminary or tentative report will be heard and considered by the Commission and the Commission shall hold a meeting at such fixed time and place to consider and act upon said preliminary and tentative report, and any objections thereto. At this meeting, or any subsequent meeting, the Commission shall, upon con-

sideration of all objections, make up its final report, and accompanying map or plan, embodying the result of its judgment upon said preliminary or tentative report and objections thereto.

ADOPTION OF FINAL REPORT

§ 7. A—The final report of the Commission with respect to the zones or districts which it is authorized by this Act to lay off or establish, or with respect to the regulations or restrictions upon the use of property in any of said zones or districts, or with respect to any maps or plans authorized by this Act to be made, insofar as any of them may affect any property located within the limits of such city of the second class, or any zone or district laid off within such limits, shall be submitted by said Commission to the Mayor of such city of the second class, who, upon consideration thereof, shall submit same to the Board of Commissioners or General Council of said city.

If the Board of Commissioners or General Council shall approve said report and accompanying maps or plans, they shall draft an ordinance, or ordinances providing for the carrying out of said report, and for the establishment of the zones or districts therein laid off or established, for the adoption and enforcement of the regulations or restrictions upon the use of property in any of said zones or districts therein provided, for the adoption and establishment of the maps or plans adopted or established by the Commission, and providing also for the enforcement of said ordinance and said Commission's report, and the various provisions of said ordinance and report.

Full power is hereby conferred upon the Board of Commissioners or General Council to approve or disapprove said Commission's report, but the Board of Commissioners or General Council shall have no power to vary or alter such report in any material respect.

Upon the enactment, approval, and publication, according to law of an ordinance adopting said report, the same shall become immediately effective and operative as a proper exercise by the State of its police powers delegated by this Act.

In case the Board of Commissioners or General Council should refuse or neglect, for a period of more than sixty days after the submission to it of said Commission's report to take action upon said Commission's report, or to draft an ordinance providing for carrying out of said report, said Commission or any property owner aggrieved by such delay may bring an action in the Circuit Court of the county in which said city of the second class is located, by mandatory injunction or other appropriate proceeding against the members of said Board of Commissioners or General Council so delaying action, to proceed to consider and act upon said Commission's report and to draft an ordinance providing for the carrying out of such report, but the court shall have no power to determine how the Board of Commissioners or General Council shall act in the exercise of its discretion.

B—The final report of the Commission, insofar as it affects property outside the limits of cities of the second class, shall not become effective for such purpose until submitted to and approved by an order or resolution of the Fiscal Court of the county in which such property is located, and power is hereby conferred upon the Fiscal Court to approve or disapprove said report, but it shall not have power to make any changes therein. Provided, however, that no action shall be taken by said Fiscal Court with reference to the approval or disapproval of said report within ten (10) days from the filing of said report.

If said Commission's report, upon hearing, is disapproved by the Fiscal Court, it shall be ineffective for any purpose outside the limits of such city of the second class, except as the city may have jurisdiction outside said limits by virtue of any provision of its charter.

If said Commission's report, upon hearing, is approved by the Fiscal Court, then it is hereby made effectual for all purposes, as an exercise of the police power delegated by this Act to the Commission for the purposes expressed in said report.

In case the Fiscal Court of the County should refuse or neglect, for a period of more than sixty days after the submission to it of said Commission's report, to take action thereon, said Commission or any property owner aggrieved by such delay may bring action in the Circuit Court of the county in which said city of the second class is located, by mandatory injunction or other appropriate proceeding, against the members of said Fiscal Court so delaying action, to compel them to proceed to consider and act upon said Commission's report, but the court shall have no power to determine how the Fiscal Court shall act in the exercise of its discretion.

AMENDMENTS TO PLAN

§8. Any regulations, restrictions or boundaries established by the Commission and made effective in the manner hereinabove provided may, by like proceedings from time to time, be amended, supplemented, changed, modified or repealed; provided, however, that no change therein shall be made in opposition to a written protest against such change signed by the owners of twenty per cent. or more either in number of lots or in area of lots included in such proposed change, where the lot or any part thereof is within 200 feet of any lot affected by such change, unless the change shall be adopted by the unanimous vote of the Commission, and the ordinance approving such change be approved by a vote of at least three-fourths of the members of the Board of Commissioners or General Council; and provided, further, that no such protest shall be received or counted or considered from any owner, the use of whose property is either of a similar type or a type allowable only in less restricted districts.

BOARD OF ADJUSTMENT

§ 9. There is hereby created a Board of Adjustment, consisting of five members, to be appointed in the manner hereinafter provided. Said Board of Adjustment shall have power in appropriate cases and subject to appropriate conditions and safeguards, to make special exceptions to any plan or rule or regulation made therein or thereunder by the Commission, provided that all such exceptions shall be in harmony with the general purpose and intent of the plan or rule or regulation adopted by the Commission and approved or adopted by the General Council, as provided in sub-section A, of Section 7, of this Act, or by the Fiscal Court, as provided in sub-section B, of Section 7, of this Act.

Four members of the Board of Adjustment shall be appointed by the Mayor, each for a term of four years, except that, in case of those first appointed, two members shall be appointed for a term of two years, and two members shall be appointed for a term of four years. The remaining member of the Board of Adjustment shall be appointed for a term of four years by the Fiscal Court. All members of the Board of Adjustment shall serve without compensation.

Any member of the Board appointed by the Mayor shall be removable by the Mayor for cause on written charges after public hearing. A vacancy in the office of any member appointed by the Mayor shall be filled by the Mayor for the unexpired term of such member.

Any member of the Board appointed by the Fiscal Court shall likewise be removable by the Fiscal Court for cause, on written charges after public hearing. A vacancy in the office of such member shall likewise be filled by the Fiscal Court for the unexpired term of the member whose office has become vacant.

The Board shall have power to adopted rules and regulations for its own government, not inconsistent with law or with the provisions of any ordinance of the City, or with any

order or resolution of the Fiscal Court, with reference to the plan or plans under consideration by the Board of Adjustment.

Meetings of the board shall be held at the call of a chairman and at such other times as the board may determine. Such chairman, or in his absence, the acting chairman, may administer oaths and compel the attendance of witnesses.

All meetings of the board shall be open to the public. The board shall keep minutes of its proceedings, show the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examination and other official actions, all of which shall be immediately filed in the office of the board and shall be a public record.

Applications to the Board of Adjustment for relief by way of special exceptions as aforesaid, may be made by any property-owner aggrieved (including a tenant), and appeals to said Board may be taken by any property-owner (including a tenant), or by any officer, department, board or bureau of the municipality affected by any ruling of any administrative officer administering any portion of this Act or ordinance or regulations or rules enacted pursuant to its authority.

An appeal from a ruling of an administrative officer shall be taken within a reasonable time, as provided by the rules of the Board, by filing with the officer from whom the appeal is taken, and with the Board of Adjustment, a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment, after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate, on days notice of which shall be given to the person appealing, a stay would in his opinion

cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by order, which may, on due cause shown, be made by the Board of Adjustment, on application, after notice to the officer from whom the appeal is taken, or by judicial proceedings.

The Board of Adjustment shall fix a reasonable time for the hearing of any application for special exception, or for the hearing of an appeal. It shall give public notice thereof by three insertions in some daily newspaper of general circulation in said city of the second class, the first of which insertions shall be published at least ten (10) days prior to the day fixed for the hearing. Upon the hearing, any party may appear in person or by agent or by attorney, and the Board shall decide the application or appeal within a reasonable time.

The Board of Adjustment shall have the following powers:

(a) To hear and decide applications for special exceptions, as above provided.

(b) To hear and decide appeals taken as above provided.

(c) To authorize, upon such application or appeal, such variance from the terms of the ordinance or of any plans, rules or regulations made therein or thereunder, as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.

In exercising the above mentioned powers, such Board may, in conformity with the provisions of this Act, reverse or affirm wholly or partly, or may modify on order, requirement, decision or determination as ought to be made.

The concurring vote of four members of the Board shall be necessary to grant a special exception.

The concurring vote of three members of the Board shall be necessary to reverse or modify any order, requirement, decision or determination of any such administrative official.

APPEAL TO COURTS

All final rules or orders or findings of the Board of Adjustment, unless appealed from as herein provided, shall be conclusive and binding as to all questions of fact, where there is substantial evidence to support such rule, order or finding, but any property-owner (including a tenant) aggrieved, or any officer, department, board or bureau of the municipality affected by such finding or final order or rule may, within twenty (20) days after the rendition of such official order or rule of the Board, by petition appeal to the Circuit Court of the county in which such municipality is located, for the review of such order or rule of the Board of Adjustment, said officer, board or bureau of the municipality, and any applicant or appellant affected by such official rule or order, being made parties to such appeal.

Such petition shall state fully the grounds upon which a review is sought, and shall be verified by the petitioner, who shall furnish copies of the petition to the adverse parties at the time of filing the same.

Summons shall issue upon the petition, directing the adverse parties to file answer within twenty (20) days after the service thereof, and directing the Board of Adjustment to certify its complete record of the case to the Court, or, in lieu thereof, and if consented to by the petitioner and adverse parties, an abstract of the record.

No new or additional evidence may be introduced in the Circuit Court except as to the misconduct of some person engaged in the administration of this Act or any ordinance enacted thereunder, which affects the order, decision or rule, but the Court shall otherwise hear the cause upon the record or

abstract thereof as certified by the Board of Adjustment, and shall dispose of the case in a summary manner, its review being limited to determining whether or not—

(a) The Board of Adjustment acted in excess of its power;

(b) The order, decision or rule was procured by misrepresentation or fraud;

(c) The order, decision or rule is not in conformity to the provisions of this Act or of any ordinance, rule or regulation adopted pursuant thereto.

The Board of Adjustment and each party to such appeal shall have the right to appear in such review proceedings. The Court shall enter judgment, affirming, modifying or setting aside the order, decision or rule, or, in its discretion, remanding the case to the Board of Adjustment for further proceedings in conformity with the direction of the Court. The Court may, in advance of judgment and upon a sufficient showing of fact, remand the cause to the Board.

Appeals may be taken from the Circuit Court to the Court of Appeals as appeals in civil cases are now taken according to statutes in such cases made and provided.

Appeals to the Circuit Court and to the Court of Appeals shall have preference in trial over all other civil actions and proceedings.

PENALTIES AND SUITS

§ 10. It shall be unlawful for any property-owner, tenant or other person to erect, construct, reconstruct, alter, repair, convert or maintain any building or structure, or to use any building or structure, or to use or subdivide land, in violation of or contrary to the provisions of this Act or of any ordinance or other regulation made under authority conferred hereby. Any person or corporation so offending shall, upon conviction thereof in a court of competent jurisdiction, be fined not less than ten dollars nor more than one hundred dol-

lars for each offense so committed, each day's offense constituting a separate offense, or, if a person, he shall be imprisoned not more than fifty days, or both so fined and imprisoned, within the discretion of the judge or jury, and in addition to the penalties hereby imposed, and in addition to other remedies which may be provided by ordinance adopted under authority of this Act, said city of the second class, or said Fiscal Court of the county in which such city is located or the commission created by this act may institute in any court of competent jurisdiction, an appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, or to restrain, correct or abate any such violation, or to prevent such illegal occupancy of such building, structure or land, or to prevent any illegal act, conduct, business or use in, upon or about such premises.

Such action or proceeding shall be conducted as other similar actions and proceedings, and the court shall adjudge therein to the plaintiff such relief, by way of injunction (which may be mandatory) or otherwise, as may be proper under all the facts and circumstances of the case, in order fully to carry out and effectuate the purposes of this Act and of the ordinances, rules and regulations adopted pursuant to authority herein given.

CONFLICTING REGULATIONS

§ 11. Wherever the regulations made under authority of this Act require a greater width or size of yards, courts, or other open spaces, or require a lower height of building, or less number of stories, or require a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in any other statute or local ordinance or regulation, the provisions of the regulations made under the authority of this Act or any ordinance enacted pursuant thereto shall govern.

EACH SECTION OF ACT SEPARATE

§ 12. If any section under this Act shall be held invalid, such fact shall not affect any other section, it being the intention of the General Assembly in enacting this Act, to enact each section and paragraph or clause thereof separately, and if any provision or exception contained in any section shall be held invalid, such facts shall not affect the remaining portion of said section, it being the intention of the General Assembly to enact each section of this Act and each proviso and exception thereof separately.

§ 13. his Act may be cited as "The City Planning and Zoning Law."

§ 3. That the Commissioners shall meet at the State Capitol at least once in two years and shall organize by the election of one of their number as Chairman and another as Secretary, who shall hold their respective offices for a term of two years and until their successors are elected and qualified.

§ 4. That it shall be the duty of each of said Commissioners to attend the meeting of the National Conference of Commissioners on Uniform State Laws, or to arrange for the attendance of at least one of their number at such National Conference, and both in and out of such National Conference they shall do all in their power to promote uniformity in State laws, upon all subjects where uniformity may be deemed desirable and practicable; said Commission shall report to the legislature at its next session, and from time to time thereafter as said Commission may deem proper, an account of its transactions, and its advice and recommendations for legislation. This report shall be printed for presentation to each legislature. It shall also be the duty of said Commission to bring about as far as practicable the uniform judicial interpretation of all uniform laws, and generally, to devise and recommend such additional legislation, or other or further course of action as shall tend to accomplish the purpose of this Act.

Resolved that the title thereof be as aforesaid.

Mr. Hawkins of Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

S. B. 395. An Act to repeal Sections 3956, 3957, 3958 and 3983, Kentucky Statutes, Carroll's 1915 Edition, and re-enacting said sections 3956, 3957 and 3958; and further providing that all samples submitted to bidders shall have been first tested by the United States Bureau of Standards, Washington, D. C., or in accordance with the standards of said United States Bureau of Standards for such test, and requiring that the samples furnished by bidders shall be of at least as high test as the samples furnished to the bidders, and that the supplies and materials furnished under any such contract shall be of as good quality as the samples furnished, based on such test.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Sections 3956, 3957, 3958 and 3983, Kentucky Statutes, Carroll's 1915 edition, be and the same hereby are repeated and said Sections 3956, 3957 and 3958 hereby are re-enacted so that said sections as re-enacted shall read as follows:

Section 3956. The printing and binding for the State shall be divided into four classes, to be let in separate contracts, as follows: The printing of all bills for the two houses of the General Assembly, together with such resolutions and other matters as may be ordered by the two houses or either of them, to be printed in bill form, and the printing and binding of the journals of the two houses, together with such reports, communications and other decuments as enter into and

make a part of the journals, the printing and binding of the volumes of public documents, and of the general and local laws and joint resolutions; the printing and binding of all reports, documents and other matters, bound in either book or pamphlet form, except such as shall enter into or be bound with the journals of the two houses, and all printing for the Department of Public Instruction, and all miscellaneous printing and binding necessary for the several departments, and not otherwise provided for in the law, shall constitute the first class, and be let in one contract. The manufacture and furnishing of all blank books used by counties, which are to be paid for out of the State Treasury, shall constitute the second class, and be let in one contract. The lithographic printing and engraving shall constitute the third class, and be let in one contract, and the furnishing of all printing paper, stationery, and such other supplies for the use of the State as are provided for in this law shall constitute the fourth class: Provided, however, that nothing herein contained shall be construed so as to prevent the same person from becoming the contractor for two or more classes of the printing and binding, if he be the lowest and best bidder therefor; but the contract for furnishing of paper, stationery and supplies for the printing and binding specified in the class, shall be separate and independent from any of the other classes. (See as to State reports Section 955a.)

Section 3957. The Commissioner shall, between the first day of August and the first day of November, 1930, and every four years thereafter, within the same period, give notice, for the period of at least thirty days in at least one newspaper in each of the cities of Frankfort, Louisville, Lexington, Ashland, Paducah, Kentucky and Cincinnati, Ohio, that sealed proposals will be received at the office of the Secretary of State for the executing of the first three classes of public printing and binding in separate contracts, as designated in Section 3956, for the term of four years from and after the

first Monday in January, next ensuing, at a certain rate per centum, not to exceed the rates specified in the law; providing, however, that the State Purchasing Commission shall contract for, purchase and acquire all printing paper, stationery and such other supplies for the use of the State as are provided for in the fourth class, as designated in Section 3956 and the provisions of this section relating to the first three classes of printing and binding shall not apply to said fourth class, but the State Purchasing Commission shall make such contract or contracts for the purchase of said printing paper, stationery and supplies of said fourth class, as may be necessary to meet all needs therefor for any period not less than three months nor more than one year, and said Purchasing Commission shall so state in advertising for bids, and shall accept the bid or bids so advantageous to the State.

Section 3958. Within thirty days after the expiration of the time for receiving proposals as aforesaid, the commissioners, or any three of them, shall open all proposals, and shall proceed publicly to allot the printing and binding in each class as aforesaid to the bidder whose proposal is found by the commissioners to be the lowest and best, not to exceed the rate fixed by the schedule annexed to this law, and at the same time and in the same manner award the contract for furnishing stationery. (Section as amd. by Act 1914, p. 468.)

Section 3958a. All samples submitted by the State Purchasing Commission to bidders shall have been first tested by the United States Bureau of Standards at Washington, D. C., or in accordance with the standards of said bureau for such test; and all samples furnished by the bidders, before the bids will be received by the State Purchasing Commission, shall be of at least as high test and of as good quality as the samples furnished to such bidders; and the paper, stationery and other supplies furnished under contract with said Purchas-

ing Commission shall be of as good quality as the samples furnished to such bidders, based on the test herein provided for.

All laws and parts of laws in conflict herewith are hereby repealed to the extent of such conflict.

Whereas, it is necessary that the Purchasing Commission shall purchase many thousands of dollars of paper, stationery and other supplies within the next few weeks, and, whereas, the present restrictions in the law will prevent said commission from making purchases advantageous to the Commonwealth, therefore an emergency is declared to exist and this act shall become effective upon its passage and approval by the Governor.

Ordered that said bill be read the third time.

Resolved that the title thereof be as aforesaid.

Mr. Hawkins of Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

S. B. 355. An Act to amend and re-enact Sec. 3096 of the Kentucky Statutes, Carroll's Edition, 1922, relating to improvement of public ways, costs, penalty, assessment of street railway and street intersections and relating to the apportionment of said cost of said construction upon abutting property.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That section 3096 of the Kentucky Statutes, Carroll's 1922 edition, be amended and re-enacted by making certain corrections of typographical errors therein and by adding thereto subsections to be designated as subsections 2 and 3 thereof, and which subsections shall read as follows:

Subsection 2. All assessments theretofore made against the abutting property for the construction of streets, sidewalks, curbs, gutters and sewers shall be taken together in the aggregate in computing whether or not any particular assessment for the improvement of such property, which is apportioned against the abutting property owners, exceeds one-half of the value of the lot or parcel or real estate upon which the assessment is made as hereinbefore set out, and

the total of all street and sewer improvements assessed against such abutting property shall ont exceed one-half of the value of the real estate or lot upon and against which the assessment is made, and such assessment shall be void as to such excess, as hereinbefore provided.

Subsection 3. All laws and parts of laws in conflict herewith are hereby repealed.

So that Section 3096 Kentucky Statutes, Carroll's 1922 edition, when so amended and re-enacted, shall read as follows:

Section 3096. The general council may, by ordinance, provide for the improvement of the streets, alleys and other public ways and sidewalks (including curbing and guttering) or parts thereof, in the manner herein set out. The improvement of any public way or sidewalk by original or reconstruction or by resurfacing upon a foundation already in place, shall be deemed an improvement within the provisions of this act; provided, however, that in cities having a general council consisting of two boards, no ordinance for the original improvement of any public street or sidewalk as contemplated in this section shall pass both boards of said general council on the same day, but at least two weeks shall elapse between the passage of any such ordinance from one board to the other. The improvement of public ways and sidewalks (including curbing and guttering), except as hereinafter provided, shall be made at the exclusive cost of the owners of real estate abutting on such improvement, to be apportioned among and assessed upon the lots or parcels of real estate abutting on such improvement according to the number of front or abutting feet, and a tax shall be levied upon such lots or parcels of real estate for the payment of the cost assessed thereon, which tax shall be due and payable at the city treasurer's office upon the completion of the work and acceptance thereof by the general council, and no property shall be exempt from such improvement tax. Any such tax which is

not paid within thirty days after the same becomes due shall have added thereto a penalty of ten per cent of the amount of the tax. There shall be a lien upon such lots or parcels of real estate for the part of the cost of such improvement so assessed thereon, and the same shall bear interest at the rate of six per cent per annum from the time of the assessment until paid. And any such tax or assessment which is not paid within thirty days after the same becomes due shall, together with interest and penalties, be placed upon the tax duplicate and tax bills with other taxes of persons liable for such special assessments, and the tax bills for such special assessments may in addition to the remedies given in this act be sold and collection thereof enforced in the manner provided by law for the collection of other municipal taxes. Any assessment for any street improvement as provided in this section which exceeds one-half of the value of the lot or parcel of real estate upon which the assessment is made shall be void as to such excess, but the improvement shall be taken into consideration in fixing the value of such real estate, and the general council, or city commissioners, shall provide for the payment of any such excess out of the general fund. When in any such city, having therein a street railway, the railway company is required by law or by its franchise, or by any contract with the city, to pave or improve any part of the streets or alleys of the city, proposed to be improved, the cost of paving such portion of such streets or alleys shall be assessed against such railway companies and a tax shall be levied upon all property, assets and franchises of such company in the city for the payment thereof. Such tax shall constitute a first lien upon all the property, assets and franchises of all kinds whatsoever of such company within the corporate limits of the city, and shall be due and payable at the same time and in the same manner and shall bear like interest as the taxes assessed against the abutting property. Such railway company shall have the right to construct its own part of such proposed improvement,

and, if it shall do so, no tax shall be assessed against such company; provided, however, that such company shall, before the letting of the contract for such improvement, elect, by written request presented to the general council or the city commissioners, to construct its part of such improvement, and shall execute a bond to the city with good and sufficient surety, to be approved by the mayor, conditioned that it will do the work of improving such part of the street with such material and according to such plans and specifications, and within such time, and subject to such provisions as the ordinance therefor may prescribe. The city shall pay the cost of the improvement of intersections with other public ways, including one-half of the width of the street or alley, being improved, opposite other streets or alleys, which run into, but do not cross the street abutting upon property belonging to the city. The city Auditor shall keep in his office, in a book to be provided for that purpose, a record of all assessments of local taxes, as provided in this section, showing the name and portion of the street on which the improvement is made, the character of the improvement, and the names of the persons against whose property the assessments are made. Such record shall be subject to inspection by any person desiring to inspect the same and shall be conclusive evidence and notice to all persons of such assessments and the liens created thereby. Upon payment of any improvement tax to the treasurer, he will report the same to the auditor, who will make proper entry thereof in the record book herein provided for, whereupon the lien for such tax shall stand released. The auditor shall carefully keep a separate account of the fund arising from assessments for each particular improvement and no proceeds arising from assessment for one improvement shall be diverted to the payment for any other improvement whatever.

The proceeds shall, in each case, constitute a separate special fund for the payment of the improvement warrants

issued for the particular work for which the assessment is made, or for the security and payment of the improvement bonds, if any are issued, as provided in Section 3102 for such improvement. The general council or commissioners may provide by ordinance that monthly estimates be made of the amount of the work done on any such improvement, and may issue to the contractor improvement warrants therefor to the extent of 65 per cent of the estimate, bearing not exceeding 6 per cent per annum interest from date of issue. Such warrants shall be issued by the city treasurer, or the commissioner of finance, upon the order of the general council, or city commissioners. They shall be nogotiable, and shall constitute a lien on the local taxes levied for such improvement, and shall be payable at the office of the city treasurer without notice to the holder thereof, upon completion and acceptance of the improvement, out of the first collection of such local taxes, or out of the proceeds of the sale of any improvement bonds issued in anticipation thereof. The interest on such improvement warrants shall be estimated and assessed as part of the cost of the improvement for which the same are issued, and where the general council or city commissioners fail to provide by ordinance that monthly estimates be made of the amount of work done on any such improvement, and fail to issue to the contractor improvement warrants thereof to the extent of 65 per cent of the estimate, and in all cases where they do provide by ordinance that monthly estimates be made of the amount of such work done on said improvement to the extent of 65 per cent of the estimate, the general council or city commissioners, after the acceptance of the work of said improvement, and the confirmation of the engineer's final estimate of the cost thereof, shall issue to the contractor improvement warrants for the full amount of the final estimate or assessment for said improvement, bearing not exceeding 6 per cent per annum from date of issue; such warrants shall be issued by the city treasurer or commissioner of

finance upon order of the general council or city commissioners; said warrants shall be negotiable and constitute a lien on the local taxes levied for such improvement, and shall be payable at the office of the city treasurer or commissioner of finance without notice to the holder thereof, out of the collection of such local taxes, and interest upon such improvement warrants shall be estimated and assessed as part of the cost of the improvement for which the same are issued. The general council or commissioners of any city of the second class may provide by general ordinance that such city shall pay part, and if so, what part, of the cost of the improvement of streets, alleys and other public ways (excluding sidewalks of such cities). When such provision is made, it shall be uniform and shall thereafter apply to the improvement of all streets, alleys and public ways in the city (excluding sidewalks), and such general provision shall not thereafter be changed or repealed except at intervals of ten years or more. Any street, alley, or other public way which has been improved or reconstructed with brick, granite, asphalt, concrete or other improved material or paving, since March 1, 1909, or which may be herafter improved or reconstructed with brick, granite, asphalt, concrete or other improved material or paving, entirely at the expense of the abutting property owner, as provided herein, shall thereafter be kept in repair, maintained, reconstructed and improved (if and whenever it may be necessary to reconstruct or improve the same) entirely at the expense of the city.

Subsection 2. All assessments theretofore made against the abutting property for the construction of streets, sidewalks, curbs, gutters and sewers shall be taken together in the aggregate in computing whether or not any particular assessment for the improvement of such property, which is apportioned against the abutting property owners, exceeds one-half of the value of the lot or parcel of real estate upon which the assessment is made as hereinbefore set out, and the total of

all street and sewer improvements assessed against such abutting property shall not exceed one-half of the value of the real estate or lot upon and against which the assessment is made, and such assessment shall be void as to such excess, as hereinbefore provided.

Subsection 3. All laws and parts of laws in conflict herewith are hereby repealed.

Section 6. All textbooks hereafter adopted by the State Textbook Commission for the schools in the elementary and secondary fields of Kentucky shall be uniform throughout the entire State as to each grade in each of said fields, provided that boards of education in cities of the first, second, third and fourth classes that have approved junior high schools or approved senior high schools, or both, be prvileged to select books for such junior and senior high schools from a multiple list of three books in each subject to be adopted by the State Textbook Commission as hereinafter provided.

The seventh and eighth grades in junior high schools shall, for the purposes of this Act, be considered as a part of the elementary field, and the ninth and tenth grades in such junior high schools shall be considered as a part of the secondary field.

Section 12. The Commission shall meet in executive session in the State Capitol at Frankfort, Kentucky, on the third Monday in January, 1929, and every two years thereafter, for the purpose of considering such bids and proposals, the authorized adoption or readoption of books, and any other business properly coming before it at such time or times. Said Commission shall also adopt, under appropriate contracts for the same periods and in the same manner that other books are adopted as in this Act prescribed, a multiple list of three books for each required subject taught in junior high schools and senior high schools, from which boards of education in cities of the first, second, third and fourth classes that have approved junior high schools, approved senior high schools, or both, may by giving notice in writing to the State Superintendent of Public Instruction within sixty days after such adoption, who in turn shall promptly notify the publishers furnishing such books, select one basal text for each or any required subject in such school or schools, but in event no such election is made for any subject or subjects therein, the books used therefor shall be those adopted by the Commission for the State at large.

S. Res. 11. Joint Resolution providing for a committee to investigate and report to the next General Assembly suitable decorative plans for the State Capitol of Mural paintings for the ornamental spaces of the dome and other parts of the building.

Said resolution is as follow, viz.:

Providing for a committee to investigate and report to the next General Assembly suitable decorative plans for the State Capitol of Mural paintings for the ornamental spaces of the dome and other parts of the building, to be

gradually progressed; reproducing the historical, industrial and scenic objects therein emblimatical of the State.

Whereas, the State Capitol Building is acknowledged to have the finest interior of any monumental building in the United States with the unusual attractive feature that the carrying walls of the dome are outside of the center of the building, enabling thereby an expanse of vista unequaled in any other public building, and,

Whereas, the architectural plan provides that therein are Pendantes, Pediments, Lunettes and other spaces, especially arranged for Mural decorations, embodying paintings therein that should be representative of Arts, Industries, and feature view-points of Kentucky's wonderful scenery, and,

Whereas, the subjects for such paintings, together with the artistic execution thereof should be most carefully canvassed and considered so that a harmonious whole would be eventually effectuated, that will reflect to the credit and comport, with the artistic intelligence and judgment of the peoples of Kentucky and such accomplishment must needs require splendid taste, judgment and also experience; and therefore,

Be it resolved by the Senate of the State of Kentucky, the House of Representatives concurring:

Resolved that the title thereof be as aforesaid.

Mr. Dorman of Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

S. B. 185. An Act to ratify and confirm the Acts of the Boards of Regents of the Western State Normal School and Teachers' College and Eastern State Normal School and Teachers' College in making sales of real estate belonging to said institution.

Said bill is as follows, viz.:

Whereas by Chapter 62 of the Acts of 1908 the General Assembly attempted to confer upon the Boards of Regents of the Western State Normal School and Teachers' College, and the Eastern State Normal School and Teachers' College, when at that date were the Western State Normal School, and the Eastern State Normal School, the power and authority to sell and convey any real estate or building owned by said institutions when said boards should regard it for the best interest of the institution so to do and to reinvest the proceeds in other real estate and buildings for the use of said schools, and whereas it appears that the act in so far as it conferred such

authority upon said Boards of Regents was and is void as violative of Section 51 of the Constitution of Kentucky, and whereas said Boards of Regents have acted pursuant to the provisions of said act and have sold and conveyed real estate and buildings between the date of the enactment of said act and the date of the enactment of said act and the date of the enactment of chapter 60 of the Acts of 1924 which legally conferred authority on said boards to sell and convey such real estate and whereas there is some doubt as to the validity of the titles to the property so conveyed, now therefore,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That the acts of the Boards of Regents of the Western State Normal Schools and Teachers' College located at Bowling Green under whatever name or title known, and the Eastern State Normal School and Teachers' College, in making sale and conveyance of real estate between the date of the adoption of Chapter 62 of the Acts of the General Assembly of 1908 and the date of the adoption of Chapter 60 of the Acts of the General Assembly of 1924 are hereby ratified and confirmed by the Commonwealth of Kentucky and every deed, lease, contract or conveyance made or executed by said Boards of Regents relating to the sale or lease of real estate is hereby declared valid with the same effect as if authority had been delegated to said boards to execute such deed, conveyance, contract or lease.

§ 2. All acts of the said Boards of Regents in relation to the sale, conveyance, leasing or contracting of any real estate are hereby declared valid the same as if said boards had been authority by the General Assembly to do and perform the acts which they have done at the time and date such acts were done and performed, and this act shall relate to any and all sales, contracts, leaseholds, deeds or conveyances made by said Board of Regents at any time previous to the adoption of this act and in the future such Boards of Regents may,

when it regards the same to be best for its school, sell and convey any real estate or building now owned by it, but the proceeds arising from such sale must be reinvested in other real estate and buildings for the use of said school.

§ 3. All acts and parts of acts in conflict herewith are hereby repealed.

Ordered that said bill be read the third time.

The constitutional provision as to the third reading of said bill at length being dispensed with, said bill was read the third time by its title and passed.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

S. B. 294. An Act relating to revenue and taxation, and defining what constitutes "residence" for purposes of taxation of intangible property.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. That any person who has had his actual or habitual place of abode in this State for the larger portion of the twelve months next preceding the date as of which an assessment is due to be made, shall be deemed a resident of this State for the purpose of taxation, and any intangible property which he may own shall be taxable therein, unless on or before that date he has changed his place of abode to a place without this State

with the bona fide intention of continuing actually to abide permanently without this State. The fact that a person who has so changed his actual place of abode, within six months from so doing, again abides within this State, shall be prima facie evidence that he did not intend permanently to have his actual place of abode without this State. Such person, so changing his actual place of abode and not intending permanently to continue it without this State and not having listed his property for taxation as a resident of this State, for the purpose of having his propery assessed for taxation within this State shall be deemed to have resided on the day when such property should have been so assessed, at his last actual or habitual place of abode within this State. The fact that any person whose actual or habitual place of abode during the greater portion of such twelve months has been within this State, does not claim or exercise the right to vote at public elections within this State, shall not of itself constitute him a non-resident of this State within the meaning of this section.

All laws or parts of laws in conflict herewith are hereby repealed.

in the manner above set out, and shall show which part of said property or interest therein, was obtained from each of said sources.

It shall be unlawful for any grantor to lodge for record, or for any county clerk or deputy to receive and permit to be lodged for record, any deed that does not comply with the provisions of this section.

Any grantor who shall lodge for record, and any county clerk or deputy county clerk, who shall receive and permit to be lodged for record, any deed contrary to the provisions of this section shall be fined not less than twenty-five dollars nor more than fifty dollars for each offense. The clerk or deputy who actually files such deed for record, shall be the one to incur the penalty of this section: Provided, that nothing in this act shall be construed to make any clerk or deputy clerk liable to the fine imposed herein because of any erroneous or false references in any such deed, nor because of the commission of a reference in any such deed, nor because of the omission of a reference required by this act where it does not appear on the face of such deed that the title to the property or interest conveyed was obtained from more than one source; and this act shall not apply to deeds made by any court commissioner, sheriff or by any officer of court in pursuance of his duty as such officer, nor to any deed or instrument made and acknowledged before the passage of this act, nor shall anything in this act be construed to invalidate any deed lodged contrary to the provisions hereof.

All fines collected under this section shall go into the common school fund for this state.

§ 2. It shall not be necessary to record chattel mortgages, deeds of trust or other instruments intended to operate as pledges, mortgages or liens upon personal property, and such instruments shall not be recorded at length, but, upon filing such instruments and indexing and entering an abstract of the facts in the Minute Book as herein below directed, in

the office of the clerk of the county court, all persons shall thereby be charged with notice therof and of the rights of the mortgagee, trustee, his or its assignee or representatives thereunder.

§ 3. The county clerk shall keep a minute book in which shall be entered an abstract of all such instruments intended to operate as pledges, mortgages or liens upon personal property, which book shall be ruled off in separate columns, with heads as follows: time of filing, name of mortgagor, name of mortgagee or trustee, date of instrument, amount secured thereby, when due, property mortgaged or pledged, and remarks; and the proper entry shall be made, immediately upon the filing of the instrument, under each of said heads.

Under the head of "property mortgaged" it shall be sufficient to enter a general description of the property, and an index shall be kept in the manner as required for pledges and mortgages of real estate.

The county clerk shall mark the original instrument filed, with the time thereof and the number and page of the book where the abstract thereof may be found, and said instrument shall be preserved as a public record of his office, filed and indexed in regular alphabetical order so as to be readily accessible for inspection.

When the debt secured by any such instrument has been paid or satisfied, or any such debt and the lien is assigned or transferred by the mortgagee, trustee, or the owner thereof, such satisfaction, assignment or transfer may be entered under the heading "remarks" in the minute book, attested by the clerk, or by a separate instrument duly acknowledged and filed in the office of the clerk, in which latter case the clerk shall note, over his attestation, under the heading "remarks," the satisfaction or assignment of the debt and lien, and which separate instrument shall be filed, indexed and abstracted in the same manner as the original mortgage.

When such mortgages or pledges are fully satisfied and paid, the clerk shall deliver the original instrument and any other instrument filed, acknowledging full satisfaction thereof, to the mortgagor or his assigns. Such delivery may be made by placing such instrument in United States Mail, postage prepaid, directed to the last known address of the mortgagor or his assigns or representatives.

In cases where the mortgage or debt is assigned or transferred by separate instrument, the clerk shall file, index, abstract and preserve such instruments or transfers, as well as the original mortgage or pledge, until the debt is fully satisfied.

§ 4. A certified copy of any such instrument filed or notation or abstract made under the provision of this act, certified under the hand and seal of the county clerk, shall be admitted in evidence as prima facie proof of its genuineness, with the same effect as the original instrument or minute book might have if introduced by the clerk or custodian thereof, but subject to be rebutted by competent and relevant testimony.

§ 5. All such mortgages, deeds of trust or pledges of personal property filed with the county clerk shall be prima facie presumed to have been paid after the expiration of fifteen years from the date of maturity of the debts secured thereby, unless the owner or holder of such debts, his agent, representative or attorney, shall, before the expiration of said period, file an affidavit in writing with the county clerk stating that such debt has not been paid and showing the amount still due thereon. If such affidavit is not filed, the clerk shall, at the expiration of said fifteen year period, either deliver such instrument to the maker thereof or destroy the same, noting such fact on the minute book under the heading "remarks."

§ 6. For filing, indexing and abstracting original mortgages or pledges of personal property the county clerk shall be entitled to a fee of One Dollar for each of such instruments, and for filing, indexing or abstracting and noting a release or

assignment, where made by a separate instrument, he shall be entitled to a fee of fifty cents, and for noting an assignment or release and attesting same in the minute book he shall be entitled to a fee of twenty-five cents.

§ 7. All acts or parts of acts in conflict herewith are repealed.

Resolved that the title thereof be as aforesaid.

Mr. Dorman of Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

S. B. 473. An Act creating in counties having cities of the 1st class a board for Aircraft Fields, etc.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. There is hereby created in each county of the Commonwealth in which there is a city of the first class a by-partisan board composed of six members, which is a body politic and shall be known as the (name of city) and (name of county) Air Board, and in such name said board may sue and be sued, contract and be contracted with, acquire real and personal

property by purchase, lease, gift, condemnation or otherwise, and may do all things reasonable or necessary to effectively carry out the work and properly perform the duties intended or required by this act.

The members of the board shall be appointed jointly by the mayor of such city and the judge of the county court of such county. One-half of the members of the board shall be of one political party, and the other half of the other political party which at the last preceding general election in such county respectively cast the highest and the next highest number of votes. Members of said board shall serve for terms of 4 years each, and until their successors are appointed and qualified. Such members shall be bona fide residents of such county.

§ 2. Members of the said board shall serve without compensation but shall be allowed any reasonable expenses incurred by them in the conduct of the affairs of said board. It shall, upon the appointment of its members, organize and elect officers. It shall elect a chairman from its members to serve for the term of one year, and it shall annually elect thereafter a chairman. The board shall have the authority to employ such agents and employes as are necessary to carry out the work and functions of said board, and to prescribe such rules and regulations as it deems necessary.

§ 3. Said board is hereby empowered and authorized to acquire either by contract, lease, purchase, gift or condemnation any land necessary or suitable for establishing airports, aviation fields and air navigation facilities in the city or county aforesaid. It is empowered to erect, equip, operate and maintain on such land such buildings and equipment as may be necessary and proper to establish, conduct and maintain said airports, aviation field or air navigation facilities.

§ 4. In order to provide money for the purchase of said lands and other property necessary for the establish-

ment of airports and aviation fields, and for the purpose of creating and equipping and maintaining necessary buildings for the needs and purposes of said airports and aviation fields, the fiscal court of the county and the general council of each city of the first class located in such county in which any such airports or aviation fields shall exist, is empowered and authorized to make an annual levy to collect a tax not exceeding 3 cents on each one hundred dollars ($100.00) worth of taxable property in such county and city respectively, as determined by the last regular assessment in the said county and city respectively. The proceeds of said tax, if any be levied, shall be turned over to the said board for the purposes set forth in this act.

§ 5. The board shall have the power to borrow money on its now credit in anticipation of the revenues to be derived from taxes or other income for the fiscal year in which same is borrowed, and for such purposes the board may pledge the taxes, if any, authorized under the provisions of this act.

§ 6. Title to all property acquired for the purposes of this act shall vest in said board, and all such property shall be held in strict and inviolable trust for the purposes of this act so long as such property is held by said board, viz., the purposes of establishing and maintaining an aviation field, aerodrome and airport, and such other purposes as are naturally incident thereto to provide for transportation by air of passengers and freight, express and mail matter and whatever else the public generally may require to be carried, as well as to provide an airport and incidentals thereto for the use of the government of the United States when required by said government in the discharge of its public duties, and said board is hereby authorized and empowered to contract with said government of the United States and with any state government for use by said governments respec-

tively of the facilities to be established by said board under the authority of this act.

The property acquired by said board under the authority of this act shall be free from all taxation, impost or assessments; State, county, district, municipal or otherwise, and said board shall have the right to sell, lease, exchange, transfer and convey any of the property acquired by it, but all such sales, leases, exchanges, transfers or conveyances of real estate must be authorized or approved by the county judge and mayor aforesaid, and the proceeds of such disposition of such property shall be held by said board in strict trust for the purposes aforesaid for which said board is hereby created.

§ 7. Because the purposes of this act and of the board hereby created are to supply to cities of the first class, and counties containing such cities, an aviation field indispensable to obtain transportation by air, and transportation by air has now become a necessity, the said board may whenever in its opinion property anywhere within the county or city in which said board is created and acting shall be needed for any of the purposes contemplated by this act, by a resolution reciting such need, direct the condemnation of such property, and the proceedings of such condemnation shall be conducted in the name of such board by the city attorney of the city aforesaid, who shall be the legal representative of the said board, and the procedure for such condemnation shall conform to the procedure prescribed by Section 2852 of Carroll's Kentucky Statutes (1915 edition) for the condemnation of property for park purposes for cities of the first class.

§ 8. All other acts or parts of acts that are in conflict or inconsistent herewith, are hereby repealed.

§ 9. If any provision or section of this act shall be held to be invalid, such fact shall not affect or render invalid any other provision or section of the act; it being the intention

of the General Assembly, in enacting this act, to enact each provision or section separately; and if any provision or section thereof shall be held to be invalid, such fact shall not affect or render invalid the remaining provisions and sections of the act.

§ 10. Because of the necessity of establishing aviation fields or airports in each county of the Commonwealth containing a city of the first class, an emergency is declared to exist and this act will take effect immediately after its passage and a approval as required by law.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

§ 1. In each county of the Commonwealth in which there is a city of the first class there shall be created a board to be composed of twelve members, which board shall be a body politic and corporate and shall be known as the "Board of Tuberculosis Hospital," and in such corporate name said board may sue and be sued, contract and be contracted with, acquire real and personal property by gift, purchase and condemnation, and may do all other things which may be reasonble and necessary to effectively carry out the work, and to properly perform the duties intended or required by this Act. The term of office of such appointive members shall be for four (4) years each. Vacancies in said board, whether occurring during the term or at the close of the term, of any member, shall be filled in like manner by the joint appointment of the County Judge and Mayor aforesaid, whose duty it shall be to make any appointment to fill a vacancy occurring during a term, or at the close of a term, within thirty days after such vacancy occurs, and if said County Judge and Mayor shall, for a period of ninety days, fail or refuse to make such appointment, the remaining members of such Board shall have the right, and they are hereby authorized to make the appointment to fill such vacancy, and the person so appointed shall serve accordingly. § 4. Said board of tuberculosis hospital shall be authorized to provide for the instruction and training of nurses and to issue diplomas to such pupils of good moral character as have attended its courses of instruction and been engaged as nurses in its hospital or under its charge for a period or

periods aggregating not less than twenty-four months and who have also passed with credit an examination proving their competency as such trained nurses to the satisfaction of said board.

That Section 3181 of Kentucky Statutes, Carroll's edition, 1922, be amended and re-enacted, by adding thereto the following:

But it is further provided, that in any instance where the assessment of any property is increased by such board of equalization, as herein authorized, any taxpayer feeling himself aggrieved by the action of said board of equalization, may appeal to the quarterly court within thirty days after the final adjournment of said board, by filing with the judge of said court a certified copy, under the hand of the clerk of said board, of the action of said board. And it shall be the duty of the clerk of such board to furnish, on demand, to any taxpayer whose assessment has been increased by said board, such cer-

tified copy of the action of said board as may be necessary for any such appeal. As to further appeals to higher courts, any person appealing to the quarterly court as herein provided shall have the same rights as are now allowed by law in civil cases. The laws governing the conduct and trial of appeals from the action of county boards of tax supervisors shall, so far as applicable, govern the method of procedure on the appeals herein provided for. Any costs of such appeals shall be adjudged against the unsuccessful party thereto. If any portion of this act is for any reason held to be invalid, such holding shall not affect the validity of the remaining portions of this act. All acts and parts of acts in conflict herewith are hereby repealed.

So that said Section 3181, Kentucky Statutes, when so re-enacted and amended, shall read as follows:

Sec. 3181. Board of Equalization—Qualifications—Compensation—Chairman and Clerk—General Powers and Duties.—There shall be a board of equalization to consist of three persons, who shall be selected by the board of commissioners. No person shall be selected as a member of said board who shall not at the time be a housekeeper and owner of real estate of the city, and shall not have been a resident thereof five years next preceding his election. Said board shall be paid such compensation as may, by ordinance, be fixed, and shall meet at a suitable place to be provided by the city on the first Monday in January of each year. They shall have power to cause all city records to be brought to them for their inspection by the custodian thereof, and if it be neces-

sary to retain them for defense, may do so by receipting therefor to the custodian thereof. They may also interrogate any city official, who shall, at their request, attend them and respond to all questions. They shall each have power to administer oaths, and they shall have power to compel the attendance of witnesses, and all persons who shall refuse to attend them or to be sworn by them, or refuse to answer any question, shall be subject to the same penalties as provided for like refusal to the assessor. They shall first compare his real estate assessment with the plat book in the auditor's office and see that every parcel of real estate in the city has been assessed, and if they find any has been omitted, shall certify the same, giving the number of parcels omitted to the city solicitor, who shall enforce the penalty provided in section 3177 against the assessor for so doing, and they shall assess the parcels omitted. They shall hear all complaints against the assessment made by the assessor and shall determine the same. They shall increase or decrease assessments on like property, to make all assessments as uniform as may be, or to place a true value on the property assessed; but no increase shall be made without notice to the person whose property is to be increased, and they may, in the assessment or real estate, increase or decrease all assessments uniformly by adding or substracting a percentage of the assessments, and a notice of such increase need not be given except by publication in the official paper of the city. Said board shall remain in session as long as the business may require, but not to exceed four weeks, unless the board of commissioners shall extend the time of the sitting of said board of equalization. A majority of a quorum may determine any question before it. No change in any assessment shall be made by erasure, but there shall be appropriate columns for all changes and additions, and the same shall be made in different colored ink to that which the assessor has used. When said board shall have completed its labors it shall prepare a statement of the gross assessment

of real property and the gross assessment of personal property, and the sum thereof, and also showing the increase or decrease, if any, in the total assessment made by them, under their signatures, which they shall return to the commissioner of public finance with all the assessment books, plats and papers received from him, taking his receipt for the same, which they shall transmit to the board of commissioners.

But, it is further provided, that in any instance where the assessment of any property is increased by such board of equalization, as herein authorized, any taxpayer feeling himself agrieved by the action of said board of equalization, may appeal to the quarterly court within thirty days after the final adjournment of said board, by filing with the judge of said court a certified copy, under the hand of the clerk of said board, of the action of said board. And it shall be the duty of the clerk of such board to furnish, on demand, to any taxpayer whose assessment has been increased by said board, such certified copy of the action of said board as may be necessary for any such appeal. Whereas, The State Highway Commission of Kentucky constructed a public highway on project No. 11, in Ohio

County, Kentucky, which work was begun in May, 1925, and completed during said year, and whereas said grade and drain of said road was constructed by Ellis and Smithers, contractors, employed by the State Highway Commission of the Commonwealth of Kentucky, and whereas said contractors acting pursuant to their contract with the State Highway Commission of Kentucky, removed from the old embankment four hundred and ten (410) feet of opening and only put in one hundred and thirty feet (130) in the road as constructed, and whereas said grade and drain was so negligently and carelessly constructed and maintained as not to have a sufficient amount of openings in the levee thereby causing the water accumulating on the north side of the levee to run through these small opening with such force as to injure and damage the lands owned by E. G. Barrass on the south side of said levee and adjacent to it, and whereas by reason of said negligent construction and maintenance the lands owned by E. G. Barrass on the south side of said road and adjacent to it were greatly injured and damaged by the waters concentrating in these small openings with such force as to wash and damage the lands owned by E. G. Barrass over which it was forced to go, thereby changing the natural course of the water and not giving sufficient openings for the water to pass through the levee without injury to the lands on the south side of said levee, and whereas the land owned by E. G. Barrass has been greatly damaged by the negligent construction and maintenance of said road, rendering his farm practically worthless, and whereas the said E. G. Barrass alleges and claims that said damge and injury to his lands was caused entirely by the negligence and carelessness of the State Highway Commission, its agents and employees in the construction and maintenance of said road, and,

Whereas, if the said injury and damage to said lands was caused by the negligence and careless of the State High-

way Commission, its agents and employees, the said E. G. Barrass should be compensated for his damage and injury to his lands; therefore,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

§ 1. That E. G. Barrass be and he is hereby authorized and permitted to sue the Commonwealth of Kentucky and the State Highway Commission of Kentucky, in the Ohio Circuit Court for such damage as he may have sustained, if any, by reason of any injury or damage to his lands through the carelessness or negligence of the State Highway Commission of Kentucky, its agents or employees, and in the event any judgment is recovered by the said Barrass in said suit for damage to his lands, same shall be paid by the Auditor by warrant on the Treasurer.

Either party to said suit may appeal from any judgment which may be rendered in the Ohio Circuit Court to the Court of Appeals, and the case may be settled and adjusted with the consent of the Attorney General of Kentucky in the same way as any other civil case.

Resolved that the title thereof be as aforesaid.

Mr. Dorman of Rules Committee moved that the vote by which said bill was passed be reconsidered and that said motion lie on the table.

Said motion was agreed to.

At the instance of the Committee on Rules, the House took up for consideration from the Orders of the Day a bill entitled:

S. B. 303. An Act to amend and re-enact Sec. 1881a-1, Carroll's Kentucky Statutes, 1922, 6th Edition, relating to the powers of fiscal court to levy taxes for the purpose of building, erecting, improving and repairing courthouses and jails.

Said bill is as follows, viz.:

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

That section 1881a-1 of Carroll's Kentucky Statutes, 1922, Sixth Edition, be amended and re-enacted so that when same is amended and re-enacted it shall read as follows:

That the county judge, county attorney and county clerk of each county, except in counties having a city of the first or

second class, are made a "building commission" for their respective counties, said commission is declared to be a corporation under the name of "The county building commissioners of.....county," (name of county to be inserted in blank) with power to sue and be sued, contract and be contracted with as hereinafter directed and is authourized to execute all necessary contracts and make such orders as may be required in discharging their duties as such corporation; one of the members of said corporation shall be elected president, another secretary, but the county treasurer may be elected treasurer of said corporation. All contracts, proceedings and orders of said corporation shall be signed by the president and attested by the secretary, and sealed with the corporate seal. Whenever a courthouse or jail or either of any county in this commonwealth is destroyed, or when any county in this commonwealth has no courthouse or jail, or either or both has been condemned by a grand jury or the fiscal court of the county as unsafe and unfit for the purposes for which it is used, or whenever any part of a courthouse or jail of any county in this commonwealth becomes in need of repair, or whenever the courthouse is not large enough to provide suitable quarters for any officers of the county, or whenever the jail is insufficient to secure or accommodate the prisoners of the county, or whenever any courthouse becomes in need of suitable fireproof vaults and equipment therein in which to preserve the records of the county, or whenever any vaults therein become insufficient to accommodate the records of the county, then in either of said events it shall be the duty of the fiscal court to direct the county building commissioners to make such contracts as they deem necessary to secure the building, improving or repair of a courthouse or jail or either within such limits as the price as shall be fixed by the fiscal court. When said county building commissioners have contracted to build or repair a courthouse and jail or either or to equip the same, said contracts shall be submitted to the fiscal court for its approval and when so ap-

It shall be the duty of the fiscal court of the county in which said building are to be erected or repaired or improved at the time of the approval of said contract to levy an annual special building tax of not less than ten cents (10 cents) on each one hundred dollars' ($100.00) worth of taxable property in said county, as shown by the last returned assessment and make an order levying and pledging the levy of said tax for such number of years as may be determined by the fiscal court and such as will raise a sufficient sum of money, which when added to any money that may be on hand, available at the time said levy is made and appropriated to said purpose to erect, improve and equip at the county seat of said county a convenient and suitable courthouse and jail or repair same, or either for said county to pay off and discharge the obligation of said contract. The fiscal court at the time of the levy of said tax shall designate for what purpose it shall be used and said tax so levied and collected shall be used only for the purpose for which it was levied and any money on hand which is appropriated for said purpose shall be used only for said purpose and if after contracts above mentioned are made and approved by the fiscal court as herein provided, and the fiscal court should refuse to levy said tax as herein provided, then said county building commissioners or any one of them or the contractors who are to build, improve or repair said courthouse or jail, or either or any taxpayer or any one else interested may by proceedings by mandamus compel said fiscal court to levy said tax and have the same collected annually and deposited with the county treasurer and the proceeds of said tax shall be collected annually and deposited with the county treasurer and said tax levy and orders for the same shall not be a county debt or deemed to be in excess of or contrary to any statutory or constitutional provision of the laws of this Commonwealth, but an indispensable, current governmental county expense fixed by law to be paid annually by taxation, and the contrac-

tor shall look solely to said annual tax levy and the revenues derived therefrom—all of which may be pledged and assigned to him in the order levying said tax made by the fiscal court—for his compensation and for the payment of said contract, and any debt created by such contract shall be the debt of said corporation and not the debt of the county and the treasurer of said county shall pay over all the proceeds from said tax levy, coming to his hands upon orders of the county building commissioners as provided for in said contract and he shall pay over all moneys in his hands realized from said tax levy or any other money which has been set aside by the fiscal court for said building purposes and as may be agreed to in said contract. No member of the county building commissioners or the fiscal court shall be financially interested in the construction of any public building in any county.

"The mere approval of such a map or plat by the board of public works or the county judge shall not be treated or held as of itself an acceptance of such offer of dedication by the public authorities of the city or county, but when said public authorities are ready to accept or improve the public ways or other easement in the territory covered by said map or plat, they shall be accepted or improved in conformity with said map or plat.

"Any person who shall lodge for record in the county clerk's office, and any county clerk or deputy of the county clerk who shall receive for record or permit to be lodged for record, any plat or map or deed or other instrument contrary to the provisions of this act, shall be guilty of a misdemeanor and be fined not less than twenty-five dollars ($25.00) and not more than one hundred ($100.00) for each offense.
